Minutes: Chair Kelser opened the hearing on HB 1149, the purpose of which relates to WCB's subrogation interests and to declare an emergency. Rep. Froseth who is co-sponsoring this legislation introduced the bill to the committee.

Brent Edison, Executive Director and CEO of Workers Compensation Bureau appeared to testify in support of the legislation and to walk the committee through the various sections.

(See attached)

Rep. Ruby asked how the "opt out" in Section 1 differs from the "opt out of third party action" from last session. Edison replied that there is no opt out except in medical malpractice suits.

In response to Rep. Ekstrom's question for the emergency clause, Derek Watkins, OMB Risk Management, stated that Section 2 strikes the sunset clause and makes the consolidation of all state agency accounts a single workers comp account permanent law.

Marv Skar appeared in support of HB 1149.

As no one appeared in opposition to HB 1149, Chair Kelser closed the hearing.

Minutes: Chairman Kelsner called for committee work on HB 1149.

Connie Sprynczynatyck, Executive Director of the ND League of Cities, distributed copies of the proposed amendment which addresses covering emergency or disaster volunteers under WCB protection after training and during implementation.. Community Emergency Responder Team members (Neighborhood Watch, for example) are also now included in this legislation. This amendment also extends the dates for which these changes will apply.

Rep. Froseth asked if training sessions are federally funded emergency programs due to 9/11 to which Sprynczynatyck explained the grant funds that were received for implementation of Community Emergency Response training was through supplemental appropriations of the 2002 budget. Replying to Rep. Froseth's question about responsibility for payment of premiums at WEB for this Sprynczynatyck replied that local jurisdictions organized into CERT Teams will pay on a per capita basis for adequate coverage. Brent Edison, Executive Director of Workers Compensation Bureau, stated that the Bureau stands in support of these amendments.

The micrographic images on this film are accurate reproductions of records delivered to Modern Information Systems for microfilming and were filmed in the regular course of business. Hearing Date 1/22/03

Rep. Doseh questioned whether WEB is capable of covering any huge catastrophes or terrorist events to which Edison stated that the Bureau's has reinsurance policies as well as a recent federally funded stop gap legislation passed and signed by the President Bush. Responding to Rep. Klein, Edison stated that WEB has no objection to declaring the whole bill an emergency. Chairman Keiser asked that Klein's suggestion and the handwritten component be drafted and incorporated into the amendment. He also asked for a fiscal note from WCB. Chairman Keiser closed the committee work session for this morning so that the House IBL Committee can attend the JSND presentation.

Chairman Keiser called for continued committee work on HB 1149. Ann Jorgenson Green, Counsel for WCB/WSI, walked the committee through the proposed amendment. Jody Bjornson, WSI/WCB, took the podium to call attention to Section 15 that contains the emergency clause language suggested by Rep. Klein, who moved a do pass on adopted the amendments. Rep. Johnson seconded the motion. A voice vote carried this motion. Rep. Thorpe moved a do pass, seconded by Rep. Boe.

Results of the roll call vote were 12-0-2.

Rep. Nottestad will carry this bill on the floor.

The micrographic images on this film are accurate reproductions of records delivered to Modern Information Systems for microfilming and were filmed in the regular course of business. 2. Narrative: Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.

**NORTH DAKOTA WORKERS COMPENSATION
2003 LEGISLATION
SUMMARY OF ACTUARIAL INFORMATION**

BILL DESCRIPTION: Policyholder Services and Loss Prevention

BILL NO: HB 1149

SUMMARY OF ACTUARIAL INFORMATION: North Dakota Workers Compensation, together with its actuary, Glenn Evans of Pacific Actuarial Consultants, has reviewed the legislation proposed in this bill in conformance with Section 54-03-25 of the North Dakota Century Code.

The proposed legislation allows the director to opt out of participation in a third-party action; eliminates the sunset date for the consolidated state agencies account; clarifies information contained in employer certificates of coverage; allows for limited release of information from employer files; provides for personal liability of a partner in a limited liability partnership for failure to pay premiums; clarifies penalties for failure to secure workers compensation coverage; allows NDWC to impose a penalty for an employer's failure to pay medical assessment within 30 days from date of billing rather than 90 days; allows an employer with an NDWC approved risk management program to select a preferred provider to render medical treatment; clarifies coverage for volunteer disaster emergency trainees; and repeals Chapter 65-14 of the NDCC relating to hazardous substances.

