Committee Clerk Signature	: Diane	Davis	

Chairman Krebsbach opens hearing on 2247

To provide an appropriation for 2003-3005 biennium state employee compensation adjustments.

(meter #5690)

Senator Dave Nething - See written attachment - Our state employees did not receive a pay raise so the state is falling behind. The agencies are turning back 12.8 million dollars to general fund. He handed out a chart of past pay increases and discussed the chart by year.

(meter #6231)

Tape 1 side B

Senator Nething continued.

Page 2
Senate Government and Veterans Affairs Committee
Bill/Resolution Number SB 2247
Hearing Date January 27, 2005

Believes this pay raise would be a great moral booster to our state employees. He said there needs to be a blending with the governors budget.

Senator Kringstad - In favor of this bill, says a lot of people have not had raises for 4 years and are very deserving of a raise.

Tom Tupa - Independent ND State employee's Association- In support of this bill, see written testimony.

(meter # 660)

Chris Runge-NDPEA- In support of this bill.

Bob Evans - 30 year employee of the state, 25 years at DOT. See written testimony.

Senator Syverson - Asked about a 1% vacancies when military folks return to the states, asked what is your vacancy rated running right now, and how do they cover the responsibilities that were vacated when they left.

Evans - Stated right now they have 13 vacancies, 6 on military duty, as many as 15. They have reassigned management positions.

Jeff Weispfenning - Giving statement for Roger Johnson - ND Dept of Agriculture- see written testimony. In favor of this bill.

Closed hearing on 2247

(meter #1720)

(meter #1924) - discussion on bill 2247

Senator Syverson - Wanted to know if it was for 3%, now 4%.

Senator Krebsbach - Mentioned Senator Nething said it was a blending 4+4.

Senator Brown - Would like to see is to get this approved retroactively January 1st.

Page 3
Senate Government and Veterans Affairs Committee
Bill/Resolution Number SB 2247
Hearing Date January 27, 2005

Senator Brown - Says the fiscal note looks to be governors budget.

Senator Krebsbach - mentioned that the fiscal note is based on 3% and to raise it 1%.

Senator Nelson - motioned to change the numbers, 3% to 4%. Also the date to 2006.

Senator Brown - seconded

Discussion followed on the fiscal note.

There was discussion to clarify the bill stating that this is implementing the governor's proposal six months earlier. They feel the employees work very hard and deserve 4% retro to January 1st.

Senator Brown moved to Do Pass on the amended bill and re-refer to appropriations

Senator Lee - seconded

Senator Brown will carry.

(meter #3130)

Chairman Krebsbach opens discussion on 2247

To provide an appropriation for 2003-2005 biennium state employee compensation adjustments.

(meter #320 - tape 2)

Sparb Collins - Director of Employee Retirement (PERS)- He voiced his questions on the increased salary regarding how the retirement should be handled. He gave 3 different options how it could be handled. He would like the bill to say how to handle this.

Senator Brown - Asked if we needed an amendment.

Collins - Said it would be helpful.

Page 2 Senate Government and Veterans Affairs Committee Bill/Resolution Number SB 2247 Hearing Date January 28, 2005

Senator Brown moved to amend the original bill with language that it is counted in the month it is given.

Collins - Said he would immediately put something together for the bill.

## REPORT OF STANDING COMMITTEE

SB 2247: Government and Veterans Affairs Committee (Sen. Krebsbach, Chairman) recommends AMENDMENTS AS FOLLOWS and when so amended, recommends DO PASS and BE REREFERRED to the Appropriations Committee (5 YEAS, 0 NAYS, 0 ABSENT AND NOT VOTING). SB 2247 was placed on the Sixth order on the calendar.

Page 1, line 1, remove "2003-05 biennium"

Page 1, line 4, remove "2003-05"

Page 1, line 10, replace the second "2005" with "2006"

Page 3, line 16, remove "2003-05"

Page 3, line 17, replace "three" with "four" and replace the second "2005" with "2006"

Page 3, line 24, replace "three" with "four"

Page 3, after line 25, insert:

"For purposes of retirement, salary and wage payments made under this Act are deemed earned in the month paid."

Renumber accordingly

## **BILL/RESOLUTION NO. 2247**

Senate Appropriations Committee

☐ Conference Committee

Hearing Date February 8, 2005

Tape Number	Side A	Side B	Meter #
1	a		1,250
Committee Clerk Signature	· Janul	Dull	

Minutes:

Vice Chairman Bowman called the hearing to order on SB 2247.

Senator Dave Nething, District 12, testified in support of SB 2247. He indicated SB 2247 was designed to implement pay raises for state employees retroactively. Originally the governor requested a 3 percent pay for January to June. The bill has increased that to 4 per cent. The purpose of drafting the bill was to make up for employees not getting raises during the past biennium. He distributed a handout which showed an analysis of previous pay increases. With a return of 12.8 million to the general fund from various agencies, he felt this would be appropriate.

**Senator Tallackson** asked if the Governor was consulted about this increase.

**Senator Nething** indicated he had not been but (for the record) He needs to do what he thinks he has to do, and we as legislators must do what we need to do.

Roger Johnson, Agriculture Commissioner provided written testimony and testified in support of SB 2247. He indicated the lack of raises has created a detrimental impact on state employee morale as well as loss of employees. He indicated that approving raises would create a strong message to employees.

**Senator Bowman** indicated balancing these raises with what would be approved during the next biennium may be a lot lower.

**Roger Johnson** indicated that state employees pay is not consistent with other states or private industry. We will not be able to keep state employees with the wages the way they are and can't recruit new people.

**Senator Tallackson** indicated this proposal shows half of the appropriation from the general fund and half from special funds which will help in the decision making process.

Chris Runge, Executive Director, North Dakota Public Employees Retirement testified in support of SB 2247. She indicated having retroactive pay will help with the morale of state employees and urged the support of the appropriations committee.

**Senator Tallackson** asked how the raises would affect state employee retirements.

**Chris Runge** indicated she did not know. The effective date for employment and retroactive pay would have to be determine by those proposing the bill.

**Senator Robinson** testified **in support of SB 2247** indicating he knows the budget is tight but this bill should be approved as well as the raises in July at 4 and 4 increases. The analysis of the Commissioner of Agriculture is a story of many agencies. Without employees it would be difficult to run the facilities and programs let alone recruiting new employees and retaining those we have.

## **BILL/RESOLUTION NO. SB 2247**

Senate Appropriations Committee

☐ Conference Committee

Hearing Date February 16, 2005

Tape Number	Side A	Side B	Meter #
1	X		3,000-4,240
	- 1		
Committee Clerk Signatu	re ///	>	

Minutes:

Chairman Holmberg opened the meeting on SB 2247.

**Senator Kringstad** introduced amendment (.201) for SB 2247. It will provide a one time bonus of 1.5% out of the general fund for state employees. Employees hired after January 1 will not be eligible.

Senator Kringstad moved a Do Pass recommendation for the amendments, which was followed by a second.

Discussion:

**Chairman Holmberg-** So, the fiscal effect will be an appropriation of \$1.2 million from the general fund, and \$1.3 million from the special fund.

Senator Andrist- This would be in addition to the 3 & 4% pay increases?

Chairman Holmberg- Correct.

Page 2 Senate Appropriations Committee Bill/Resolution Number SB 2247 Hearing Date February 16, 2005

**Senator Tallackson-** I have some concerns, why does the Upper Great Plains get more funding than the Ag Commissioner's entire budget?

Allen from Legislative Council- The Upper Great Plains has a number of employees who are not paid from the general fund.

