**Testimony HB 1076
Government and Veterans Affairs Committee
January 10, 2003**

Good morning Mr. Chairman and members of the House Government and Veterans Affairs Committee.

I'm Sheila Peterson, the Director of the Fiscal Management Division of the Office of Management and Budget.

HB 1076 was submitted at the request of OMB. To briefly explain this bill, OMB is required to submit the budget data to the Legislature during the organizational session. You may recall that on December 4, immediately following the governor's budget address, we gave each of you a budget book.

In addition to requiring OMB to provide the budget documents, the statute also requires that all the appropriation bills be done as well.

Because it is such a major effort to put together the budget publications, we have always asked the Legislative Management Committee for a one-week extension on submitting the appropriation bills. The Legislative Management Committee has always granted our request for an extension.

This year when I went to the Legislative Management Committee to ask for the one-week extension, Mr. John Olsrud and Mr. Jay Buringrud suggested we just change the statute. And this is what this bill represents.

Mr. Chairman, I would be happy to answer any questions.