FISCAL IMPACT: Anticipate no significant change to rate and reserve levels.

DATE: January 6, 2003

3. State fiscal effect detail: For information shown under state fiscal effect in 1A, please:

A. Revenues: Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.

The micrographic images on this film are accurate reproductions of records delivered to Modern Information Systems for microfilming and were filmed in the regular course of business. Renumber Accordingly

Upon request by the bureau, the disaster emergency organization of a municipality shall provide the bureau with its roster of registered community emergency response team members.

SECTION 10. AMENDMENT. Section 65-06-01 of the North Dakota Century Code is amended and reenacted as follows:

65-06-01. Volunteer firefighter, emergency or disaster volunteer, community emergency response team member, in training defined. The term "volunteer firefighter" means any active member of an organized volunteer fire department of this state and any other person performing services as a volunteer firefighter for a municipality at the request of the chief or other person in command of the fire department of that municipality or of any other officer of that municipality having authority to demand service as a firefighter. Firefighters who are paid a regular wage or stipend by the municipality for serving as a firefighter, or whose entire time is devoted to service as a firefighter for the municipality, for the purpose of this chapter, are not volunteer firefighters.

The term "emergency or disaster volunteer" means any person serving without remuneration who is actively engaged in training to qualify as a disaster emergency worker or is responding to an emergency, disaster, or enemy attack on this country, and who is registered with the disaster emergency organization of a municipality, which has been officially recognized by the director of the state division of emergency management.

The term "in training" means only those periods of time during which an emergency or disaster volunteer is receiving instruction, or is engaged in exercises or operations, in preparation for qualification as a disaster emergency worker in the event of an emergency, disaster, or enemy attack on this country.

The term "community emergency response team member" means a person registered as a community emergency response team member with the appropriate authority. For purposes of this chapter, a community emergency response team member is acting as a community emergency response team member only when the individual is receiving approved community emergency response team training or is acting as a member of a community emergency response team in an emergency or disaster.

The term "municipality" when used in reference to emergency or disaster volunteers means the state, cities, counties, municipalities, districts, or any other

geographical entity of this state. This definition is not in any way intended to alter any interpretation or ruling in regard to the use of the term "municipality" when used in reference to volunteer firefighters.

SECTION 11. AMENDMENT. Section 65-06-02 of the North Dakota Century Code is amended and reenacted as follows:

65-06-02. Volunteer firefighters, emergency or disaster volunteer, and community emergency response team members declared employees - Covered by workers' compensation - Termination. Volunteer firefighters, emergency or disaster volunteers, and community emergency response team members are employees of the municipalities which they serve and are entitled to the same protection and rights under the provision of this title as are full-time paid employees of those municipalities.

SECTION 12. AMENDMENT. Section 65-06-03 of the North Dakota Century Code is amended and reenacted as follows:

65-06-03. Compensation benefits - How determined. The basis of compensation and benefits to be paid to volunteer firefighters, emergency or disaster volunteers, and community emergency response team members under the terms of this chapter shall be determined in accordance with the provisions of section 65-06-09; provided, however, that the weekly wage of the claimant shall be determined from a computation of income derived from the claimant's business or employment.

SECTION 13. AMENDMENT. Section 65-06-04 of the North Dakota Century Code is amended and reenacted as follows:

65-06-04. Assessment of premiums. For the purpose of making assessments of premiums to be charged against municipalities for protection of volunteer firefighters, emergency or disaster volunteers, and community emergency response team members, the bureau shall make such survey as may seem advisable to ascertain the probable annual expenditures necessary to be paid out of the fund to carry out the provisions of this chapter, and shall fix the annual charges and assessments which shall be made against municipalities employing volunteer firefighters, emergency or disaster volunteers, and community emergency response team members. Such a charge shall be a fixed sum for each one hundred of the population of the municipality involved, the

same to be uniform as to all such municipalities but in proportion to the population thereof. In determining the amount of premium charge, the bureau may apply the system of experience rating provided in this title, as applied to other risks. The bureau may also establish a minimum charge or assessment to be applicable to municipalities where the fixed rate or charge multiplied by the number of hundreds of the population thereof would amount to less than the amount of such a minimum charge or assessment. The population of a municipality shall be that shown by the latest official North Dakota state or United States government census, whichever may be the later.