**Chairman Holmberg-** No one was singled out, it just turned out that's how the numbers worked.

**Senator Thane-** So, 1.5 % of a 6 month salary of \$12,000 would be figured into the equation? **Allen from L.C.-** \$180 would be their bonus payment in that case. The Upper Great Plains transportation institute has 49 employees.

**Senator Andrist-** What is the difference between this and the 4:4 pay package being reduced to 3:4 because of the need to save?

**Senator Mathern-** The difference is this giving back more to state employees.

**Senator Kringstad-** I would like to make a correction, the general fund is \$1.2 million and the special funds is \$1.3 million, with the total being \$2.5 million.

The amendments passed with a voice vote.

Senator Kringstad moved a Do Pass as Amended recommendation for the bill. Seconded by Senator Thane.

Discussion-

**Senator Schobinger-** Would the payment be made in the current biennium or the next biennium?

Allen from L.C.- It would be paid in this biennium.

Senator Kilzer- So, this will decrease our ending fund balance by this amount?

Page 3 Senate Appropriations Committee Bill/Resolution Number SB 2247 Hearing Date February 16, 2005

Chairman Holmberg- Correct.

The bill as amended passed with a vote of 10-4-1. Senator Kringstad is the carrier of the

bill.

Chairman Holmberg closed the meeting on SB 2247.

## PROPOSED AMENDMENTS TO ENGROSSED SENATE BILL NO. 2247

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to provide an appropriation for state employee bonus payments; and to declare an emergency.

## BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION - STATE EMPLOYEE COMPENSATION ADJUSTMENTS. The sums hereinafter listed, or so much of the sums as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from special funds derived from federal funds or other income as indicated to the agencies and institutions of state government for the purpose of providing a one-time bonus payment to employees of the various agencies and institutions in accordance with section 2 of this Act for the period beginning January 1, 2005, and ending June 30, 2005.

SECTION 2. 2003-05 BIENNIUM STATE EMPLOYEE BONUS PAYMENTS - GUIDELINES. Each state agency or institution shall provide, within the limits of appropriations provided in this Act, a one-time bonus payment to permanent state employees of one and one-half percent of the employee's monthly salary for the six-month period January 1, 2005, through June 30, 2005.

Employees whose documented performance levels do not meet standards are not eligible for the bonus payment.

Employees hired after January 1, 2005, are not eligible for the bonus payment.

Probationary employees on January 1, 2005, are not entitled to the bonus payment.

Payments provided under this Act shall not be considered a fiscal irregularity pursuant to section 54-14-03.1.

For purposes of retirement, bonus payments made under this Act are considered salary and must be annualized pursuant to rules adopted by the public employees retirement system.

**SECTION 3. EMERGENCY.** This Act is to declared to be an emergency measure."

#### REPORT OF STANDING COMMITTEE

SB 2247, as engrossed: Appropriations Committee (Sen. Holmberg, Chairman) recommends AMENDMENTS AS FOLLOWS and when so amended, recommends DO PASS (10 YEAS, 4 NAYS, 1 ABSENT AND NOT VOTING). Engrossed SB 2247 was placed on the Sixth order on the calendar.

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to provide an appropriation for state employee bonus payments; and to declare an emergency.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION - STATE EMPLOYEE COMPENSATION ADJUSTMENTS. The sums hereinafter listed, or so much of the sums as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from special funds derived from federal funds or other income as indicated to the agencies and institutions of state government for the purpose of providing a one-time bonus payment to employees of the various agencies and institutions in accordance with section 2 of this Act for the period beginning January 1, 2005, and ending June 30, 2005.

SECTION 2. 2003-05 BIENNIUM STATE EMPLOYEE BONUS PAYMENTS - GUIDELINES. Each state agency or institution shall provide, within the limits of appropriations provided in this Act, a one-time bonus payment to permanent state employees of one and one-half percent of the employee's monthly salary for the six-month period January 1, 2005, through June 30, 2005.

Employees whose documented performance levels do not meet standards are not eligible for the bonus payment.

Employees hired after January 1, 2005, are not eligible for the bonus payment.

Probationary employees on January 1, 2005, are not entitled to the bonus payment.

Payments provided under this Act shall not be considered a fiscal irregularity pursuant to section 54-14-03.1.

For purposes of retirement, bonus payments made under this Act are considered salary and must be annualized pursuant to rules adopted by the public employees retirement system.

**SECTION 3. EMERGENCY.** This Act is to declared to be an emergency measure."

Committee Clerk Signature Stighamu v Thomas						

Minutes: **Chair Carlson** opened hearing on SB 2247, relating to an appropriation for state employee bonus payments; and to declare and emergency.

Sen. Dave Nething, District 12: (SEE HANDOUT) The reengrossed bill before you is going to ask for a bonus for our state employees for the past 6 months, or the current 6 month we're in of the biennium. I wanted to show you that on two occasions before, we have given retroactive pay raises. We did that in 1975 when we made an 11.9% salary adjustment, and again in 1981 when we made a 10% salary adjustment.

Chair Carlson: When we say salary adjustment, does that mean bonus?

**Sen. Nething:** It wasn't a bonus. At that time we did it in the context of a retroactive pay raise that went from Jan 1, it was monthly at that point. Due to the history and awareness of it, I asked to have prepared a bill that would provide a 3% increase. The original bill was that way, but it was to be a salary increase paid on a monthly basis, versus a bonus. The reason I used the 3% figure is because that would have been the amount, had the Governor's pay proposal gone into

effect 2 years ago, that was the amount he wanted for the second year of the biennium. The first hearing resulted in the committee recommending a 4% increase, because that was to coincide with the 4% and 4% that the bill had recommended that was in the Legislature. Then the second hearing was in the Senate Appropriations committee, and that's where they changed it from the 4% to the bonus proposal which is equivalent to a 1 ½ %, and that's the bill you have before you. We had the best intentions last time to provide a pay increase for State Employees, but unfortunately the events that needed to trigger it never occurred. Personally, I'd like to see us go back to a full 3% as a bonus.

**Chair Carlson:** So your not proposing we go back to the original bill?

**Sen. Nething:** No. I like the bonus idea, because I think it accomplishes what we need. I would like to see you go back to the 3% instead of the 1 1/2%, which basically would cost another 1 million 220,000 dollars, then out of the special funds, 1 million 342,000 dollars.

**Rep. Monson:** You are aware that some agencies did give some very hefty raises last time, are you not?

**Sen. Nething:** Yes, very few of them.

**Rep. Skarphol:** 3600 State Employees got raises this biennium. That's significant to me out of roughly 8,000.

**Sen. Nething:** I'm really interested in those that didn't get it.

**Rep. Monson:** The intent of this would not go on to their salary schedule. It's just a one time payment.

Sen. Nething: That's right. That's the intent.

Rep. Skarphol: It is considered salary when your looking at your retirement.

Page 3 House Government Performance Division Bill/Resolution Number SB2247 Hearing Date March 9, 2005

**Sen. Nething:** Yes, and I think there is going to be an amendment offered along those lines.

**Rep. Glassheim:** Is it paid in one lump?

**Sen. Nething:** That's the intention as I understand it.

Sen. Ed Kringstad, District 35: There are some departments that need this, Corrections is one of them. They need about 4.2 million just to get up to the medium. I realize that a lot of people got raises this past session, but some of that was done, I'll use the Attorney General's Office, it was 247,000 and that was an adjustment to get the attorney's more equitable between the agencies and so forth. So, we can't look at that. It was a pay raise, but it was assigned to certain people within that department.

**Rep. Skarphol:** We've had some conversations with some entities included on lists that would rather not have the dollars put into salary, but would rather have the dollars available for their budget in other areas, because they were given raises over the last biennium. Would you have any heartburn with us doing that?

