Minutes:

Rep. Niemeier appeared as prime sponsor handing out information and written testimony.

Rep. Price: Part of the reason that we went to the single application is that we thought we were losing some people and part of it was that some people don't like Medicaid and so we tried to go to an application that would encourage them to apply under CHIPS and if they were eligible for Medicaid that it would work for both. If we go back and try to take them apart again, are we going to go back to the same problem where people just don't apply?

Rep. Price: I understand your goal is to access as much of the federal dollars as we can, the higher percentage, but the only way I view us as having more children on CHIPS is to go back to that acquiring the asset test for the kids on Medicaid. We know some children move from CHIPS to Medicaid because of that, but we also felt that the asset test was a barrier for families applying because it was an 18 page application and there were a lot of those questions. If a child is eligible for Medicaid we can't put them on CHIPS regardless of what we want to do unless we

R

Page 2 House Human Services Committee Bill/Resolution Number HCR 3068 Hearing Date February 26, 2003

go back to that old asset test again and we fought hard to get rid of that last time, is that something you are considering might be advisable?

Answer: If we increase the income eligibility level, there would be more children that would be eligible for CHIPS. That's why the study, to determine the cost effectiveness between those two programs.

Rep. Devlin: Have these in Trail County or wherever brought their concerns forward and if so, to whom and what happened?

Answer: Doesn't know for sure. They feel the combined application was done through the Legislative mandate and in talking to the social worker that she spoke with, didn't feel that their input was considered to the extent that they would have like it to. That's why I'm reopening this issue.

Rep. Price: The Outreach Group is very happy that there is only 1 application and its much shorter.

Wanda Rose, ND Children's Caucus appeared in support stating "what makes one more efficient than the other?", this resolution will get is that answer.

Dave Zentner, Director of Medical Services for Dept. of Human Services appeared neutral with written testimony. If we consolidate the process an eligibility is determined at the County level, all the information will flow to the counties and they will make the determination. The application will come in, the information will be entered into the system and will first look at Medicaid, if Medicaid isn't going to work then it will automatically go to Healthy Steps and the system will make the determination as to whether they are eligible.

Page 3 House Human Services Committee Bill/Resolution Number HCR 3068 Hearing Date February 26, 2003

Rep. Price: About the only other way we'd address it is to pull all the eligibility into the State because as long as we are having two different sets of government working on it, we are always going to have a problem as far as coordination.

Answer: There certainly is an issue with that, that's why this whole issue is looked at about moving eligibility in division so we would have the tool necessary if we wanted to move forward to have one stop shopping for eligibility. Should really in one place or the other, County or State level.

Curt Volesky handed out the applications.

No opposition.

Rep. Price: Noted that the 4 page application was designed for Medicaid only. Mr. Zentner had addressed that sometimes its the fact that they want to find out if they are eligible for other programs at the same time and that is not what this is application is designed for.

Rep. Potter moved a motion for DO PASS and placed on the Consent Calendar, second by Rep. Niemeier.

Rep. Devlin: I can't support and feel its a duplicate of what we've already studied.

Rep. Price: Regarding letter from Traill County Social Service Board, they believe that there is still 2 Healthy Steps applications and their talking about Healthy Steps is actually an extension of Medicaid and its not. I'm wondering if we have an education issue with some of our eligibility workers, and not in just Traill County.

Rep. Amerman: Concerns with what goes on between the parties, the dialog between the counties and the agencies and it may not be as good as we assume, but there still must be a problem.

Page 4 House Human Services Committee Bill/Resolution Number HCR 3068 Hearing Date February 26, 2003

Rep. Price: CHIPS has been interim study and they still meet with the Counties once or twice a month.

Rep. Wieland: It isn't the Social Service Directors and the Department that are having the problem, its the County Commissioners and the Department that are having the problem.

Rep. Price: Physicians get reimbursed more if they take CHIPS kids.

VOTE: 4-9-0

Motion Failed.

Rep. Devlin moved a DO NOT PASS, second by Rep. Kreidt.

VOTE: 9-4-0

Rep. Price will carry the bill.

# HOUSE CONCURRENT RESOLUTION 3068 Rep. Carol A. Niemeier, District 20 February 26, 2003

This study resolution is being introduced to assure that there will be continuing attention to these health insurance programs for low-income children and families. Considering the increasing need for assistance in this area caused by escalating medical costs, a depressed rural economy, and an ongoing goal for the well-being of our citizenry, it is important that we continually monitor and compare the cost effectiveness of Medicaid and Healthy Steps.