SECTION 14. REPEAL. Section 65-04-19.2 and chapter 65-14 of the North Dakota Century Code are repealed.

SECTION 15. EMERGENCY. Sections 2, 10, 11, 12, 13, and 14 of this Act are declared to be emergency measures.

TESTIMONY

HB 1149

Representative Glen Froese
District 6

Chairman Keiser and members of the IBL Committee, HB 1149 is presented in behalf of Workers Compensation for your consideration.

This bill is an initiative which provides the Workers Compensation Bureau Director the discretion to opt-out of participation in a third-party action;

eliminates the expiration date (June 30, 2003) for the state entities account; provides that an employer certificate of coverage may indicate the employer has paid the minimum premium and has estimated no wages for the period indicated on the certificate;

allows the Workers Compensation Bureau to disclose the status of an employer's account and provides for the release of employer information to state and federal agencies; allows for personal liability of a partner in a limited liability partnership for the failure to pay premiums or file premium reports;

clarifies the mechanism by which decisions are made that affect employer accounts;

amends and clarifies the penalty structure for the failure to secure Workers Compensation coverage;

allows the Workers Compensation Bureau to bill and impose a penalty for an employer's failure to pay the established medical assessment within 30 days from the date of billing rather than the current 90 days from the date of billing;

allows an employer in any approved risk management program to select preferred providers to render medical treatment; extends existing Workers Compensation coverage for volunteer disaster emergency trainees;

repeals section 65-04-19.2 and Chapter 65-14.

Chairman Keiser and Committee, with us today are representatives of Workers Compensation who are here to further explain the bill and answer any questions the committee may have.

I believe these are good changes and urge a favorable consideration for HB 1149.

Thank you.

**2003 House Bill No. 1149
Testimony before the House Industry, Business, and Labor Committee
Presented by: Brent J. Edison
Executive Director & CEO
North Dakota Workers Compensation
January 21, 2003**

Mr. Chairman, Members of the Committee:

My name is Brent Edison and I am the Director and CEO of North Dakota Workers Compensation. I am here today to testify in support of 2003 House Bill No. 1149. This bill proposes changes to several statutes regarding subrogation and policyholder services. The Workers Compensation Board of Directors unanimously supports this bill. I will address the proposed changes section by section.

(Section 1). In 1997, § 65-01-09 was amended to permit the Director of Workers Compensation to opt out of a medical malpractice action. The proposed amendment would permit the Director to opt out of any third-party action. This discretion is requested to avoid the expenditure of funds in actions in which it is determined the costs of participation outweigh the benefits.

(Section 2). Section 65-04-03.1 is a result of legislation passed by the 2001 Legislative Assembly. This legislation consolidated all state agency accounts into a single workers compensation account. Because this consolidation has been successful, the proposed amendment simply removes the sunset clause, making § 65-04-03.1 permanent law. Section 65-04-03.1 is scheduled to expire on June 30, 2003. Therefore, this section is declared to be an emergency measure in Section 15 of this bill.

(Section 3). This amendment allows North Dakota Workers Compensation to identify on the Certificate of Premium Payment those employers who have an open account with NDWC and represent to NDWC that they have no employees.

The micrographic images on this film are accurate reproductions of records delivered to Modern Information Systems for microfilming and were filmed in the regular course of business. The photographic process meets standards of the American National Standards Institute (ANSI) for archival microfilm. NOTICE: If the filmed image above is less legible than this Notice, it is due to the quality of the document being filmed.

The purpose of this legislation is a matter of public interest. During the hail storms of 2001 and the repair work that followed, NDWC learned that some employers used the Certificate of Premium Payment to represent to consumers their workers were fully insured for workers compensation purposes, when in fact they were not.

As certificates are currently generated, it is impossible to tell whether or not an employer is paying premium on workers. This proposed amendment permits NDWC to distinguish between employers who are estimating wages on employees and those who are not, so a consumer or primary contractor can be accurately informed.