**Sen. Kringstad:** No, not if it's the desire of that particular department.

Chris Runge, Executive Director of the ND Public Employees Association: We stand in support of SB 2247. Our priority remains, however, the fully funded 4% and 4%, and the 5 million dollar equity pool. Anything else that you could provide to the State Employees would be a bonus for them. So, that's why we are standing in support of 2247, because it's the recognition of some of the issues out there of the State Employees not receiving a pay raise over the last biennium. I think it's important to put into perspective the 3600 State Employees that received pay increases over the last biennium, because a number of those were legislatively mandated raises, and a substantial amount of those were pay raises given by nonclassified state

Page 4 House Government Performance Division Bill/Resolution Number SB2247 Hearing Date March 9, 2005

agencies as well. The rest were equity and work load adjustments. They were also merit, and reclassifications and promotions. I think it's important to put that 3600 figure into perspective as well.

Chair Carlson: Your first comments talked about your main emphasis being fully funded 4% and 4%. What would be your response if this bill were to die, and neither all or some of the money was rolled into the pay package for the next biennium?

Chris: We as an organization have been working on a fully funded 4% and 4%, the fully funded health insurance plan, and the 5 million dollar equity pool for the last year. We think that's a fair plan. Anything else you can add to the plan we would certainly be happy with that, but we certainly don't want it to be in leu of a 4% and 4% across the board pay raise for State Employees.

**Sparb Collins: (SEE PROPOSED AMENDMENT)** 

Chair Carlson: Is that the logical way to do that?

Sparb: In the retirement system, we're concerned about bonuses for the reason we call pension spiking. To the extent that a bonus occurs, and retirement is based upon the final average salary and the final average salary is calculated by the high 36 months out of the last 120 months. So what we do is when we calculate as we go on, we pick the high 36 months and we divide it by 36, and then that becomes the final average salary that's taken times the multiplier, times your years in service, and that's your retirement benefit. To the extent bonuses occur, we're concerned about them for two reasons. One, if there is a large and substantial bonus that would occur in a particular year, for one month for example, that would end up pushing up that final average salary. The second concern is if they occur not so much to a high amount, but if they

Page 5 House Government Performance Division Bill/Resolution Number SB2247 Hearing Date March 9, 2005

occur annually. If you have a bonus every year that occurs in a certain month, and that increases somebody's salary by 10%, then when we go back and pick out those high 36 months, we're going to be picking up those atypical salaries. Those atypical salaries are going to cause that to go up.

Chair Carlson: Does the option exist that you don't recognize it for retirement purposes at all?

Sparb: I don't know how much that would involve in the payroll system to be able to do things like that. I'm sure it probably could be done, but I don't know how that would be mechanically, if that would require special adjustments.

**Ardy Paff, Human Resource function at the Information Technology Department:** I do support 2247, the providing of one time bonuses to State Employees. The first priority, however, is to ask for your support of 1050, the 4% and 4% payroll adjustment.

Rep. Skarphol: I had the opportunity to have a discussion with someone who said that they had been given raises over this last biennium, and it happens to be Higher Education. They indicated that they would have better use for the dollars, and that their employees would be happy to give those dollars up for that other use, rather than have it as salary. If they wanted to use the money for something else within the agency, I just think it's an appropriate thing to do, as long as they have received their pay raises anyway.

**Ardy:** In my mind, it seems like it's clear to keep the compensation issue separate from like operating expense issues and things of that nature, so that we're sure to get the proper solution for the problem that we're having in terms of being able to recruit and retain State Workers. If you do support the giving of bonuses, I ask that you give the agency the authority to decide which employees to give bonuses to. Let them administer, divvy up the dollars. Sometimes there are

Page 6 House Government Performance Division Bill/Resolution Number SB2247 Hearing Date March 9, 2005

employees that aren't given salary adjustments, or wouldn't be given a performance bonus even if we did have money, because of performance issues.

**Tom Tupa, Independent ND State Employees Association:** W support 2247, the bonus amounts to be given to State Employees. We think sense they missed it in 2003, this might be a nice catch up for them, and then they can go forward from there for 2005/07.

**Rep. Skarphol:** There were a significant number of State Employees that did get raises last time, and a significant number that did not. What would be inappropriate about ensuring some of those who didn't get a raise got a little more than those that did?

**Tom:** We understand that there were a number of employees who did get pay raises between the 2003/2005 biennium, but we also know that a lot of those people got it because of additional workloads, reclassifications, and reassignments. When you take that group out, how many of those out of all those that got adjusted are left, and maybe that would be something that could be considered by agencies or departments.

**Rep. Glassheim:** If we were inclined to spend 1.2 million dollars, do you think it would be preferable to put it here, or into a 4% and 4% permanent raise situation, or into the equity pool that was 2 ½ million of general fund before it left here?

**Tom:** I understand the dilemma that is facing you legislatures, and if you were to shuffle that total dollar amount elsewhere and if it could be used to still address a bonus issue, I think that would be certainly worth considering, on top of the equity pool and the 4% and 4%. If you want to roll it all into one bill, and give them some additional money for bonuses, I think that would be fine.

**Rep. Skarphol:** How are irregularities considered in the retirement system, based on what you considered the lump sum payment of a bonus versus a monthly payment?

Sparb: What we do is there's bonus payments, and of course provision statute where we try and take a bonus. Sometimes a bonus is just for a year. Then what we try and do is will try to take that bonus and spread it back over the period for which it's intended. Now, an irregular payment occurs once in awhile, to the extent that we're aware of it and see it. With irregular payments there may be some retroactive adjustment that occurs in salaries, then again we try to spread it back to the period for which it's earned.

**Rep. Skarphol:** If we pay someone a bonus to come to work at an agency, you can't spread that back.

**Sparb:** There are 3 types of bonuses that you authorized at one time. There was a recruitment bonus. They were deemed not to be eligible for retirement. Another bonus was retention and performance. Performance bonuses were eligible for retirement, and those again can be assigned for a period, and I don't remember what happened with the retention bonus.

**Rep. Skarphol:** The irregularities that I'm referring to, the one that comes to mind is typically most often discussed, is the one where agencies give some employees a salary bump because of the legislative session. Some of us feel that is not appropriate because not all agencies do it, and I'm just wondering how the agencies that do choose to do that, how it affects the retirement for those employees?

**Sparb:** I would suspect that would probably be included in retirement for the month that it is paid. I don't think that it would be spread back.

Page 8 House Government Performance Division Bill/Resolution Number SB2247 Hearing Date March 9, 2005

**Rep. Skarphol:** What difference does it make whether you take a 1,000 dollar bonus that someone gets paid for extra work, your going to add it to just the month that they receive it in. What difference does that make versus spreading it out over the 6 months in regard to the retirement calculations that you do?

**Sparb:** By spreading it back, it normalizes that adjustment. If we had regular bonuses that occurred, if every year for ten years there was one month of salary that was 20% higher than every other one, when we went back and picked up that high 36, it's going to bump it. If there was a bonus to occur that was a single bonus that's substantial in a particular year, again out of those 36 it could move that up slightly, and that's why we are concerned with that. Our smaller adjustments usually have a tendency to work there way through the system, and that's like the case here.

**Rep. Monson:** Someone who is close to the end of their retirement or getting close to their retirement age. If they had every year a pretty nice bonus, and they do that for 4 or 5 years and their close to that retirement age, that would really be a substantial bump in their retirement, wouldn't it?

Sparb: Depending upon the dollar amount, it could influence it.

**Ken Purde:** In terms of the fiscal irregularities question, the statute requires reporting of temporary adjustments, one time adjustments, and so forth. The provisions for giving bonuses for recruiting retention was excepted from those budget irregularities. So, those legitimate bonuses are not, I don't believe, reported anymore.

