HOW A BILL BECOMES LAW

A GUIDE TO LAWMAKING IN NORTH DAKOTA

Provided by the
North Dakota Legislative Council

HOW A BILL BECOMES LAW

1. Overview

North Dakota's biennial Legislative Assembly, composed of the House of Representatives and the Senate, is responsible for enacting laws and appropriating money necessary to operate the state government. Under the Constitution of North Dakota, the Legislative Assembly convenes the 1st Tuesday after the 3rd day in January during odd-numbered years and may meet for up to 80 legislative days during the biennium.

2. Bill Preparation

The Legislative Council—a nonpartisan staff of legal, fiscal, research, and administrative staff—researches and drafts bills for the Legislative Assembly.

3. Bill Introduction

Only members of the Legislative Assembly or state agencies, boards, and commissions can introduce a bill. After the preliminary business of opening a session, the presiding officer (the Lieutenant Governor in the Senate or the Speaker in the House) calls for an introduction of bills in each chamber.

4. Bill Number Assignment

After submission, the bill clerk assigns each bill a number. The Constitution of North Dakota requires every bill to be read on 2 separate days.

5. Committee Assignment & Introduction

After a bill has been assigned a bill number and the first reading has occurred, the bill is assigned to the corresponding House or Senate committee based on the subject matter of the bill.

6. Public Hearings

Upon arriving in committee the bill receives a public hearing, which typically includes an explanation of the bill, input from the public, and committee discussion.

7. Committee Recommendation & Report

After receiving public input the committee makes a recommendation on the bill and reports the bill back to the House or Senate. The committee may report the bill:

- Favorably;
- Unfavorably;
- With or without amendments;
- Without any recommendation; or
- Request the bill be rereferred to another committee, with or without amendments.

8. Calendar Placement & Consideration of Amendment

All bills, regardless of type of committee report, will be placed on the calendar for final passage.

9. Floor Debate

After a bill has been referred out of committee, and any amendments recommended by the committee either have been adopted or rejected by the house in which the bill was introduced, the members of the house in which the bill was introduced debate the merits of the bill and advocate for the defeat or passage of the bill.

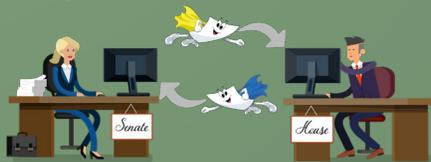

10. Chamber Consideration

- After the floor debate has concluded, members of the house of introduction will vote to either pass or defeat the bill.
- If a bill is defeated it does not proceed any further through the legislative process.
- If the bill passes, the bill is delivered (messed) to the second house.

11. Second House Consideration

- The second house takes the same steps taken by the house of introduction to refer the bill to the proper committee for discussion, public input, and committee recommendations.
- If the second house passes the bill in the same form in which it was passed by the house of introduction, the bill is enrolled, signed by the presiding officers, and sent to the Governor.

- If the second house adopts amendments to the bill, and passes the bill as amended, the bill is sent back to the house of introduction for concurrence.
- If the house of introduction concurs with the changes made by the second house, and passes the bill as amended, the bill is enrolled, signed by the presiding officers, and sent to the Governor.
- If the house of introduction does not concur with second house changes, conference committees will be appointed.

12. Conference Committee

- A conference committee consists of three members appointed from each house. The members of the conference committee discuss the bill and attempt to come to an agreement on the final language of the bill.
- A conference committee report containing the committee's recommendations is forwarded to each house when at least two of the three conference committee members from each house come to an agreement.

13. Enrollment

After the bill is approved by the House and the Senate, the bill is enrolled, signed by the presiding officers, and sent to the Governor. If signed, or sent to the Secretary of State without being signed, the bill becomes law on August 1, or July 1 for appropriations bills or revenue measures.

14. Veto Override

If the Governor vetoes a bill, the Legislative Assembly can override the veto with a 2/3 majority vote in each house.

15. Voters' Referral

Article III of the Constitution of North Dakota allows any group of 25 North Dakota voters to put a bill passed by the Legislative Assembly on the ballot to ask voters to reject the bill. This is called referring a measure. If a majority of votes on the referred measure are affirmative, the bill is rejected and is not law.

16. Initiated Measure

The Constitution of North Dakota preserves ordinary citizens' rights to make and reject laws. Any group of 25 North Dakota voters may collect signatures to put a new statute or constitutional provision on the ballot. This is called initiating a measure. If a majority of votes on the measure are affirmative, the measure becomes law.