(Section 4). The proposed changes amend §65-04-15, the employer confidentiality statute, in two ways. First, the amendment permits the disclosure of the status of an employer file. Currently, NDWC may tell a requesting party whether or not an employer has an account with NDWC. The amendment permits Workers Compensation to disclose whether the account is active, cancelled, closed, pending or delinquent. This tool may prove invaluable to a homeowner researching a contractor, or to a contractor confirming the statements of subcontractors.

Secondly, the amendment simplifies and broadens with whom Workers Compensation may exchange information. The current language lists a number of agencies individually. The amendment provides Workers Compensation with the discretion to disclose employer information to any state or federal agency, but only for the purpose of administering the duties of the state or federal agency.

(Section 5). § 65-04-26.1 provides the statutory ability to assess personal liability against the officers or directors of a corporation, the manager or governors of a limited liability company, and employee of a corporation or limited liability

The micrographic images on this film are accurate reproductions of records delivered to Modern Information Systems for microfilming and were filmed in the regular course of business. company under certain circumstances. The proposed amendment seeks to include the partner of a limited liability partnership. With this type of entity growing as a popular option for business structure, this amendment is a logical extension of those entities already within the scope of § 65-04-26.1.

(Section 6). The proposed amendment clarifies §65-04-32(1) and corrects a typographical error in subsection 2. No substantive change is intended by this amendment.

(Section 7). This section clarifies potential ambiguities in existing law by making it clear that the penalty for noncompliance in the payment of workers compensation premiums increases by 5% for each year of noncompliance up to the statutory maximum of 6 years of noncompliance with an accompanying penalty of 50%.

(Section 8). This section changes the billing cycle of claims loss assessments from 90 days to 30 days. When an injury occurs and a claim is filed, the first \$250 of claims costs are billed back to the employer. Historically, these billings have been on a quarterly cycle. The billing of all workers compensation premium is now monthly and this amendment permits NDWC to bill claim loss assessments in the same way. This change will allow a single billing statement, reflecting both premium and claims loss assessments.

(Section 9). All employers who maintain a risk management program are entitled to participate in the preferred provider program. This proposed change removes any misconception that only those employers who participate in the 5% Risk Management Program may participate in the preferred provider program.

(Sections 10 through 13). The proposed amendments to §§ 65-06-01 through 65-06-04 contained in sections 10 through 13, replace the term "fireman" and "firemen" with the terms "firefighter" and "firefighters" throughout. The

Doreen Hall

Date

amendment also extends coverage for volunteer disaster emergency trainees. Currently, coverage for volunteer disaster emergency trainees is provided only during times of training and excludes coverage should an enemy attack on this country occur. This legislation extends coverage to those trainees should they be called upon to serve in the event of an actual enemy attack.

(Section 14.) This section repeals Section 65-04-19.2 and Chapter 65-14. Section 65-04-19.2 addresses state agency participation in a risk management program. This section is made obsolete by Section 65-04-03.1 (Section 2, above).

Chapter 65-14 was enacted in 1985 to address a growing concern about hazardous chemicals in the workplace. In 1983, OSHA began to implement a similar standard nationwide, which was not in full effect until 1988. In the interim, many states, including North Dakota, opted to draft their own legislation for employee information on hazardous substances or, as it is more commonly known, a "right-to-know law".

In 2000, NDWC adopted by administrative rule, the applicable OSHA Standards governing safety and conduct in the state's workplaces (N.D. Admin. Code 92-02-01-01). In content, the OSHA standard is very much the same as Chapter 65-14. Therefore, Chapter 65-14 is redundant and unnecessary.

NDWC requests your favorable consideration of 2003 House Bill 1149. If there are any questions, I would be happy to answer them at this time.

Testimony on House Bill No. 1060

House Bill No. 1065

House Bill No. 1149

House Bill No. 1150

Charles Peterson, Board Chairman, Jobbers Moving & Storage

Mr. Chairman and Member of the Committee:

My name is Chuck Peterson and I am Chairman of Jobbers Moving & Storage Co., Bismarck, ND. I am here today to testify in favor of House Bill No. 1060, House Bill No. 1065, House Bill No. 1149 and House Bill No. 1150. As former Chairman of the Workers Compensation Board of Directors, I can speak firsthand to the tremendous amount of planning, preparation, and analysis put forth in devising proposed legislation for your consideration.