Premium costs under the administration of Noridian have risen dramatically for the biennium, including a 22% increase (to \$154.00) for Healthy Steps and a 25% increase (to \$185.00) for Medicaid clients. This changes the program disparity from \$10 to \$30. A significant difference.

It is also necessary to review the income eligibility levels for Healthy Steps and the outreach efforts to extend coverage to additional low-income children and to maximize the capture of federal funds.

The Joint Application for the two programs has been in use in the counties for a year and several problem areas have been identified by Eligibility Workers. Some Regions are now gathering information to implement a better plan and that work needs to be encouraged and ratified through legislation.

I recommend that HCR 3068 receive a Do Pass and advance to an Interim Comm.

## TRAILL COUNTY SOCIAL SERVICE BOARD

Address Reply to County Director P.O. Box 190 Hillsboro, ND 58045 Phone: 701-636-5220 Fax: 701-636-5221

February 26, 2003

TO: Carol Niemeier
District 20 Representative

Thank you for your interest in Eligibility Workers from North Dakota and addressing one of the issues that concerns what we do on a daily basis. That issue is the Healthy Steps application that we are currently working with.

I am a member of the N.E.W. (National Eligibility Workers Association) and there has been some discussion regarding this issue at our regional meetings and at the state board meetings. After hearing those discussion, I feel the consensus of the eligibility workers is that they do not like the Healthy Steps Application. The application usually is sent first to the state office and then if it appears there may be eligibility for Medicaid the application is sent (often faxed) to the respective county office. The faxed application can be hard to read, often is incomplete so that we have to enter an application and pend it for additional information.

Marcia Beglau, Director from Griggs County Social Services sent us a "5 Minute Survey". I believe this was sent on behalf of the Directors Association. This survey requested information regarding Healthy Steps and regular Medicaid applications taken in the months of November and December and was to be submitted by January 3, 2003. The questions asked had to do with the number of applications, if we encountered any problems with the applications and concerns we had as eligibility workers regarding the applications. To date, we have seen any results from that survey.

Eligibility workers in Traili County feel the Healthy Steps application and process is confusing for both the client and the eligibility worker. There are two different Healthy Steps applications along with the Medicaid application. The client and/or whoever is assiring that client may not be aware of which application should be used. This often results in lack of information for eligibility to be determined for the program that may best serve the applicant. It is our opinion that one application should be used and would prefer that it be the Medicaid application. We feel that clients often are not aware that

## TRAILL COUNTY SOCIAL SERVICE BOARD

Address Reply to County Director

P.O. Box 190 Hillsboro, ND 58045 Phone: 701-636-5220 Fax: 701-636-5221

Healthy Steps is actually an extension of the Medicaid program and do not understand why the county is getting involved with their Healthy Steps application. A current situation with the Healthy Steps application that happened in our office is that the Healthy Steps application was received, additional information was needed and a pending notine was sent to the family. The information was not received and application was denied. After some conversation with the family, a Medicaid application was sent to them. Before this was returned another Healthy Steps application was received from the state office. This results in families not having coverage for benefits they may be eligible

# TESTIMONY BEFORE THE HOUSE HUMAN SERVICES COMMITTEE REGARDING HOUSE CONCURRENT RESOLUTION 3068 FEBRUARY 26, 2003

Chairman Price, members of the committee, I am David Zentner, Director of Medical Services for the Department of Human Services. I appear before you today to provide information regarding this resolution. The Department's position is neutral.

Currently, the county social service offices determine Medicaid eligibility and the Department determines Healthy Steps eligibility. In May 2002, a four page joint application that requests information necessary to determine eligibility for both programs was completed. Applications for individuals, who apply with the Department for Healthy Steps and are potentially eligible for Medicaid, are faxed directly to the county for their review. Before the completion of the joint application, individuals who were potentially eligible for Medicaid were sent a separate Medicaid application that had to be completed and filed with the county.

Currently, the county social service offices use the Vision system to determine Medicaid eligibility and the Department maintains the Healthy Steps client information on the Natural system. The Vision system would need to be updated, to include Healthy Steps, if the counties are to determine eligibility for both programs.

