Minutes: Vice-Chair Severson opened the hearing on HB1332 relating to counties not issuing refunds of taxes or fees unless the amount refunded is \$5 or more.

Wade Williams, ND Assoc. Of Counties : here in support of HB1332. (SEE ATTACHED)

Rep. Kretschmar : Why can't you do like the fed's do and say on the form that anything under five dollars will not be refunded or if under five dollars is owed, you don't have to pay it?

Wade : Can't do that. It's in the constitution. I agree with you, though.

Rep. Grosz : (4360) Do you foresee any other uses for the petty cash fund?

Wade : Don't see any.

Rep. Disrud : Do you have to write a check.

Wade : I guess we can give it out from petty cash for the small amounts.

Rep. Dennis Johnson, Dist 12 : I'm the prime sponsor so please give a do pass on this.

Vice-Chair Severson : Any more testimony for or against? Hearing none, HB1332 is closed.

Minutes:

The hearing was opened on HB1332 which relates to counties not issuing refunds of taxes or fees unless the amount to be refunded is five dollars or more. All senators were present except for Senator Flakoll.

WADE WILLIAMS, Association of Counties. See attached written testimony.

REPRESENTATIVE D. JOHNSON: This bill is dealing with fees or overpayments of fees, refunds and if they are less than five dollars it wouldn't have to be refunded. It gets to be a lot of expense just involved in dealing with these small amount of fees. Its been more money and time with dealing with the small amount of fees, its been more money and time. WADE WILLIAMS: now spoke in support of HB1332. See attached testimony. To give you some or an example of a survey done from various counties from the largest Cass to the smallest Dunn. They estimate in a range from in office time, employee time, paper work, writing up the checks, stamps, the due diligence that is needed to try and contact these people ranges in cost to the treasurers' office

anywhere from \$15 to \$25. That does not include the need to ask the bank to stop payment on the check that was sent to the person and the cutting of the new check to Unclaimed Properties. So if you include the stop payment cost and those costs in talking with bankers, ranges anywhere from \$10-20 per check. So your looking anywhere from \$30-45 in the cost that the county expends on a check that is written for \$4.90 and lays there for two years. Then we have to start doing Do Diligence on it. SENATOR WATNE: As a part of your testimony did I catch that the Department of Unclaimed Property doesn't handle anything less than \$50? WADE WILLIAMS: They do handle the items under \$50, but they do not keep track of anything. So they do not know how many \$5 checks they have in Unclaimed Properties, I mean right off the bat. I am sure they could do the research to get the information, but it is not something that they track on a day to day basis. SENATOR MATERNA: In keeping with tying in with what the state does with the remitting and the refunding, are you considering then or do you have it in existing legislation where you won't require something to be sent in if its less than five dollars? WADE WILLIAMS: It is a little difficult when it comes to property taxes, because of the constitutional and other statutes. You have to pay your property taxes, otherwise if there is a tax delinquent against you and your taxes are sold so that it is a little difficult not to ask for that money, for purchases. I thought of that when we came up with this idea, there is just no way that we can see that we cannot have it remitted, because it affects the individuals property tax.

2001 TESTIMONY

HB 1332

**TESTIMONY TO THE
Senate Political Subdivision Committee
Prepared February 2, 2001 by the
North Dakota Association of Counties
Wade Williams, NDACo Government Relation**

Concerning House Bill 1332

Chairman Cook and members of the committee, I am here today to express the counties and county officials support for HB 1332. County Auditors and Treasurers feel strongly that there should be a minimum amount that needs to be refunded.

There are a lot of small refund checks that are written from the Treasurers office. Many are from overpayment of taxes, and some are from the Register of Deeds for an overpayment of filing fees. The amount that is written varies from county to county. The amount refunded ranges from any amount to five dollars. The excess amount is usually receipted into the General Fund; some counties are putting it into "petty cash" to be used for taxes that are slightly underpaid.

It is easy to see that each county throughout the state has random refund amounts and experience confusion on how to handle these minor refunds. There is nothing in the statute to guide us in the refunding of overpayments, other than to refund the entire amount no matter how small. After these small checks are written they remain outstanding for an extended period of time. Each month these amounts are carried over, and documented in the bank reconciliation done by the Treasurer. After two years, any uncollected checks are sent to Unclaimed Property Division. They are held there indefinitely or until claimed by the recipient. A request was made of Unclaimed Property for a list or at least a number of properties that were under five dollars, and I was told that the Division tracks nothing lower than fifty dollars.

As you can see, the time involved in handling the refund checks are substantial, not to mention the cost of the whole process. If the minimum amount for the refund was raised to five dollars, the recipient may be more inclined to deposit the refund check. By passing this legislation, we can bring uniformity across the state to the procedure of refunding small amounts.

Thank you Mr. Chairman and members of the committee, we ask that you give a "Do Pass" to HB 1332.
