Minutes:

**Summary of HCR Resolution 3019: Relates to the Oilseed Council and changes in its membeship.**

**Rep Monson: Need to solve a problem that has been developing over the past few years. I am a canola producer as many of my neighbors are. With the increase in the canola acres across the state it almost equals the acres of sunflowers and the canola producer feel they should have as much representation on the Oilseed Council as the Sunflower producers do. Figure its bit enough problem that we should have a study done over an interim and see what solution they can come up with.**

**Rep Nowatzki : As co-sponsor of bill feels Rep Monson did a good job of representing the resolution.**

TESTIMONY FOR HCR 3019

PREPARED BY DAVID MONSON

JANUARY 28, 1999

Good morning Chairman Nicholas and members of the House Agriculture Committee.

The resolution before you today is an attempt to study a problem that has developed over the past few years. With the increase of canola acres across the state to a nearly equal level with sunflowers, the canola producers feel it is time for the Oilseed Council membership to more equally represent the canola producers. At present the Oilseed Council is made up of sunflower producers from designated areas around the state, while canola has one producer representative appointed by the governor. The canola producers are generating a large number of dollars with their check off. They also have numerous needs and problems, some similar to sunflower and other oil seeds, but some unique as well. The canola producers would like more representatives on the Oilseed Council. I considered a bill to make the various sunflower districts generic oilseed districts. I discovered, however, that this would hurt North Dakota's representation on the National Sunflower Council. This is not our intent. I also do not think a separate Canola Council is necessary or cost effective. I really have no solid solution and want to work with the other oilseed producers to come to a consensus on how to solve the canola problems. Therefore, I would urge you to look favorably upon this resolution and give it your support.

Thank you.
