

I am in favor of urging the US Congress to pass federal legislators to protect this historic heard. While a resolution cannot require federal protections, it will provide a strong showing to Congress that these wild horses are important to North Dakotans and all Americans as an integral part of this popular park. Why are these wild horses important? Why does it matter to the public?

- **These Horses Are a Living Tribute to Theodore Roosevelt**

They symbolize Roosevelt's conservation legacy and the untamed spirit of the American West. Protecting them honors the park's namesake and his contributions to public land preservation.

- **They Have No Federal Protection**

Unlike other wild horse herds, TRNP's horses are not covered under the Wild Free-Roaming Horses and Burros Act. Without protection, they can be removed at any time.

- **Wild Horses Boost North Dakota's Economy**

These horses are a major tourism draw, bringing visitors to Medora and surrounding areas. Their removal could negatively impact local businesses and jobs.

- **Public Support Is Overwhelming**

North Dakotans and people across the country want these horses protected. SCR 4006 will encourage the U.S. Congress to recognize and act on this broad support by passing federal legislation that ensures the TRNP wild horses are protected.

Thank you for your consideration to this matter.

Sincerely,

Ashley Deasy