Page 9 House Government Performance Division Bill/Resolution Number SB2247 Hearing Date March 9, 2005

**Chair Carlson:** If we were to give this money to an agency, 40,000 dollars to distribute among its employees, and we told them they had to address performance and equity, how would it be spread?

**Ken:** With 60 some agencies, it would probably be 60 individual methods, and some variations among all of them.

**Chair Carlson:** If I gave you the 40,000 dollars and said I want you to spread this so it addresses equitable situations in the Tax Department, could you do it?

**Ken:** I'd probably plug it in parallel, or with the 5 million dollar market equity fund, and use that methodology.

**Rep. Skarphol:** Does this bonus payment raise the paygrade?

**Ken:** No, it has no affect on the grades ranges, or base pay at all.

Closed Hearing on SB 2247.

Minutes: Chair Carlson opened general discussion hearing on SB 2247, relating to an appropriation for state employee bonus payments; and to declare an emergency.

Overview of amendment. (SEE AMENDMENT 50226.0304)

Rep. Glassheim: There is no original 500 million dollar employee pool?

Chair Carlson: The pool is gone.

Rep. Glassheim: Who's going to pay \$500 for the Health Insurance?

**Chair Carlson:** Our premium for next year will be \$554, and this says \$54.00 will be paid by everybody that has our coverage, meaning the state contribution is \$500, and the individuals contribution is \$54.50.

General Discussion

Page 2

House Government Performance

March 30, 2005

Rep. Skarphol: I move.

Rep. Monson: Second.

Rep. Glassheim: Looking at the whole picture, you can certainly make a case that we're paying

a lot on insurance, and I'm sure there are many businesses that don't pay the full amount. If you

look at the whole picture of employee compensation, and how far we are in salaries behind, and

the one thing they have to hold on to is a sure and certain benefit that their healthcare is off the

table. They still want as much raise as they can get, but it compensates a lot. When your not

competitive in salaries, you have to be better at something, so one way to retain some people is if

healthcare is pretty good. Furthermore, although we pay 100%, our cost for healthcare is much

less than many other states.

Chair Carlson: We have a motion and a second on amendment 0304 to SB 2247. Roll call vote

conducted, amendment passes.

Closed General Discussion Hearing.

Committee Clerk Signature	Chris	Merand	a-

Minutes:

Rep. Ken Svedjan, Chairman opened the discussion on SB2247.

Rep. Al Carlson distributed handout #59.1 (attached) and explained that this is the Bonus Bill that originally had \$1.2 million. Amendment #0304 hothouses the bill. It sets the compensation at 4% the first year and 5% the second year. This establishes a \$108 minimum and has the same features that HB1050 had when we sent it across. Those features include that of the 5%, 3% is for the raises and 2% is distributed based on equity, merit raises, market adjustments, and discretionary salary adjustments. The rest of the language explains that if people don't meet the standards or if they are on probation, they would not be eligible for the increases. The basis for the \$108 minimum is that it establishes a contribution on the part of the employee on their health care of \$54. The \$108 dollar minimum is to make sure that those people on the low end of the pay scale would be held harmless on this so they could still receive their 4%. The state's share of health care is \$500. Rep. Carlson reviewed the figures on the attached handout.

Page 2 House Appropriations Committee Bill/Resolution Number SB2247 Hearing Date March 31 2005

**Rep. Ken Svedjan, Chairman** clarified that employees lower on the compensation scale receive the highest level of increase.

**Rep. Al Carlson** answered that this was correct and moved to adopt amendment #0304 to SB2247.

Rep. Francis J. Wald seconded

**Rep. Ron Carlisle** moved a substitute amendment to SB2247 by giving the Department of Corrections and Rehabilitation \$600,000 and the Office and Management and Budget \$600,000. Rep. Carlisle requested a roll call vote.

Rep. Bob Martinson seconded

**Rep. Mike Timm, Vice Chairman** asked if this would be better as a further amendment. (meter Tape #1, side A, #17.3)

Rep. Ron Carlisle answered no and clarified the amendment that would hog house the bill.

Rep. Al Carlson commented that there needed to be debate on the original amendment first.

**Rep. Ken Svedjan, Chairman** stated that both amendments could be debated within the discussion of the substitute motion.

**Rep. David Monson** commented that he would like to see this discussion move in the direction of Rep Carlson's amendment so he would resist this substitute motion.

**Rep. Pam Gulleson** asked why legislator's were not included in Section 3 of the amendment for requirement of contributing \$54 for the health care premium.

Rep. Al Carlson answered that this discussion never came up

Rep. Pam Gulleson asked if the legislators were considered employees in this section

Mr.. Jim Smith of legislative council answered that the legislators were included as employees here.

**Rep. Francis J. Wald** commented that private corporations are beginning to cap health care costs. Several households are doubly insured and with both plans to work from over utilization happens.

**Rep. Alon C. Wieland** asked if any discussion was held regarding future employees with regards to single and family coverage.

**Rep. Al Carlson** answered that this was discussion happened in an earlier bill that was defeated in this committee so we did not include this discussion in this bill.

**Rep. Ron Carlisle** asked if all lawmakers would need to begin paying health care. Also, do judges pay for their health care. (meter Tape #1, side A, #23.9)

Mr. Allen Knudson of legislative council answered yes

**Rep. Mike Timm, Vice Chairman** commented that he would resist the substitute motion because this amendment only benefits two groups of people.

Rep. Eliot Glassheim commented that the interim committee came to no opinion in the end regarding the health care issue because there were so many diverse opinions overall. We are making this recommendation without any public testimony being heard on this issue, without any discussion, analysis or data on this issue. This is happening in the private section, however our salaries are not competitive with the private sector. This is the reason for the high turnover and the difficulty in hiring new people. The one thing good that we offer is a decent health care package. When you start taking that away, and pay only minimal increases, then you have a serious problem in state government employment. The way this is set up, those earning \$16,000

per year will receive the full 4% net increase. But those earning \$24,000 to \$48,000 are only receiving 2-2.7%. In the second year they are not receiving 5% they are receiving 3% plus they have to pay for their health care. This is really a 3 and 2 percent net raise in reality.

**Rep. Al Carlson** commented that this proposal is the highest of all the proposals made this session in either chamber. The turnover rate for state employees at 8% is acceptable, not high. The health care policy stays the same for most and it is participation that drives the utilization. If testimony was heard, the employees and the public would not want to hear what private industry is paying on health care benefits.

**Rep. Mike Timm, Vice Chairman** asked why we would want a package where only two groups of employees are being rewarded rather than all of the employees. We should pass the original amendment and then take out section three if that is a problem, but it is not good to vote for this substitute amendment.

**Rep. Ken Svedjan, Chairman** commented that the organization in which Rep Svedjan works made a change in health care two years ago and they switched to an 80/20 plan. This proposal is better than that. This increase is built in to future salary increases so everything is covered and this effects all employees instead of just two groups of people.

**Rep. Keith Kempenich** commented that if this is passed the legislature is receiving a net decrease over the next two years overall.

**Rep. Eliot Glassheim** explained that the proposal by Rep Carlson had all increases under the 4 level so it must take it down to under the 3 level since this proposal would mean they would need to start paying for their health care too. This proposal is not evenly distributed either since 2% of the increase is for selected employees. And, the balance is 3%, that will be less too once they pay

for their own health care. This also puts these bonuses on top of the taxable income so they wouldn't be receiving it in its entirety after taxes were removed. Overall this proposal is not a good deal for the employees.

**Rep. Ken Svedjan, Chairman** called for a roll call vote on the substitute motion to a give DOCR \$600,000 and OMB \$600,000. Motion failed with a vote of 11 yeas, 12 neas, and 0 absences. Rep Carlisle requested a minority report on this amendment, but they would have to wait until after the bill is passed by committee and the majority report is in place. (meter Tape #1, side A, #37.0.

