**TAPE 1: SIDE A:**

**(11.4) REP. GLEN FROSETH:** We will open the hearing on HB 1280.

**(11.6) REP. WILLIAM KRETSCHMAR:** Testimony in support of HB 1280. My intent in the beginning was to change the number on line 7, the 28 to 43. I had no intention on changing anything else on the Bill. Apparently the communication with legislative council wasn't efficient. They changed the other number on line 10 and 11 also. The Bill will increase the mill levy that cities under \$5,000 could levy from 38 to 43.

**(14.2) REP. NANCY JOHNSON:** About what kind of an increase would this be Ashley?

**(14.2) REP. WILLIAM KRETSCHMAR:** It would go from 38 to 43 mills. They may have used some of the inflation adjustments that came along the way here.

**(14.8) REP. BRUCE ECKRE:** Would you prefer an amendment offered to take it off for the larger cities?

**(14.9) REP. WILLIAM KRETSCHMAR:** If the larger cities would like, I would move the amendment.

**(15.3) CONNIE SPRYNSANATYK; ND LEAGUE OF CITIES:** Testified in support of HB 1280. I would also like to offer an amendment that would act with the impact. (See attachment #1 and #2)

**(19.8) REP. MARY EKSTROM:** We're regionalizing the CPI. Has the consumer price index been higher in relative terms to the rest of the country or are we a bit behind?

**(20.2) CONNIE SPRYNSANATYK:** We tend to be a little bit behind.

**(20.7) REP. GIL HERBEL:** Looking at this chart, I see the difference between the highs and lows of the county mill levy's. **(21.3)** How is the decreasing in size of the community relate to the need for decreasing services at the same time? Is there a correlation there?

**(21.9) CONNIE SPRYNSANATYK:** No, there is an overhead cost to operate. The Federal regulations have placed an additional burden even on the small communities.

**(23.6) REP. GIL HERBEL:** You've been communicating with these smaller communities and they are satisfied that this increase in mill levy's is going to cost them, and ready to support that?

**(23.8) CONNIE SPRYNSANATYK:** I can't speak for all of the small communities. But they all know that they don't have the money to do what they need to do.

**(25.2) REP. GLEN FROSETH:** Just looking at Ward county and the largest cities have the highest mill levy. Any other testimony? We will close the hearing on HB 1280.

**(20.7) REP. GLEN FROSETH:** We will now open the hearing on HB 1280.

**(21.2) REP. WILLIAM KRETSCHMAR:** I would like to propose an amendment. Explained the amendment. This will tie the mill levy in with the consumer price index. **I WOULD MOVE THE AMENDMENT.**

**(21.9) REP. GLEN FROSETH:** I have a motion to move the amendment. Any discussion?

**(22.3) REP. MIKE GROSZ:** City or Park Districts still have to vote on that increase that they're capped at?

**(22.6) REP. WILLIAM KRETSCHMAR:** I think under this amendment, the increase would be put on by the board, not the city council.

**(23.2) REP. GLEN FROSETH:** Any discussion?

**(23.2) REP. GIL HERBEL:** This only applies to cities of certain sizes?

**(24.1) REP. GLEN FROSETH:** Let's hold this until tomorrow. We could take a voice vote on the amendment or you could withdraw your motion.

**(24.4) REP. WILLIAM KRETSCHMAR:** I CAN WITHDRAW THE MOTION.

It looks to me that the list we got from the Tax Dept. and the League of Cities, and what they are levying for cities, I don't see one under 38. Medora.

**2. Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

If enacted, HB 1280 will have no fiscal effect on any state funds, counties or school districts. It will affect only those cities that choose to utilize the provisions of the bill. It is not possible to know which cities will use the increased mill levy authority, how many additional mills they will levy, or how much additional revenue may be generated. Of 356 cities, only 110 may be able to benefit from this bill. Currently, 68 cities levy no more than 38 mills for the general fund; 31 levy between 38 and 43 mills; and 11 levy between 43 and 45 mills. The other 246 cities will not be affected by this bill because they already levy more than the maximum levies provided by HB 1280.