The four bills before you strike a balance between maintaining premium levels and modestly increasing benefit levels. Any businessperson can attest to the difficulties created for employers by the current insurance market. Across the country, many workers compensation insurers are dramatically raising rates and are forced to contemplate benefit decreases. Maintaining premium rates and proposing benefit increases, while at the same time providing a high level of service to its constituency groups, is an accomplishment of which North Dakota Workers Compensation should be proud.

The effectiveness of the current system is the result of the hard work on the part of many, not the least of which is the Legislative Assembly. I urge your continued support and request your approval of House Bill No. 1060, House Bill No. 1065, House Bill No. 1149 and House Bill No. 1150 so that North Dakota Workers Compensation may continue its advancements.

Introduce Bill

**2003 Engrossed House Bill No. 1149
Testimony before the Senate Industry, Business, and Labor Committee
Presented by: Brent J. Edison
Executive Director & CEO
North Dakota Workers Compensation
March 3, 2003**

Mr. Chairman, Members of the Committee:

My name is Brent Edison and I am the Director and CEO of North Dakota Workers Compensation. I am here today to testify in support of Engrossed House Bill No. 1149. This bill proposes changes to several statutes regarding subrogation and policyholder services. The Workers Compensation Board of Directors unanimously supports this bill, as did the House of Representatives (90-0). I will address the proposed changes section by section.

(Section 1). In 1997, § 65-01-09 was amended to permit the Director of Workers Compensation to opt out of a medical malpractice action. The proposed amendment would permit the Director to opt out of any third-party action. This discretion is requested to avoid the expenditure of funds in actions in which it is determined the costs of participation outweigh the benefits.

(Section 2). Section 65-04-03.1 is a result of legislation passed by the 2001 Legislative Assembly. This legislation consolidated all state agency accounts into a single workers compensation account. Because this consolidation has been successful, the proposed amendment simply removes the sunset clause, making § 65-04-03.1 permanent law.

(Section 3). This amendment allows North Dakota Workers Compensation to identify on the Certificate of Premium Payment those employers who have an open account with NDWC and represent to NDWC that they have no employees.

The purpose of this legislation is a matter of public interest. During the hail storms of 2001 and the repair work that followed, NDWC learned that some employers used the Certificate of Premium Payment to represent to consumers their workers were fully insured for workers compensation purposes, when in fact they were not.

As certificates are currently generated, it is impossible to tell whether or not an employer is paying premium on workers. This proposed amendment permits NDWC to distinguish between employers who are estimating wages on employees and those who are not, so a consumer or primary contractor can be accurately informed.

(Section 4). The proposed changes amend §65-04-15, the employer confidentiality statute, in two ways. First, the amendment permits the disclosure of the status of an employer file. Currently, NDWC may tell a requesting party whether or not an employer has an account with NDWC. The amendment permits Workers Compensation to disclose whether the account is active, cancelled, closed, pending or delinquent. This tool may prove invaluable to a homeowner researching a contractor, or to a contractor confirming the statements of subcontractors.

Secondly, the amendment simplifies and broadens with whom Workers Compensation may exchange information. The current language lists a number of agencies individually. The amendment provides Workers Compensation with the discretion to disclose employer information to any state or federal agency, but only for the purpose of administering the duties of the state or federal agency.

(Section 5). § 65-04-26.1 provides the statutory ability to assess personal liability against the officers or directors of a corporation, the manager or governors of a limited liability company, and employee of a corporation or limited liability company under certain circumstances. The proposed amendment seeks to

include the partner of a limited liability partnership. With this type of entity growing as a popular option for business structure, this amendment is a logical extension of those entities already within the scope of § 65-04-26.1.

(Section 6). The proposed amendment clarifies §65-04-32(1) and corrects a typographical error in subsection 2. No substantive change is intended by this amendment.

(Section 7). This section clarifies potential ambiguities in existing law by making it clear that the penalty for noncompliance in the payment of workers compensation premiums increases by 5% for each year of noncompliance up to the statutory maximum of 6 years of noncompliance with an accompanying penalty of 50%.

