Minutes: Chairman R. Berg, Vice-Chair G. Keiser, Rep. M. Ekstrom, Rep. R. Froelich, Rep. G. Froseth, Rep. R. Jensen, Rep. N. Johnson, Rep. J. Kasper, Rep. M. Klein, Rep. Koppang, Rep. D. Lemieux, Rep. B. Pietsch, Rep. D. Ruby, Rep. D. Severson, Rep. E. Thorpe.

Re Merle Boucher, Sponsor **Written testimony** This directs Congress to look at the offset of Social Security Insurance.

Dave Kemnitz: *AFL/CIO* I support this bill as is.

Rep Froseth: What is the dollar amount of injured workers?

Kemnitz: There are more than 700 employees that are benefactors.

Rep Ekstrom: Have other states incorporated this?

Kemnitz: North Dakota would be the leader.

Dave Tieley: Neutral testimony. The offset was to avoid duplication of benefits. Approximately 50% of federal benefits are offset. Social Security has nothing to do with PPD.

Chairman Berg: If an employee is being reimbursed twice for the same injury from Social Security and from the Workers Comp Bureau it is better for the worker if ND pays them rather than Workers Comp.

Rep Lemieux: I'd like to see the fiscal note for Workers Comp Bureau on an annual basis.

Chairman Berg: We'll close the hearing

Minutes:

The meeting was called to order. All committee members, except Senator Tollefson, present. Hearing was opened on HCR 3034 urging Congress to eliminate the Social Security disability insurance offset and supplemental security insurance offset for recipients of workers' compensation benefits.

**David Kemnitz**, NDAFL-CIO, same resolution as one presented in Senate. Social Security requires that if ND WCB does not offset they will do it at a higher rate. Social Security views payments as wage replacement and its not, it is an award for loss of use of a part of your body. They view it as income and offset this one time award unfairly. This resolution addresses that concern.

**Representative Merle Boucher**, District 9, co sponsor. Written testimony attached. A premium was paid by employer and employee to social security, a premium was paid to workers' compensation by employer on behalf of employee, generated by employee's work and when the

employee is injured because he/she has income from two sources, income from one source is reduced. I find this to be wrong because a premium was paid for a benefit and employee entitled to full benefits. If people are retired they can receive income from different sources without reductions, why can't injured workers be treated the same?

**Julle Leer**, WCB, to answer questions.

**Senator Mutch**: What would be the impact on the fund?

**Julle Leer**: We have not put together the information because of the nature of the resolution.

**D Kennnitz**: No fiscal impact until next session if Congress abolishes offset.

**Senator Epegard**: What percent is offset?

**J Leer**: Fifty percent is offset by the bureau (of the social security amount). Social Security administration does not recognize it as a wage replacement benefit so they offset the impairment payments.

No opposing testimony. Hearing closed.

Tape 2-A- 17.1 to 18.2 Discussion held. Amendment is forthcoming.

March 06/01 Tape 2-A-4.1 to 2.8

Committee reconvened. All members present. Discussion held.

**Senator Klein** presented an amendment to limit the scope of this resolution to permanent partial impairment. As it is now it is identical to SCR 4024. With the amendment it would be different and that way everybody maintains their authorship.

**Senator Krebsbach**: What would be the fiscal impact?

**Senator Klein**: I think it would add twenty five thousand a week. If both resolutions pass the impact would be seventy five thousand/week.

**Senator Klein** moved to adopt amendment and withdrew the motion after committee members

requested more time to study the amendment and the fiscal impact.

PROPOSED AMENDMENTS TO HOUSE CONCURRENT RESOLUTION NO. 3034

Page 1, replace lines 16 and 17 with:

"WHEREAS, an employee injured on the job may receive a permanent partial impairment benefit from North Dakota Workers Compensation based on the injured worker's loss of use of a body part due to the work injury; and

WHEREAS, unlike other states, a permanent partial impairment award in North Dakota is not based on wages lost or on the worker's ability to do his or her job; and

WHEREAS, the social security administration also offsets North Dakota workers' compensation permanent partial impairment awards against social security disability payments even though the permanent partial impairment awards are not disability benefits; and

WHEREAS, the offset of permanent partial impairment awards results in a substantial loss of benefits to the injured worker;"

2001 TESTIMONY

HCR 3034

Testimony For House Concurrent Resolution No. 3034  
Prepared for the House Industry, Business and Labor Committee  
Rick Berg, Chairman  
Monday - February 12, 2001

Good morning Chairman Berg and members of the House Industry, Business and Labor Committee. For the record I am Merle Boucher a member of the North Dakota House of Representatives from District Nine.

House Concurrent Resolution No. 3034 urges Congress to eliminate the Social Security Disability Insurance Offset and Supplementary Security Insurance Offset for recipients of Worker's Compensation Benefits.

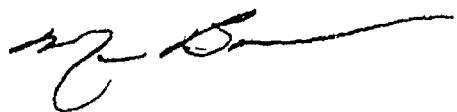

Current Federal Law requires that when an individual receives worker's compensation benefits and supplementary security insurance benefits simultaneously one or the other must be offset. Simply one of the two benefit amounts must be reduced.

No other federal program reduces benefits due to the fact that recipients also receive state benefits. It is not very likely that a benefit is reduced under circumstances where a benefit is being received from a private carrier in addition to a public benefit.

House Concurrent Resolution No. 3034 is directing Congress to become consistent with other programs and what is done as a matter of standard practice in both the public and private sector.

Members of the House Industry, Business and Labor Committee I  
recommend that you give HCR 3034 your favorable support. Thank You.
