Committee Clerk Signatur	an	ut James	
Ainutes:			

Senator Thomas Fischer, Chairman of the Senate Natural Resources Committee opened the hearing on SB 2363 relating to deer hunting by nonresidents.

All members of the committee were present.

<u>Senator Robert Erbele</u> of District 28 introduced SB 2363 stating the bill attempts to address the over population of deer in select units where not all the tags are taken up. The bill would allow that after resident hunters have had all opportunities to receive tags, it would be opened to nonresident hunters at a reduced fee to help reduce the excess number of doe deer.

Senator Joel Heitkamp of District 26 cosponsor of SB 2363 testified that he recognized the problem of over population of doe and this would help to assure reducing of the number. Jim Redlin from Ellendale, North Dakota testified in support, acknowledging the problem of excess deer. This would be a good way for out of state relatives to be able to hunt without much

Page 2 Senate Natural Resources Committee Bill/Resolution Number SB 2363 Hearing Date 2-6-03

<u>Curt Wells</u> testified in support of SB 2363 stating a family member can come home and hunt even if they have did not pull a buck tag. A \$50.00 license is plenty for a doe.

Dennis Daniel testified in opposition upon certain principles of SB 2362. If in this bill a nonresident tag is reduced by 325% to \$50.00, then a resident license should also be dropped by the same percentage.

<u>Mike Donahue</u> of the United Sportsmen and the North Dakota Wildlife Federation testified that they were against the dollar amount set in the bill not the objective of SB 2363. They think it should be set at \$100.00 and a moderate reduction should be made on the second drawing for resident licenses.

David Mutsch testified that SB 2363 should set up a block management similar to the one in Montana.

Senator Fischer asked for neutral testimony.

Faul Schadewell, Chef of Administrative Services for the North Dakota Game & Fish Department went over the fiscal note of SB 2363. In 2002, 561 nonresident licenses for a doe tag were sold under the present fee, so more licenses might be sold but it might not off set revenue. <u>Senator Fischer</u> closed the hearing on SB 2363.

Senator Thomas Fischer opended discussion on SB 2363.

Senator Michael Every stated that the issue could be resolved by a compromise of the fee.

Senator Stanley Lyson made a motion for an amendment to change \$50.00 to \$100.00 on Page

2, Line 2 of SB 2362.

Senator Michael Every second the motion.

Amendment to: SB 2363

1A. State fiscal effect: Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.

	2001-2003 Biennium		2003-200	5 Blennium	2005-2007 Blenniun		
	General Fund	Other Funds	General Fund	Other Funds	General Fund	Other Funds	
Revenues				(\$100,000)		(\$100,000)	
Expenditures			<u> </u>				
Appropriations		1					

1B. County, city, and school district fiscal effect: Identify the fiscal effect on the appropriate political subdivision.

2001	2001-2003 Biennium			2003-2005 Biennium		200	5-2007 Bienr	nium
Counties	Cities	School Districts	Counties	Cities	School Districts	Counties	Cities	School Districts

2. Narrative: Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.

Nonresident deer licenses fees are reduced for the antierless deer tags that are available after the second license lottery.

3. State flacal effect detail: For information shown under state fiscal effect in 1A, please:

A. Revenues: Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.

The fee for nonresident deer licenses issued after the second lottery is reduced from one hundred and fifty-five dollars to fifty dollars. Last year 561 nonresident licenses were sold after the second drawing. While the lower fee will trigger some additional sales, these are not expected to offset the revenue reduction for the lower fee.

- B. Expenditures: Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.
- C. Appropriations: Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.

Minutes: Chairman Holmberg opened the testimony to SB 2363. A bill relating to the deer hunting by nonresidents. Chairman Holmberg stated this bill comes to Appropriations with an unanimous vote from Natural Resources committee. (Meter 1481) Paul Schadewald, Game and Fish Department to explain the bill and the amendment: what the bill does is after the first drawing and second drawing, after the second drawing on the deer licenses there is a 1% limit on nonresidents and then they pay a \$155 for their deer license. After the first and second drawings it is opened up, nonresidents can have an unlimited license and only doe licenses are left. So what the sponsors have done here is wanting to reduce the fees from \$155 to \$50 and the Natural Resources committee changed it to \$100. So there would be a lower fee for nonresident deer licenses after the second drawing and that fee would be \$100. We sold about 561 licenses after the second drawing last time. (Meter 1589) Senator Mathern: Are we trying to get rid of deer? Is this a market issue? Does it help or not? (Meter 1603) Paul: It will help sell a few nonresident licenses but not a lot of nonresidents are going to come to hunt does. There could be a small

impact but not a lot. (Meter 1637) Senator Grindberg: What do you think the fiscal impact will be? (Meter 1638) Paul: A reduction of about \$50,000. (Meter 1660) Senator Schobinger: That is based on selling the same amount as last year, right? (Meter 1670) Paul: Based on anticipated maybe a small increase on sales but not significant. (Meter 1689) Chairman Holmberg: Does the department have an opinion on the bill? (Meter 1690) Paul: We are neutral on the bill. (Meter 1716) Senator Thane: What is the rational to change from \$155 to \$100? (Meter 1717) Paul: The Natural Resource committee felt that \$50 was too low. (Meter 1736) Senator Grindberg: It probably is comparable to Minnesota fees according to his personal experience. (Meter 1804) Senator Andrist: Do you believe it will impact the number of licenses sold? (Meter 1816) Paul: Not significantly. There maybe a few additional but not a lot of people come here to hunt white tailed doe. It is not really going to make a lot of differences. (Meter 1876) Senator Andrist made a motion of a DO PASS and a second by Senator Robinson. It passed by a vote of 12 yeas, i nays and 1 absent. The bill is carried by the Natural Resources committee, Senator Lyson. Closed the hearing of SB 2363 (Meter 1990)

