Minutes:

The hearing was opened on HB1335 which relates to canvassing school district election results.

SENATOR DEVER - Sponsor was here in the committee. REPRESENTATIVE BELLOW:

Introduced and supporter of HB1335. CORY FONG: Secretary of State's Office, explained the miscellaneous sections of law that needed to be clarified and cleaned up pertaining to the conduct, administration and canvassing of city and school district elections. Many of these changes are considered kinds of mechanical changes that still need to be made because of the combination of joint elections which was made during the 1993 session. The first round of joint elections between cities and counties was the 94' cycle. Since that change we continue to find little clean up sections of the law that will make the combination and the administration of joint elections between cities and counties much easier. Also something that may be of interest to you is school districts are not required to hold joint elections with counties, but they may enter into an agreement. Again that is part of this, to, provide a little bit more efficient process when they

do choose to do that. I urge a Do Pass on 1335. SENATOR MATHERN: Was their discussion, if with the school boards or any of the administration? I had sat in on a couple Fargo School Board meetings and I know they made some policy change regarding elections and all. I was just curious if this was discussed with them or how you'll notify them? CORY FONG: Yes, the school boards are, they are not here today, I don't see them, but they have been supportive of this bill. Again, these are changes that we have thought out because of the joint election that now exists and they are supportive of the changes. SENATOR MATHERN: Grammatical, more so, on Page 2, Line 16 the language a lot of it "take and come over here", so there where it says refusal to take and file an affirmation, would it be better to say "refusal to file an affirmation or take an oath of office"? CORY FONG: I think the point is the same and if you choose to make that change we wouldn't have any problems with that. I'll explain a little bit about this particular section, now that you bring it up. This was a section that actually was made or changed in the 1999 session. But if you remember there was a whole rewrite of the code pertaining to education. They moved everything from 15 into 15.1:09. And so we made this change, it passed, but they eliminated the section that we changed. And so we had to go in this session and make sure where it reappeared in 15.1 that it now gets changed to 15. This is the same language that got passed in 1999, but if you think that is more grammatically correct we can clean it up. SENATOR MATHERN: Its' okay, as defined. SENATOR WATNE: I noticed the state House amended in changing the 30 to 55 days, was there a specific reason for that? CORY FONG: Yes, Jerry Hjelmsted from the ND League of Cities, testified that perhaps that would be a more logical time because 55 days is the across the board deadline for ballot preparation. That way that is the day that everyone can remember, 55 days before the election, we have to certify the ballot with the

county auditors and therefore so should the subdivisions certify the things that should go on the ballot if they are going to have combined election. I think that the 55 days provides more time and makes a heck of a lot more sense. So we agreed to those amendments. And I see the way they marked your bills, that's pretty neat, that you know where the amendments all came in from.

JERRY HJELMSTED: North Dakota League of Cities. The sections here with the bill does add some clarity to some areas that have some confusion before. On the one section where we did go to the 55 days, currently candidates for city office are required to turn their petitions in to the city auditor 60 days before the election. The auditor has five days to arrange that ballot and get it to the county. That's why we choose the 55 days. And then also the county is responsible for getting those ballots prepared for absentee ballot requests sometime before the election they have to be available. They did want to have that time frame to make sure that those ballots would be available for absentee requests.

SENATOR POLOVITZ: Jerry, a question that I have here, in a lot of these we say, you use the term commissioners and in Grand Forks we use council. Is this the same thing?

JERRY HJELMSTED: No, this would be a different section of the law. The council section of the code was clearer that they would take office the fourth Tuesday in June following the election. The commission for some reason in the language wasn't quite as clear so we, they put this in here commencing on the fourth Tuesday for commissioners also, so it would be uniform.

SENATOR POLOVITZ: Your talking about county then?

JERRY HJELMSTED: No, this is for city commissioners. The two forum is the city commission forum which we have about 30 cities in North Dakota that have a commission forum and the council forum. In the council section of the code it is very clear that they take office on the fourth Tuesday. The organizational meeting. This makes it uniform for both.
