Minutes:

Chair Nelson called the hearing on HB 1216 relating to bonds for agents distributing hunting and fishing licenses.

Rep. Drovedal: Introduced HB 1216. Citing concern relating to the low dollar amount on bonds insuring game and fish licenses.

Rep. Kelsner: What is the risk we are trying to mitigate?

Rep. Drovdal: It is an insurance policy against loses related to an outstanding game and fish license distributed to the auditors office of a particular county. The game and fish department can still receive the funds from the sale of that license despite a bankruptcy or disappearance of a vendor.

Kevin Glatt: Burleigh County Auditor. North Dakota County Auditors Association. Spoke in support of HB 1216. We are trying to be proactive to prevent future problems.

Chair Nelson: Have you spoken to the vendors about this?

Kevin Glatt: Most of the vendors are more than happy to participate in this program rather than try to go to a private bond to cover this program.

Chair Nelson: How many vendors do you have?

Kevin Glatt: It varies however the number is getting smaller and the vendors are getting bigger.

Rep. Nottestad: What is the notification process for the vendors. What do we do for this season. Will the vendors be in violation from August to November.

Chair Nelson: Paul Shadewell can answer that.

Rep. Keiser: Is the Internet circumventing the vendors for licenses.

Kevin Glatt: The remaining vendors are getting larger. Who would have thought K-Mart would go out of business. I worry about them and they are one of our largest vendors.

Rep. Porter: Is this bond a good deal compared with the private sector bonds.

Kevin Glatt: There is only one vendor that does that. Stalmart pays about \$50 opposed to the \$10 because their business crosses state lines.

Jeff Bitz: Administrator of state bond fund. Testified in support with a proposed amendment. Currently the state bond fund has 275 vendors for game and fish licenses. This generates \$2,750 in revenue. This would raise the fee from \$5 to \$15. However it still does not adequately fund the exposure the state could eventually have from a situation from a scenario like K-mart example from Mr. Glatt. We have no open or active claims against the fund from anyone who sells game and fish licenses. There are currently 24 open claims against the fund. None of those were game and fish license vendors.

Rep. Porter: Is this fund separate from the rest of the general fund?

Jeff Bitz: No

Rep. Nottestad: What do we do for this season. Will the vendors be in violation from August to November?

Jeff Bitz: We would prorate the difference and notify the difference.

Chair Nelson: Is restitution possible in this.

Jeff Bitz: Rarely has the state bonding fund ever successfully collected. Most are written off because there is no means to pay. This exposure continues to grow.

Rep. Porter: What would this bond run in the private sector.

Jeff Bitz: Probably in excess of \$50.

Rep. DeKrey: Do you reinsure?

Jeff Bitz: We have the option, but we do not.

Paul Shadewald: North Dakota Game and Fish Dept. Testified in support of HB 1216.

Chair Nelson: Does the auditor set the rate?

Paul Shadewald: The commissioner sets this. The auditors know who is a problem vendor and can decide how to administer these licenses.

Chair Nelson: Jeff Bitz can up an amendment relating to create a 3 tiered sliding scale for the vendors with Rep. Drovedal.

Chair Nelson adjourned the meeting.

Minutes:

Senator Thomas Fischer, Chairman of the Senate Natural Resources Committee opened the hearing HB 1216 relating to bonds for agents distributing hunting and fishing licenses.

All members of the committee were present except Senator Joel Heitkamp.

Representative David Drovdal of District 39 cosponsor of HB 1216 introduced the bill stating the bill deals with the bonding requirements that county auditors can require. Under current North Dakota law a \$5,000.00 bond is required for security costing them \$10.00. If there should be a loss the bond posted would cover that loss, but because of the increased hunting license fees there could be a larger loss so an increase would seem warranted. The bond would now be \$10.00 for every \$5,000.00 for coverage. There are three options of \$5,000.00, \$10,000.00 and \$15,000.00 per agent per year as determined by the county auditor. He also presented written testimony by two auditors Kevin Glass and Frances Olson (See attached).

Paul Schadewald, Chief of Administrative Services for the North Dakota Game & Fish

Department testified in support in HB 1216 stating they agree with the county auditors. Auditors will now have options and flexibility to protect themselves. Graduated amounts is also good as the venders range in size.

Jeff Bitz, Administrator of the State Bonding Fund testified in support of HB 1216 clarifying that license venders must pay the \$10.00 for the \$5,000.00 bond. With respect to the state bonding fund as far as the fidelity blanket bond, if the fund maintains a balance of \$2.5 million, there is no charge to agencies or political subdivisions for those participating to in the state bonding fund. Currently there is a surplus in the fund.

Mike Donahue representing the Wildlife Federation testified in support of HB 1216.

There was no opposing or neutral testimony of HB 1216.

Senator Fischer closed the hearing on HB 1216.

Senator Ben Tollefson made a motion for Do Pass of HB 1216.

Senator Freborg second the motion.

Roll call vote was taken indicating 6 YEAS, 0 NAYS AND 1 ABSENT OR NOT VOTING.

Senator Freborg will carry HB 1216.

Subject: HB 1216 and SB 2187

Representative Drovdal,

I have reviewed the engrossed bills as they have come from the respective houses.

As I am not able to attend the hearings scheduled on these two bills, having prior commitments, I would like to offer this testimony.

Basically, both versions afford county auditors increased coverage, which is what we wanted originally.

However, I would prefer that HB 1216 would be adopted rather than SB 2187 as 1216 gives more flexibility to auditors. For most of my vendors, \$5,000 bond coverage is sufficient. For one, the \$15,000 bond would barely make it at the beginning of hunting season. With the changes in 1216, I would not have to under-bond some vendors and over-bond others.

Therefore, I would ask that you vote "no" on SB 2187, and continue to support HB 1216.

Thank you.

Re: SB 2187
HB 1216

I am sorry to inform you that I will not be available for the Committee meetings scheduled later this week for SB2187 & HB1216, **both relating to bonds for agents distributing hunting and fishing licenses**. I will be in Grand Forks officiating the ND Boys High School Hockey Tournament.

At this point I do not know how to resolve the issue of having bills in both the house and senate. I do believe however that the amendments to HB1216 better serve the needs of county auditors and license vendors. My memory tells me that HB1216 was heard in committee the day before SB2187 with amendments proposed. I incorrectly anticipated that the same amendments would be offered at the senate subcommittee hearing.

In any case, it is my opinion and those of the several auditors' I contacted that the amendments to HB1216 better serve the needs of county auditors and vendors.

Again, I am sorry that I will not be available February 27 & 28, but feel free to contact me anytime before or after those days.

On behalf of the ND County Auditors Association, Thank You for your help and support on this matter.

Kevin J. Glatt
Burleigh County Auditor
