Minutes:

Chairman Price: opened the hearing on **HB 1114**. 10 committee members were present, 2 absent.

Carole Kessel, Chief Examiner, ND Ins. Dept. appeared in support of HB 1114.

See Attached Testimony:

Rep. Devlin: Does the general public lose any access to these records when we do this?

C. Kessel: No, they will not.

Rep. Nelson: Would this allow more care insurers to consider ND as a market? In my opinion, that is one thing that is lacking in this state, is competition in this insurance industry. Is this an intention of this bill?

C. Kessel: Absolutely this will be a factor, anything we can do - states are contemplating here by reducing, making it easier for companies including HMO to report, and the requirement a little easier.

Hearing Date Jan. 12, 2005

Chairman Price: As I understand, currently, all the other health insurance type plans out there, are doing this type of thing already. just adds the HMO's to the list that everybody files the same way.

C. Kessel: That is correct.

Rep. Damschen: Does this practice going to create more paperwork somewhere or will it cut down on the paper work everywhere.

C. Kessel: It has already cut down the paper work.

Chairman Price: Anyone else in favor or HB 1114? Any opposition? Close the hearing on HB 1114.

Rep. Devlin moved Do Pass, 2nd **Rep. Potter.**

Vote: 10-0-2 Carrier: Rep. Kaldor.

2005 TESTIMONY

HB 1114

HOUSE BILL NO. 1114

Presented by: Carole Kessel
Chief Examiner
North Dakota Insurance Department

Before: House Human Services Committee
Representative Clara Sue Price, Chairman

Date: January 12, 2005

TESTIMONY

Madam Chairman and members of the committee:

Good morning, my name is Carole Kessel, Chief Examiner with the North Dakota Insurance Department. I stand before you today to introduce House Bill No. 1114.

This bill allows the Insurance Commissioner to designate the National Association of Insurance Commissioners as the repository for the filing of annual reports by health maintenance organizations (HMOs). This will allow an HMO to file its annual report once by filing it electronically with the National Association of Insurance Commissioners. The proposed change to the HMO law mirrors the filing procedure in effect for all licensed insurance companies.

The goal is for each state to adopt a similar law so that multi-state insurers and health entities can eliminate the 50 separate state paper filings that have been required in the past. The reduction of paper filings benefits insurers and the state by reducing expenses for printing, postage, processing and document storage. The financial data contained in the annual statement filings is readily accessed by the Insurance Department's financial staff from the national database and the data can be selectively printed to meet any records request by the general public. Compliance reports, that identify delinquent filers and non-filers on a state basis, are also available from the automated system for follow-up by Department staff.

The Insurance Department urges passage of this bill. If there are any questions, I would be happy to answer them.

HOUSE BILL NO. 1114

Presented by: Carole Kessel