**Rep. Ken Svedjan, Chairman** explained that we had the original motion in front of us to adopt amendment #0304 to SB2247

**Rep. Al Carlson** commented that there is \$2.6 million more going into salaries, then what was there before.

**Rep. Alon C. Wieland** asked if salaries would be interpellated and brought up to the point where the net increase of \$54.00 starts to leave and then it becomes over \$54.00 and then it goes into the regular percentage.

**Rep. Al Carlson** answered that this was correct.

**Rep. Bob Martinson** moved a substitute motion to delete section 3 of amendment #0304 so this can be a true 4% and 5% salary increase.

Rep. Ron Carlisle seconded

**Rep. David Monson** commented that he would resist this substitute motion because it is a good idea to be moving in the direction that employees take a part of the cost for insurance because the costs are getting too high and stifling other salary increases.

Page 6 House Appropriations Committee Bill/Resolution Number SB2247 Hearing Date March 31 2005

**Rep. Ken Svedjan, Chairman** called for a roll call vote on the substitute motion to remove section 3 from amendment #0304. Motion carried with a vote of 12 yeas, 11 neas, and 0 absences.

Rep. Al Carlson moved a Do Not Pass motion on SB2247

Rep. Jeff Delzer seconded

**Rep. Ken Svedjan, Chairman** led a discussion concerning procedure which ended in the consensus that the amendment has not been adopted yet.

Rep. Al Carlson and Rep. Jeff Delzer withdrew their motion

**Rep. Ken Svedjan, Chairman** explained that the committee is now looking at SB2247 with amendment #0304 minus section 3.

**Rep. Mike Timm, Vice Chairman** moved to adopt amendment #0304 without section 3, to SB2247

Rep. Bob Martinson seconded

**Rep. Al Carlson** commented that if section 3 is removed from this amendment then it should be killed and then kill the original bill.

**Rep. Jeff Delzer** commented that the committee ought to deal with the original bill and decided what to do with that rather than adopt these amendments.

**Rep. Ken Svedjan, Chairman** called for a voice vote on the motion to adopt amendment #0304 without section 3, to SB2247. Vote was unclear. A roll call vote was called. Motion failed with a vote of 11 yeas, 12 neas, 0 absences.

**Rep. Ron Carlisle** moved to amend original bill with the \$1.2 million divided equally between DOCR and OMB. Rep Carlisle requested a recorded vote.

Page 7 House Appropriations Committee Bill/Resolution Number SB2247 Hearing Date March 31 2005

Rep. Bob Martinson seconded

**Rep. Al Carlson** commented that the committee ought to resist this amendment because we spent a great deal of time yesterday debating the amount of money that should go to DOCR and we decided on an amount. Now this amendment would take what could have gone to all employees and adds it to the already agreed upon amount for DOCR. This is a mistake.

**Rep. Alon C. Wieland** commented that he was under the impression that this bill is a one time bonus and not a salary raise. Is this correct?

**Rep. Ken Svedjan, Chairman** explained that the original bill is a bonus that goes back to January 1. This amendment would hog house the bill and would provide \$600,000 to DOCR and \$600,000 to OMB for critical salary needs. So yes this is now a raise issue.

**Rep. David Monson** asked that the committee resist this amendment commented that it was not right to give a lot of money to only two groups

**Rep. Mike Timm, Vice Chairman** moved a substitute motion to return this bill to the subcommittee to be further discussed and come back to the full committee with a new recommendation.

**Rep. Blair Thoreson** seconded

**Rep. James Kerzman** commented that this motion should be opposed and would like to comment on the fact that the budget for corrections has not been agreed upon as Rep Carlson referred to earlier.

**Rep. Pam Gulleson** asked if the bonus was separate from the pay package and/or if this bill was meant to be a vehicle for arguing the salary package. Because it was not, I would resist the

Page 8 House Appropriations Committee Bill/Resolution Number SB2247 Hearing Date March 31 2005

motion to send this back to committee since we should decide this now and argue the salary package issues when the other bills come before this committee. (meter Tape #1, side B, #6.8)

Rep. Francis J. Wald asked if this one time bonus becomes part of the base.

Rep. Ron Carlisle and Rep. Al Carlson answered that this was correct

**Rep. Al Carlson** commented that this is obviously a point of discussion. Whether it was the bonus bill or the equity payments. This bill is focused on all employees and it should stay this way. Our committee will try to work this out this way.

**Rep. Ken Svedjan, Chairman** called for a voice vote on the motion to send this bill back to the government performance subcommittee to further discussion and recommendation. Motion carried. Rep Svedjan assigned SB2247 back to subcommittee and closed the discussion on SB2247.

Rep. Monson: Second.

Roll call vote. SB 2247 is a do pass, as amended.

### 2005 HOUSE STANDING COMMITTEE MINUTES

## BILL/RESOLUTION NO. SB2247 State Employee Bonus Payments

House Appropriations Full Committee

☐ Conference Committee

Hearing Date April 4, 2005

Tape Number	Side A	Side B	Meter #
1		X	#20.7 - #44.5
Committee Clerk Signa	ture (Mhrs	Sheander	

Minutes:

Rep. Ken Svedjan, Chairman opened the discussion on SB2247.

Rep. Al Carlson distributed handout #61-2 (attached) and moved amendment #0305 to SB2247.

Rep. Bob Skarphol seconded

**Rep. Al Carlson** explained that this is a hog house amendment that establishes a compensation at 4% for the first year in the biennium and 4% in the second year with a minimum of \$80. It also calls for a contribution from the employee of 5% of the health benefits.

Rep. Ron Carlisle commented that this still asks employees to pay for their own health care and I cannot support this

**Rep. Joe Kroeber** moved a substitute motion to amend SB2247 with amendment #0306 which would take the bill back to the Governor's recommendation of the \$5 million equity pool of which \$2.5 million general fund and \$2.5 million is special funds.

Page 2 House Appropriations Committee Bill/Resolution Number SB2247 Hearing Date April 4, 2005

**Rep. Tom Brusegaard** and **Rep. Ken Svedjan, Chairman** led a discussion concerning the procedures for substitute motions.

Rep. Ole Aarsvold seconded

**Rep. Bob Skarphol** commented that he would resist this motion because we have already created equity pools in a couple of agency and we should not add to these pools in at least those agencies. (meter Tape #1, side B, #28.3)

**Rep. Joe Kroeber** answered that we have added funds to other bills because we thought it important so this is no different.

**Rep. Mike Timm, Vice Chairman** commented that this amendment creates an equity pool but does not give the employees a raise.

**Rep. Joe Kroeber** explained that HB1050 is the bill which includes the raises for the employees.

**Rep. Francis J. Wald** asked if section 1 was the way the Governor's budget had this **Rep. Joe Kroeber** answered that he had asked that the amendment be drafted based on the Governor's recommendation.

**Rep. Ken Svedjan, Chairman** called for a roll call vote on the motion to adopt amendment #0306 to SB2247. Motion failed with a vote of 8 yeas, 14 neas, and 1 absence. Rep Svedjan explained that this brings the committee back to amendment #0305.

**Rep. Eliot Glassheim** commented that he would resist this motion because it is not smart to fool with this. The best thing about employment at the state is the health care.

**Rep. Al Carlson** answered that this topic will not go away. The rising cost of health care will always be an issue and it deserves a discussion on the house floor.

Page 3 House Appropriations Committee Bill/Resolution Number SB2247 Hearing Date April 4, 2005

**Rep. Eliot Glassheim** referred to handout #61-2 (attached) and noted that some employees only get 1-1.25% in the second year.

