Minutes:

Senator Thomas Fischer, Chairman of the Senate Natural Resources Committee opened the hearing of HCR 3015 expressing the legislative assembly's support for construction of the northwest area water supply project and delivery of water to eastern North Dakota.

All members of the Committee were present.

Representative Mathew Klein of District 40 cosponsor of HCR 3015 introduced the resolution (See attached testimony).

Senator John Traynor asked what is the nature of the objection.

Rep. Mathew Klein responded that the objection seems to change as time goes along. The water is treated at the point of extraction at the reservoir, treated in Minot and then sent to the communities. They are concerned if a pipe should break and the water eventually enter the Souris River and contaminate their fishing.

Bill/Resolution Number HCR 3015

Hearing Date 3-14-03

Senator David O'Connell of District 6, cosponsor of the resolution testified he is in support of HCR 3015.

Al Walter, Director of Public Works in Minot, North Dakota testified in support of HCR 3015 stating the chance of biota transfer from the NAWS pipeline is so minimal the number contains many 0000.

Discussion was held as to the chemicals used for the treatment of the water before it is sent out through the pipe line.

Dale Frink, State Engineer with the North Dakota Water Commission testified in support of HCR 3015. He answered questions about the law suit and how significant it is.

Senator Joel Heltkamp made a motion for a Do Pass of HCR 3015.

Senator Stanley Lyson second the motion.

Roll call vote was taken indicating 7 YEAS, 0 NAYS AND 0 ABSENT OR NOT VOTING.

Senator Ben Tollefson will carry HCR 3015.

Senator Fischer closed the hearing on HCR 3015.

TESTIMONY ON HOUSE CONCURRENT RESOLUTION 3015

House Natural Resources Committee

**Dale L. Frink, State Engineer, and Secretary to the
State Water Commission**

February 13, 2003

Mr. Chairman and Members of the House Natural Resources Committee, I am Dale Frink, State Engineer and Secretary to the State Water Commission. I am appearing in support of House Concurrent Resolution 3015.

House Concurrent Resolution 3015 provides legislative support for the Northwest Area Water Supply (NAWS) project and for the delivery of water to eastern North Dakota.

Providing adequate quantities of good quality water to northwestern and eastern North Dakota remains a long-term goal of the state. A dependable supply of water will enhance our quality of life and provide economic development opportunities in the future.

I ask your favorable consideration of House Concurrent Resolution 3015. Thank you.

TESTIMONY
HCR 3015
Representative Matthew Klein

Chairman Fischer and members of The Natural Resources Committee.

For the record I am Representative Matthew Klein representing District 40 from Minot, ND.

HCR 3015 is fairly self explanatory. It is to show support from this assembly for the continuation of water development in Northern and Eastern ND. As most of you know, ND gave up millions of acres of prime bottom lands with the promise of irrigation for millions of acres throughout this state. As time passed and changes to the original Garrison Diversion Bill were enacted, Municipal and Industrial Water Development were put into place.

Now Canadian objections to moving water between basins, even after complete treatment, are being raised. This resolution just reaffirms our determination to develop our water resources as we see fit.