**3. State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

**A. Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

**B. Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

**C. Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*

**"SECTION 1. AMENDMENT.** Subsection 3 of section 57-15-01.1 of the North Dakota Century Code is amended and reenacted as follows:

3. A taxing district may elect to levy the amount levied in dollars in the base year. However, a city or park district may elect to levy the amount levied in dollars in the base year adjusted by the consumer price index. Any levy under this section must be specifically approved by a resolution approved by the governing body of the taxing district. Before determining the levy limitation under this section, the dollar amount levied in the base year must be:
  - a. Reduced by an amount equal to the sum determined by application of the base year's calculated mill rate for that taxing district to the final base year taxable valuation of any taxable property and property exempt by local discretion or charitable status which is not included in the taxing district for the budget year but was included in the taxing district for the base year.
  - b. Increased by an amount equal to the sum determined by the application of the base year's calculated mill rate for that taxing district to the final budget year taxable valuation of any taxable property or property exempt by local discretion or charitable status which was not included in the taxing district for the base year but which is included in the taxing district for the budget year.
  - c. Reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district.
  - d. For purposes of this subsection, "consumer price index" means the percentage change in the consumer price index for all nonmetropolitan consumers in the midwest region as determined by the United States department of labor, bureau of labor statistics, for the most recent year ending December thirty-first.

#1 1-24-03

TO: HOUSE POLITICAL SUBDIVISIONS COMMITTEE  
FROM: NORTH DAKOTA LEAGUE OF CITIES  
DATE: JANUARY 24, 2003  
RE: HOUSE BILL NO 1280

The 1981 North Dakota Legislative Assembly passed legislation that created significant changes in the way that property, particularly agricultural property, was being valued. Because the full impact of these changes on mill levy limitations was very difficult to determine, the legislature decided to allow political subdivision budgets to grow by a fixed percentage rate without regard to mill levy limitations. The initial growth rate allowed at that time was 7% for 1981 and 7% for 1982. At the time the basic general fund mill levy limitation for cities with a population of less than 5,000 was 38 mills.

The state legislature saw fit to provide additional percentage growth allowances over the next fourteen years, ranging from 2% to 5%. These percentage growth allowances provided some means for those cities that were not expanding to levy enough to keep up with inflation.

Starting with a 38 general fund mill levy in 1980, a city could have potentially increased its levy to over 70 mills by 1996 by taking these percentage growth rate allowances as shown in the following example:

Year	% Increase Allowed	Potential General Fund Levy
1980	-	38.00 mills
1981	7%	40.66
1982	7%	43.50
1983	4%	45.24
1984	4%	47.04
1985	3%	48.45
1986	3%	49.90
1987	5%	52.39
1988	5%	55.00
1989	5%	57.75
1990	5%	60.63
1991	4%	63.05
1992	4%	65.57
1993	3%	67.53
1994	2%	68.88
1995	2%	70.25
1996	2%	71.65
1997	0%	71.65
1998	0%	71.65
1999	0%	71.65
2000	0%	71.65
2001	0%	71.65
2002	0%	71.65 mills

As you can see, the legislature has provided for a zero growth rate for city budgets for the last 6 years. For many smaller communities not adding valuation within their cities, this has placed severe constraints on the ability to keep up with the increasing cost of providing necessary city services.

The League believes HB 1280 should be amended to allow city and park district budgets to grow if the consumer price index grows. The "consumer price index" is defined as the percentage change in the consumer price index for all nonmetropolitan consumers in the midwest region as determined by the United States Department of Labor, Bureau of Labor Statistics, for the most recent year.

It is time to restore some budgeting flexibility to the local officials who were elected to act in the best interests of their communities. We ask that you simply give cities and park districts the ability to set budgets that keep up with the level of inflation. The League supports amendments to HB 1280 which will solve this problem.