**Rep. James Kerzman** asked why the private industry is paying over \$700 in insurance if they are so conscious of the utilization issue.

**Rep. Al Carlson** commented that there were lots of options to discuss with this, but we discuss them because we keep saying that the state needs to pay 100% of the health benefits.

Rep. Joe Kroeber commented that the highest factor in utilization is not availability, but age.

**Rep. Ken Svedjan, Chairman** called for a voice vote on the motion to adopt amendment #0305 to SB2247. Motion carried

Rep. Al Carlson moved a Do Pass As Amended motion for SB2247

Rep. Bob Skarphol seconded

**Rep. Ole Aarsvold** commented that this bill should be defeated because we should not take away the one thing that employees look forward to in working for the state.

**Rep. Ken Svedjan, Chairman** called for a roll call vote on the Do Pass As Amended motion for SB2247. Motion carried with a vote of 13 yeas, 9 neas and 1 absence. Rep Carlson will carry the bill to the house floor.

Rep. Joe Kroeber requested a minority report on amendment #0306 (withdrawn later).

Rep. Ken Svedjan, Chairman closed the discussion on SB2247 and adjourned meeting.

## 2005 HOUSE STANDING COMMITTEE MINUTES

## BILL/RESOLUTION NO. SB2247 State Employee Bonus Payments

House Appropriations Full Committee

☐ Conference Committee

Hearing Date April 5, 2005

Tape Number	Side A	Side B	Meter #
1	X	***************************************	#0 - #6.8
Committee Clerk Signat	ure Chars	Allande	

Minutes:

Rep. Ken Svedjan, Chairman opened the discussion on SB2247.

**Rep. Tom Brusegaard** moved to reconsider the committee's action on SB2247.

Rep. Blair Thoreson seconded.

**Rep. Ken Svedjan, Chairman** called for a voice vote on the motion to reconsider the committee's actions on SB2247. Motion carried.

Rep. Al Carlson moved adopt amendment #0308 to SB2247.

Rep. Mike Timm, Vice Chairman seconded

**Rep. Al Carlson** explained that the amendment is a 4% increase in the first year and a 4% increase in the second year with a \$60.00 minimum provided for each year. Section 2 explains that 1% of the second year's 4% could be used for merit or equity.

Page 2 House Appropriations Committee Bill/Resolution Number SB2247 Hearing Date April 5, 2005

**Rep. Ken Svedjan, Chairman** explained that this amendment allows for a 4-4 plan and allows 1% to be used for merit and equity raises. This merit section is not required of the agencies but they can use it if they want.. This also includes a \$60.00 minimum for lower level employees.

**Rep. Ole Aarsvold** asked if section 2 of the amendment was a 3-1 plan

**Rep. Ken Svedjan, Chairman** explained that it could be but the 1% is permissive but not required of the agencies.

**Rep. Mike Timm, Vice Chairman** asked if the committee could please use the 4-4 plan semantics in our discussions on this so people don't misunderstand again.

**Rep. Francis J. Wald** asked what the additional cost would be for the \$60.00 minimum.

**Rep. Ken Svedjan, Chairman** answered that if every agency took did this the cost would total approximately \$500,000. This is in addition to the 4-4 plan.

**Rep. Ken Svedjan, Chairman** called for a voice vote on the motion to adopt amendment #0308 to SB2247. Motion carried.

**Rep. Al Carlson** moved a Do Pass As Amended motion to SB2247.

Rep. Tom Brusegaard seconded

**Rep. Ken Svedjan, Chairman** called for a roll call vote on the Do Pass As Amended motion for SB2247. Motion carried with a vote of 22 yeas, 1 neas and 0 absences. Rep Carlson will carry the bill to the house floor.

Rep. Ken Svedjan, Chairman closed the discussion on SB2247.

## PROPOSED AMENDMENTS TO REENGROSSED HOUSE BILL NO. 2247

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to provide an appropriation for a statewide equity pool for classified state employees.

## BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. APPROPRIATION.** There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$2,500,000, or so much of the sum as may be necessary, and from other funds the sum of \$2,500,000, to the office of management and budget for the purpose of providing market equity compensation adjustments for classified state employees, for the biennium beginning July 1, 2005, and ending June 30, 2007.

SECTION 2. STATEWIDE EQUITY POOL FOR CLASSIFIED STATE EMPLOYEES. The statewide equity pool funding included in section 1 of this Act must be used for market equity compensation adjustments for classified state employees. The market equity adjustments are to begin with the month of July 2005, to be paid in August 2005. The market equity adjustments are to be independent of any general salary increase provided by the fifty-ninth legislative assembly.

The market equity increases are to be prioritized based on equity for employees whose salaries are furthest from their respective salary range midpoints effective July 1, 2005. Market equity increases may not be give to employees whose salary exceeds the midpoints of their assigned salary range effective July 1, 2005.

Probationary employees are eligible for the market equity increases. Employees whose documented performance levels do not meet standards are not eligible for the market equity increases.

The human resource management services shall provide a model base plan to each agency. Agencies may adopt the model plan, adopt the model plan with exceptions, or offer an alternative plan which meets the intent outlined in this section.

Upon adoption of an appropriate plan and application to the human resource management services, the fiscal management division shall transfer appropriated general fund or special fund spending authority for the increases to the agencies."

Renumber accordingly

## PROPOSED AMENDMENTS TO REENGROSSED SENATE BILL NO. 2247

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to provide a statement of legislative intent regarding state employee compensation adjustments; and to amend and reenact section 54-52.1-06 of the North Dakota Century Code, relating to state employee contributions for participation in the uniform group insurance program.

## BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. LEGISLATIVE INTENT - STATE EMPLOYEE COMPENSATION ADJUSTMENTS - GUIDELINES. It is the intent of the fifty-ninth legislative assembly that 2005-07 biennium compensation adjustments for permanent state employees are to be increases of four percent with a minimum increase of \$108 beginning with the month of July 2005, to be paid in August 2005, and of five percent beginning with the month of July 2006, to be paid in August 2006. Of the five percent increase beginning with the month of July 2006, two percent is to be distributed for the following adjustments:

- 1. Equity increases to address a documented and serious internal agency inequity affecting the agency's ability to retain an employee.
- Market adjustments to address a documented external salary disparity identified by comparison with generally recognized market data.
   Appropriate documentation supporting all market adjustments must be maintained. Market adjustments may not be provided in situations where serious internal inequities will result.
- 3. Merit and performance increases in recognition of documented performance which is consistently superior or which consistently exceeds performance and accountability standards.
- 4. Discretionary salary adjustments at the discretion of the appointing authority based on changes in workload, promotion, reclassification, or other permanent job reassignment. Appropriate documentation and justification must be maintained by the appointing authority.

Employees whose documented performance levels do not meet standards are not eligible for the general increases.

Probationary employees are not entitled to the general increases. However, probationary employees may be given all or a portion of the increases upon completion of probation, at the discretion of the appointing authority.

During the biennium, no salary increase other than the four percent with a minimum of \$108 in July 2005 and the five percent in July 2006 may be given to an employee whose salary exceeds or would exceed the salary range maximum.

Each agency appropriation for salaries and wages is increased by four percent with a minimum of \$108 the first year and five percent the second year of the 2005-07 biennium for these compensation adjustments.

SECTION 2. AGENCY SALARY INCREASE INFORMATION. State agencies shall report to the human resources management services division of the office of management and budget in the format developed by the division, information regarding

the state employee salary increases provided pursuant to section 1 of this Act. The human resources management services division shall analyze the impact of the increases on the classified employee system and include this analysis in the division's presentation to the appropriations committees of the sixtieth legislative assembly.