(Section 8). This section changes the billing cycle of claims loss assessments from 90 days to 30 days. When an injury occurs and a claim is filed, the first \$250 of claims costs are billed back to the employer. Historically, these billings have been on a quarterly cycle. The billing of all workers compensation premium is now monthly and this amendment permits NDWC to bill claim loss assessments in the same way. This change will allow a single billing statement, reflecting both premium and claims loss assessments.

(Section 9). All employers who maintain a risk management program are entitled to participate in the preferred provider program. This proposed change removes any misconception that only those employers who participate in the 5% Risk Management Program may participate in the preferred provider program.

(Sections 10 through 13). In its original form, HB 1149 proposed to change the term "fireman" and "firemen" with the terms "firefighter" and "firefighters" in §§ 65-06-01 through 65-06-04, as well as extend coverage for volunteer disaster emergency trainees. Currently, coverage for volunteer disaster emergency

trainees is provided only during times of training and excludes coverage should an enemy attack on this country occur. HB 1149 originally attempted to extend coverage to those trainees should they be called upon to serve in the event of an actual enemy attack.

While this bill was pending before the House, NDWC prepared amendments at the request of the Division of Emergency Management and the North Dakota League of Cities to further define and expand the scope of coverage under §§ 65-06-01 through 65-06-04. Engrossed HB 1149 will provide coverage to volunteer firefighters, emergency or disaster volunteers, and community emergency response team members working as part of the Citizens Corp Initiative.

(Section 14.) This section repeals Section 65-04-19.2 and Chapter 65-14. Section 65-04-19.2 addresses state agency participation in a risk management program. This section is made obsolete by Section 65-04-03.1 (Section 2, above).

Chapter 65-14 was enacted in 1985 to address a growing concern about hazardous chemicals in the workplace. In 1983, OSHA began to implement a similar standard nationwide, which was not in full effect until 1988. In the interim, many states, including North Dakota, opted to draft their own legislation for employee information on hazardous substances or, as it is more commonly known, a "right-to-know law".

In 2000, NDWC adopted by administrative rule, the applicable OSHA Standards governing safety and conduct in the state's workplaces (N.D. Admin. Code 92-02-01-01). In content, the OSHA standard is very much the same as Chapter 65-14. Therefore, Chapter 65-14 is redundant and unnecessary.

(Section 15). HB 1149 originally declared Section 2 of this bill (elimination of the sunset clause to Section 65-04-03.1) to be an emergency measure as Section 65-04-03.1 is scheduled to expire on June 30, 2003. However, in order to provide coverage as soon as possible to those newly identified volunteers in Sections 10 through 13, Engrossed HB1149 declares the entire bill to be an emergency measure.

NDWC requests your favorable consideration of Engrossed House Bill No. 1149. If there are any questions, I would be happy to answer them at this time.

HB 1149

Representative Glen Froseth
District 6

Chairman Mutch and members of the Senate IBL Committee, HB 1149 is presented in behalf of Workers Compensation for your consideration.

This bill is an initiative which provides the Workers Compensation Bureau Director the discretion to opt-out of participation in a third-party action;

eliminates the expiration date (June 30, 2003) for the state entities account; provides that an employer certificate of coverage may indicate the employer has paid the minimum premium and has estimated no wages for the period indicated on the certificate;

allows the Workers Compensation Bureau to disclose the status of an employer's account and provides for the release of employer information to state and federal agencies; allows for personal liability of a partner in a limited liability partnership for the failure to pay premiums or file premium reports;

clarifies the mechanism by which decisions are made that affect employer accounts;

amends and clarifies the penalty structure for the failure to secure Workers Compensation coverage;

allows the Workers Compensation Bureau to bill and impose a penalty for an employer's failure to pay the established medical assessment within 30 days from the date of billing rather than the current 90 days from the date of billing;

allows an employer in any approved risk management program to select preferred providers to render medical treatment; extends existing Workers Compensation coverage for volunteer disaster emergency trainees;

repeals section 65-04-19.2 and Chapter 65-14.

Chairman Mutch and Committee, with us today are representatives of Workers Compensation who are here to further explain the bill and answer any questions the committee may have.

I believe these are good changes and urge a favorable consideration for HB 1149.

Thank you.
