

CHAPTER 15-10.3 STUDENT FEES

15-10.3-01. Definitions.

For purposes of this chapter, unless the context otherwise requires:

1. "Fee" means any monetary charge, other than tuition, that a student is assessed for a specific purpose or supplemental service.
2. "Tuition" means the monetary charge that a student is assessed in order to be enrolled in a class or program for which a student generally earns academic credit.

15-10.3-02. Mandatory fees - Fees for optional purposes or services - Publication for comparison purposes.

The state board of higher education shall publish on its website in a clear and comprehensible form that allows for ease of comparison among all institutions under its control:

1. The amount of mandatory fees that each institution has determined it shall assess each full-time and part-time student during the ensuing academic year, together with a breakdown of the fees by purpose or service;
2. The amount of any program-specific fees that each institution has determined it shall assess each student in a particular program during the ensuing academic year; and
3. The amount of fees for optional purposes or services that each institution has determined it may assess a full-time or a part-time student during the ensuing academic year, together with a breakdown of the fees by purpose or service.

15-10.3-03. Mandatory fees - Limitation on increases - Exemption.

1. The total amount of mandatory fees, other than program-specific fees, which an institution under the control of the state board of higher education assesses each full-time and part-time student, may not increase from one academic year to the ensuing academic year by more than one percent of the latest available average full-time, resident, on-campus, undergraduate tuition rate at that institution, unless the state board determines that an exemption from the requirements of this section is necessitated as a result of student demand, as evidenced by a campuswide student election or formal action by an institution's student governing board or committee.
2.
 - a. Before mandatory fees on students may be increased to support the construction or renovation of a campus building valued at more than one million dollars, the use must be approved by a majority of the students voting on the question at a campuswide election.
 - b. This subsection does not apply to any construction or renovation for which the use of mandatory fees was authorized before July 1, 2013.

15-10.3-04. Mandatory fee increases - Criteria - Explanation.

1. Before the state board of higher education may approve an institution's request to increase a mandatory fee, other than a program-specific fee, the institution shall provide to the board the following information:

 - b. The specific purpose to which the generated revenue will be allocated;
 - c. Other anticipated tuition and fee increases;

 - e. The extent to which students were allowed to participate in the decisionmaking process that preceded and resulted in the request for a fee increase; and
 - f. The approximate number of students that would be assessed the fee each year.
2. The board shall examine the information provided by the requesting institution and shall support its decision to grant or deny a request for a mandatory fee increase with specific reference to each piece of information required by this section.