The Dakota Medical Foundation received a grant from the Robert Wood Foundation. Part of the grant will be used to conduct a pilot project in Cass County where individuals will determine eligibility for both Medicald and the Healthy Steps program. If the pilot project is successful, they intend on expanding the project throughout the entire state.

Jalosta Kickon

The Dakota Medical Foundation has stated they are willing to provide some of the matching funds needed to update the Vision system. We are waiting on a response from the Center for Medicaid and Medicare Services (CMS) to see if they will allow the state to use these funds in place of general funds.

Administrative costs also need to be considered as CMS limits administrative costs to 10% of program costs. For the federal fiscal year ended September 30, 2002, the Department incurred administrative costs totaling \$106,468, which was under the 10% limit amount of \$526,782.

I would be happy to respond to any questions you may have.

# NORTH DAKOTA HEALTHY STEPS **INSURANCE APPLICATION**

#### PREMIUM FREE HEALTH INSURANCE

#### **General Requirements**

To be eligible for enrollment, a child must meet the following requirements:

- 1. A son or daughter, stepchild, legally adopted child, or a child between the ages of 0 through 18 years old for whom you or your living spouse are legally appointed guardian.
- 2. A resident of the state of North Dakota.
- 3. Cannot be covered under any other health insurance coverage, and cannot be eligible for Medicaid. (Indian Health Service is not a health insurance coverage.)
- 4 Houseshold income must be within Healthy Steps guidelines. (See table)
- The number of people in the family includes the parents, children and unborns.
- Add together all the income received by all family members. Deduct child care out-of-pocket expenses and taxes. If your income is below or slightly more than the income level amounts, your children may qualify.

The micrographic images on this film are accurate reproductions of records delivered to Modern Information Systems for microfilming and were filmed in the regular course of business. NOTICE: If the filmed image above is less legible them this Notice, it is due to the quality of the document being filmed.

#### APPLICATION INSTRUCTIONS

QUESTION 1: Write in the information about the person who is applying for the child(ren). This should be the person the department can contact for any questions concerning the application.

**QUESTION 2:** Write in the names and ages of ALL other adults including spouse age 19 and older living in your household who are related to you or to your child(ren). If individual is employed, indicate if they are or are not a student. Indicate relationship to the child(ren).

QUESTION 3: Write in your child's full name (Last, first, middle initial). The child's mother's full name and the child's father's full name. Tell us your child's gender by marking an 'X' for male or female. Tell us what race your child is by indicating American Indian or Alaskan Native (I), Asian (A) or Pacific Islander (P), Black (B) (not of Hispanic origin), Hispanic (H), or White (W) (not of Hispanic origin). Tell us your child's birth date by entering month, day and year. Enter your child's Social Security Number.

Put an 'X' in the yes or no box to tell us if the child is an US Citizen. If the child you are requesting Healthy Steps for is not a US Citizen, please provide us with proof of citizenship status.

For an unborn child, write "unborn" for child's name and write in the child's expected date of birth other information can be left blank.

QUESTION 4: Voluntary Information. Put an 'X' in the yes or no box to tell us if your household assets exceed the amount indicated. See Explanation of Assets on insert.

**GUESTION 5:** List any information concerning health insurance coverage your children have or did have in the last six months. Indicate who was covered under the insurance.

**NUESTION 6:** Enter ALL INCOME your household receives. ATTACH PROOF OF ALL INCOME. For regular earnings provide copies of last months paystubs. If your household has more than two earned incomes, please provide additional information on a separate sheet. If you are self-employed, provide copies of Page 1 and 2 of 1040 and Schedule C, E, F or K (if applicable) of your federal income tax returns for the last three years. If you have not been self-employed for a full three years, send us copies of the years you have been.

QUESTION 7: Write in the amount of out-of-pocket expenses you pay per child for child care while you are working or going to school.

QUESTION 8 and 9: If you are responsible for any court ordered alimony or child support, indicate by marking with an 'X'. If yes, write in the amount.

QUESTION 10: Put an 'X' in the yes or no box to tell us if your child(ren) are currently covered under North Dakota Medicald, and if 'yes', write in the child(ren)'s name.

QUESTION 11: Please tell us how you heard about 'Healthy Steps'.

QUESTION 12: Please tell us where you take your children for medical appointments.

QUESTIONS 13 and 14: Please read and sign the statement. Mail the application to the address listed. If you have questions, call 1-800-755-2604.