1	XX		5875-end
1		XX	0-1710

Minutes:

Chair Nelson called the hearing on SB 2363 related to deer hunting by non-rersidents to order. Sen. Erbele: Introduced SB 2363. We are looking at those tags left over after everyone has had an opportunity to get a tag. These are left idle. I have looked at the number of road kills. The bill was amended to \$100. We were not happy with that. We would like it lower.

Rep. DeKrey: Would you consider lowering it to \$50?

Sen. Erbele: There are some with the attitude to just give them away.

Rep. Nottestad: I see a problem with people coming early and buying

Sen. Erbele: This is after everyone has their licenses. They will be able to purchase these.

However every area may not be available. Some people do not care. Then they can way.

Rep. Nottestad: Why not up the buck licenses and lower doe licenses.

Sen. Erbele: That is you committee's decision.

Page 2 House Natural Resources Committee Bill/Resolution Number 2363 Hearing Date March 7, 2003

Jim Redland: Asked Sen. Erbele to sponsor this bill. Urged members to help deal with the abundance of deer.

Paul Shadewald: ND Game and Fish Department. Neutral on the bill. Explained the system used for drawing deer licenses.

Rep. DeKrey: How many tags did you have left over?

Paul Shadewald: About 1500.

Rep. DeKrey: Does that figure at all at the number of deer/vehicle accident?

Paul Shadewald: Those numbers are available, however I believe it increased with the increase in the speed limit.

Rep. DeKrey: Wells county set a record for the number of deer/vehicle accidents at 75.

Chair Nelson: I think 28% of all vehicle accidents are deer related. That is with current speed

limits. Would all of these qualify for the lower fee?

Paul Shadewald: Yes. This does not account for possible increases in demand.

Chair Nelson closes the hearing.

Rep. DeKrey moved and amendment to change it from \$100 to \$50. **Rep. Klein** seconded the motion.

Rep. DeKrey: Let's thin the heard.

Motion passed by voice vote.

Rep. Keiser moved a Do Pass as amended and referred to Appropriations. Seconded by Rep. DeKrey. Rep. DeKrey will carry.

 p_{i}^{i} (4)

Chairman Svedjan Opened SB 2363 for discussion. A quorum was present.

Rep. Jon Nelson This changes nonresident deer license fees. It lowers them from \$155 to \$50

after the 2nd drawing.

Rep. Timm Does the ND State Game and Fish object to this?

Rep. Nelson There was no significant opposition.

Rep. Timm Are resident hunting licenses going to go up?

Rep. Nelson Yes, \$5. It is in conference committee now.

Rep. Timm So residents are subsidizing nonresidents in a way?

Rep. Nelson Not really, but you seem to make that argument.

Rep. Kerzman This \$100,000 would be well spent.

Rep. Guileson The money isn't lost in this. The money isn't being collected as it is. People aren't applying for a doe license at the \$155 price. It is just laying on the table. This will entice more people to apply for these licenses. There were 3,000 licenses left over last season.

Rep. Carlson Were there 3 drawings last season?

Rep. Nelson Yes.

Pep. Carlson This will compete with more residents during the 2nd drawing?

Rep. Nelson No. The majority of nonresidents want a buck license. Those are gone during the 2nd drawing currently. This bill only drops the nonresident fee after the 2nd drawing, for the 3rd drawing. Most nonresidents don't want to come here and hunt a doe for \$155, but would at \$50. Our herd is too large, this would help reduce the herd.

Rep. Wald I move a Do Pass. 2nd by Rep. Brusegaard. Motion Passes 19 - 4 - 0. The Natural Resource carrier will carry this bill to the floor.

TESTIMONY REFERENCING SB 2363 ENGROSSED By Mike Donahue, Lobbyist #215 March 13, 2003

House Natural Resources Committee

The United Sportsmen of North Dakota and the N.D. Wildlife Federation support SB 2363. Maybe it will help to harvest more deer does. We urge a Do Pass.

Cass County WILDLIFE CLUB Box 336 Casselton, ND 58012

TESTIMONY OF HAROLD NEAMEYER CASS COUNTY WILDLIFE CLUB PRESENTED TO THE HOUSE NATURAL RESOURCE COMMITTEE ON SB 2363, MARCH 13, 2003

Mr. Chairman and Members of the Committee:

I am Harold Neameyer speaking on behalf of the Cass County Wildlife Club. The Cass County Wildlife Club is opposed to SB 2363. The basic objection is lowering the fee to \$100 instead of the current \$150. We continue to hear in other bills that our nonresident fees should be consistent with other states; hence we support the \$150 fee.

Would North Dakota rather offer a cheaper license to a nonresident or allow a resident an additional license or more?

Cass County Wildlife Club is opposed to SB 2363.
