THREE	A		00 TO 440
Committee Clerk Signature <i>Edward A. Clayton</i>			

Minutes:

IA: VICE CHAIRMAN JOHNSON: WE WILL OPEN THE HEARING ON HCR 3016

KEITH KEMPENICH HCR 3016 is a pretty simple resolution. Problems arising where the market and crop insurance are not providing adequate computability on managed risk. Basically this resolution is directed towards Federal Crop Insurance. These are the people that make the rules in federal crop insurance. Quality standards. That is what this resolution is directed at is there is a disparity of what the industry standards are and where Federal Crop standards are.

MIKE With the Grain Dealers: I am the second vice president. I also manage an elevator in Voltaire. I am here today to support HCR 3016. We as grain dealers have noticed how the inequivalencies of crop grading standards have been a hard ship for honest hard working farmers. I think that a problem is the standard for damage on durum is like 30 percent damage in order to collect crop damage. In feed they want a maximum of 20 percent.

VICE CHAIRMAN JOHNSON: Any other questions. Others to offer support of HCB 3016.

Any opposition? WE WILL CLOSE THE HEARING ON HCR 3016

TAPE 3 THREE.....SIDE AMETER 3'S 0--440

VICE CHAIRMAN JOHNSON: We will reopen the hearing on HCR 3016.

Representative Brandenburg moves for a motion to DO PASS AND IT WAS SECONDED BY REPRESENTATIVE KINGSBURY.

REPRESENTATIVE LEMIEUX: The difference as to a short conversation that took place is that HCR 3001 and HCR 3016 is that 3001 is addressing the marketing of grain into the systems where as 3016 is addressing Federal Crop Insurance. Their rating standards and grain grading. 3001 dose not at all address the crop insurance. Risk management is crop insurance.

VICE CHAIRMAN JOHNSON: We will take the Roll on a DO PASS ON HCR 3016.

'There were '13 yes...0 no.....and 2 absent''

Representative Renner will carry HCR 3016. 1A:440

Committee Clerk Signature 				

Minutes:

March 16, 2001

REP. KEMPENICH; Sponsor, introduced the resolution to the committee. Introduced to try and bring some attention to some of the problems we've had between how crop insurance companies do things and how the industry does their grading. It makes it tough to do any kind of risk manage with crop insurance on this quality issue. The resolution will do is go to USDA or the people who will make them aware that we are not happy with what they have set up on these quality issues. Risk Management Agency may have to be inserted into this resolution.

SENATOR URLACHER; You were a crop insurance adjuster and are familiar with this?

REP. KEMPENICH; Yes. These problems need to be addressed a little better.

The hearing was closed.

March 29, 2001

Discussion was held.