**SECTION 3. AMENDMENT.** Section 54-52.1-06 of the North Dakota Century Code is amended and reenacted as follows:

54-52.1-06. State contribution - State employee contribution. Each department, board, or agency shall pay to the board each month from its funds appropriated for payroll and salary amounts a state contribution in the amount as determined by the primary carrier of the group contract less employee contributions as required by this section for the full single rate monthly premium for each of its eligible employees enrolled in the uniform group insurance program and the full rate monthly premium, in an amount equal to that contributed under the alternate family contract less employee contributions as required by this section, including major medical coverage, for hospital and medical benefits coverage for spouses and dependent children of its eligible employees enrolled in the uniform group insurance program pursuant to section 54-52.1-07. An eligible employee employed by a state department, board, or agency who, on July 1, 2005, is participating in the uniform group insurance program and for whom that eligible employee's employer is paying a premium must be assessed and required to pay monthly fifty-four dollars for uniform group insurance program coverage under this section. The assessment must be deducted and retained out of the eligible employee's salary. The board shall then pay the necessary and proper premium amount for the uniform group insurance program to the proper carrier or carriers on a monthly basis. Any refund, rebate, dividend, experience rating allowance, discount, or other reduction of premium amount must be credited at least annually to a separate fund of the uniform group insurance program to be used by the board to reimburse the administrative expense and benefit fund of the public employees retirement program for the costs of administration of the uniform group insurance program. In the event an enrolled eligible employee is not entitled to receive salary, wages, or other compensation for a particular calendar month, that employee may make direct payment of the required premium to the board to continue the employee's coverage, and the employing department, board, or agency shall provide for the giving of a timely notice to the employee of that person's right to make such payment at the time the right arises."

Renumber accordingly

## PROPOSED AMENDMENTS TO REENGROSSED SENATE BILL NO. 2247

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to provide a statement of legislative intent regarding state employee compensation adjustments; to amend and reenact section 54-52.1-06 of the North Dakota Century Code, relating to state employee contributions for participation in the uniform group insurance program; to provide for application; and to declare an emergency.

## BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. LEGISLATIVE INTENT - STATE EMPLOYEE COMPENSATION ADJUSTMENTS - GUIDELINES. It is the intent of the fifty-ninth legislative assembly that 2005-07 biennium compensation adjustments for permanent state employees are to be increases of four percent with a minimum increase of \$80 beginning with the month of July 2005, to be paid in August 2005, and of four percent beginning with the month of July 2006, to be paid in August 2006. Employees are to contribute five percent of the monthly cost of the uniform group insurance program under section 54-52.1-06. Of the four percent increase beginning with the month of July 2006, two percent is to be distributed for the following adjustments:

- 1. Equity increases to address a documented and serious internal agency inequity affecting the agency's ability to retain an employee.
- Market adjustments to address a documented external salary disparity identified by comparison with generally recognized market data.
   Appropriate documentation supporting all market adjustments must be maintained. Market adjustments may not be provided in situations where serious internal inequities will result.
- 3. Merit and performance increases in recognition of documented performance which is consistently superior or which consistently exceeds performance and accountability standards.
- 4. Discretionary salary adjustments at the discretion of the appointing authority based on changes in workload, promotion, reclassification, or other permanent job reassignment. Appropriate documentation and justification must be maintained by the appointing authority.

Employees whose documented performance levels do not meet standards are not eligible for the general increases.

Probationary employees are not entitled to the general increases. However, probationary employees may be given all or a portion of the increases upon completion of probation, at the discretion of the appointing authority.

During the biennium, no salary increase other than the four percent with a minimum of \$80 in July 2005 and the four percent in July 2006 may be given to an employee whose salary exceeds or would exceed the salary range maximum.

Each agency appropriation for salaries and wages is increased by four percent with a minimum of \$80 the first year and four percent the second year of the 2005-07 biennium for these compensation adjustments.

SECTION 2. AGENCY SALARY INCREASE INFORMATION. State agencies shall report to the human resources management services division of the office of management and budget in the format developed by the division information regarding the state employee salary increases provided pursuant to section 1 of this Act. The human resources management services division shall analyze the impact of the increases on the classified employee system and include this analysis in the division's presentation to the appropriations committees of the sixtieth legislative assembly.

**SECTION 3. AMENDMENT.** Section 54-52.1-06 of the North Dakota Century Code is amended and reenacted as follows:

54-52.1-06. State contribution - State employee contribution. Each department, board, or agency shall pay to the board each month from its funds appropriated for payroll and salary amounts a state contribution in the amount as determined by the primary carrier of the group contract less employee contributions as required by this section for the full single rate monthly premium for each of its eligible employees enrolled in the uniform group insurance program and the full rate monthly premium, in an amount equal to that contributed under the alternate family contract less employee contributions as required by this section, including major medical coverage, for hospital and medical benefits coverage for spouses and dependent children of its eligible employees enrolled in the uniform group insurance program pursuant to section 54-52.1-07. An eligible employee employed by a state department, board, or agency who is participating in the uniform group insurance program and for whom that eligible employee's employer is paying a premium must be assessed and required to pay monthly five percent of the total premium for uniform group insurance program coverage under this section. The assessment must be deducted and retained out of the eligible employee's salary. The board shall then pay the necessary and proper premium amount for the uniform group insurance program to the proper carrier or carriers on a monthly basis. Any refund, rebate, dividend, experience rating allowance, discount, or other reduction of premium amount must be credited at least annually to a separate fund of the uniform group insurance program to be used by the board to reimburse the administrative expense and benefit fund of the public employees retirement program for the costs of administration of the uniform group insurance program. In the event an enrolled eligible employee is not entitled to receive salary, wages, or other compensation for a particular calendar month, that employee may make direct payment of the required premium to the board to continue the employee's coverage, and the employing department, board, or agency shall provide for the giving of a timely notice to the employee of that person's right to make such payment at the time the right arises.

**SECTION 4. APLICATION OF ACT.** Section 3 of this Act applies to health insurance premiums paid for health insurance coverage after June 30, 2005.

**SECTION 5. EMERGENCY.** Section 3 of this Act is declared to be an emergency measure."

## REPORT OF STANDING COMMITTEE

SB 2247, as reengrossed: Appropriations Committee (Rep. Svedjan, Chairman) recommends AMENDMENTS AS FOLLOWS and when so amended, recommends DO PASS (13 YEAS, 9 NAYS, 1 ABSENT AND NOT VOTING). Reengrossed SB 2247 was placed on the Sixth order on the calendar.

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to provide a statement of legislative intent regarding state employee compensation adjustments; to amend and reenact section 54-52.1-06 of the North Dakota Century Code, relating to state employee contributions for participation in the uniform group insurance program; to provide for application; and to declare an emergency.

## BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. LEGISLATIVE INTENT - STATE EMPLOYEE COMPENSATION ADJUSTMENTS - GUIDELINES.** It is the intent of the fifty-ninth legislative assembly that 2005-07 biennium compensation adjustments for permanent state employees are to be increases of four percent with a minimum increase of \$80 beginning with the month of July 2005, to be paid in August 2005, and of four percent beginning with the month of July 2006, to be paid in August 2006. Employees are to contribute five percent of the monthly cost of the uniform group insurance program under section 54-52.1-06. Of the four percent increase beginning with the month of July 2006, two percent is to be distributed for the following adjustments:

- 1. Equity increases to address a documented and serious internal agency inequity affecting the agency's ability to retain an employee.
- 2. Market adjustments to address a documented external salary disparity identified by comparison with generally recognized market data. Appropriate documentation supporting all market adjustments must be maintained. Market adjustments may not be provided in situations where serious internal inequities will result.
- 3. Merit and performance increases in recognition of documented performance which is consistently superior or which consistently exceeds performance and accountability standards.
- 4. Discretionary salary adjustments at the discretion of the appointing authority based on changes in workload, promotion, reclassification, or other permanent job reassignment. Appropriate documentation and justification must be maintained by the appointing authority.

Employees whose documented performance levels do not meet standards are not eligible for the general increases.

Probationary employees are not entitled to the general increases. However, probationary employees may be given all or a portion of the increases upon completion of probation, at the discretion of the appointing authority.

During the biennium, no salary increase other than the four percent with a minimum of \$80 in July 2005 and the four percent in July 2006 may be given to an employee whose salary exceeds or would exceed the salary range maximum.

Each agency appropriation for salaries and wages is increased by four percent with a minimum of \$80 the first year and four percent the second year of the 2005-07 biennium for these compensation adjustments.

Module No: HR-61-7226 Carrier: Carlson

Insert LC: 50226.0305 Title: .0400

SECTION 2. AGENCY SALARY INCREASE INFORMATION. State agencies shall report to the human resources management services division of the office of management and budget in the format developed by the division information regarding the state employee salary increases provided pursuant to section 1 of this Act. The human resources management services division shall analyze the impact of the increases on the classified employee system and include this analysis in the division's presentation to the appropriations committees of the sixtieth legislative assembly.

**SECTION 3. AMENDMENT.** Section 54-52.1-06 of the North Dakota Century Code is amended and reenacted as follows:

State contribution - State employee contribution. 54-52.1-06. department, board, or agency shall pay to the board each month from its funds appropriated for payroll and salary amounts a state contribution in the amount as determined by the primary carrier of the group contract less employee contributions as required by this section for the full single rate monthly premium for each of its eligible employees enrolled in the uniform group insurance program and the full rate monthly premium, in an amount equal to that contributed under the alternate family contractless employee contributions as required by this section, including major medical coverage, for hospital and medical benefits coverage for spouses and dependent children of its eligible employees enrolled in the uniform group insurance program pursuant to section 54-52.1-07. An eligible employee employed by a state department, board, or agency who is participating in the uniform group insurance program and for whom that eligible employee's employer is paying a premium must be assessed and required to pay monthly five percent of the total premium for uniform group insurance program coverage under this section. The assessment must be deducted and retained out of the eligible employee's salary. The board shall then pay the necessary and proper premium amount for the uniform group insurance program to the proper carrier or carriers on a monthly basis. Any refund, rebate, dividend, experience rating allowance, discount, or other reduction of premium amount must be credited at least annually to a separate fund of the uniform group insurance program to be used by the board to reimburse the administrative expense and benefit fund of the public employees retirement program for the costs of administration of the uniform group insurance program. In the event an enrolled eligible employee is not entitled to receive salary, wages, or other compensation for a particular calendar month, that employee may make direct payment of the required premium to the board to continue the employee's coverage, and the employing department, board, or agency shall provide for the giving of a timely notice to the employee of that person's right to make such payment at the time the right arises.

**SECTION 4. APPLICATION OF ACT.** Section 3 of this Act applies to health insurance premiums paid for health insurance coverage after June 30, 2005.

**SECTION 5. EMERGENCY.** Section 3 of this Act is declared to be an emergency measure."

2005 TESTIMONY

SB 2247

## **TESTIMONY ON SB 2247**

### SENATE GVA COMMITTEE

January 27, 2005

Madame Chair and members of the committee, my name is Tom Tupa and I am representing the Independent ND State Employee's Association (INDSEA). I am here in urging your support for SB 2247.

In 2004 INDSEA established four objectives for its membership. One was to seek a "reasonable salary increase applied equitably to all State employees". SB 2247 is a good beginning.

In 2003, there was an attempt to provide a slight salary adjustment but, that effort did not become a reality for many State employees. While most, if not all, Higher Education employees got their increases, few, if any classified employees in the Executive branch got their's. (The exception might be a few reclassifications or promotions.)

We applaud Higher Education for giving salary adjustments in the last biennium.

Now it is time for the Career Service Employees to get some consideration.

INDSEA believes SB 2247 is a good place to start. By now, most employees and legislators have seen or heard of the Compensation report put together by the ND Human Resource Management Services Office of OMB. The information contained in that report, shows ND state employee salaries far behind most other states and the private market.

The report, among other findings, shows a high employee turnover rate in the first 5 years of State employment. That tells me that State government has become a training

ground for other employers. Those "other" employers, be they in the public or the private sector, are getting the benefit of hiring well trained employees – employees trained at State expense. We need to halt the State employee out migration to other employers – either in or out of State.

The Compensation Report also addresses the retirement projections for the next several years. If we think we have a problem with recruitment and retention of good, quality employees today, wait till 2007 and beyond when it is projected we could have 32 % of our State workforce eligible for retirement. A pay increase will help keep those employees at their desks.

I would also like to suggest to the committee that you give attention to the distribution formula of the percentage adjustments. You may want to consider a flat dollar amount across the board rather than the percentage distribution.

Madame Chair and committee members, I urge you to give serious consideration to SB 2247 and its request for the catch-up salary increase this year and its retroactive application.

Please give SB 2247 a strong "do pass" recommendation. This is <u>not</u> an extravagant request, but one that would go a long way toward telling State employees we care about them and their well-being.

Thank you, Madame Chair and committee members. I will try to respond to any question you might have.

Roger Johnson Agriculture Commissioner www.agdepartment.com

Same Guand Corrected Aviors

Testimony of
Agriculture Commissioner Roger Johnson
SB 2247
Senate Government and Veterans Affairs Committee
January 27, 2005

Chairman Krebsbach and members of the Government and Veterans Affairs Committee, I am Agriculture Commissioner Roger Johnson. I am here today in support of SB2247, which provides raises to state employees retroactive to January 1, 2005.

The lack of raises for state employees as a result of the 2003 Legislature has had a deterimental impact on state employees' morale and has caused our agency significant monetary and other losses.

We are a small state agency—the 2003 Legislature authorized us for 57 FTE's. In the first eighteen months of the current biennium, we have lost ten employees, and the lack of raises for state employees was a significant factor in this extremely high turnover rate. All but one of these employees went to positions outside of state government. In the previous biennium, only three employees left our agency for other employment. Of those three, two went to positions outside of state government, and one left as a result of disciplinary action.

Losing a state employee represents not only the cost of recruiting and filling a vacant position, it also represents a loss of investment in training, a loss of valuable experience and added costs of training a new employee.

The work our state employees do every day is just as important as the work of those who teach in public schools and universities. Approving this package of raises would send a strong signal of support to the employees who make sure that your food is safe, who ensure that pesticides are not misused and who provide an array of other necessary services to the public.

I'd be happy to answer any questions that you have. Thank you for the opportunity to testify.

- \1 In addition, the 2001 Legislative Assembly provided:

\$5 million, \$2.7 million of which is from the general fund, for market equity compensation adjustments for classified employees as approved by the Central Personnel Division.

\$4,628,824 from the general fund for equity and special needs for entities under the control of the State Board of Higher Education. A portion of this amount may be used for salary increases to address equity issues.

\$178,233, \$142,697 of which is from the general fund, for salary equity adjustments for elected and appointed officials.

\2 In addition, the 2005 executive budget recommends:

\$5 million, \$2.5 million of which is from the general fund and \$2.5 million of special funds for market equity salary adjustments based on market data for all classified employees. Those employees furthest from market will receive the largest increase. Employees at or above the midpoint of their salary range will not receive adjustments.

\$1 million to the Department of Corrections and Rehabilitation to provide market equity salary increases for correctional officers.

Prepared by the North Dakota Legislative Council staff for Representative Carlson

This proposal provides a 4 percent first-year salary increase with a \$108 per month minimum to hold harmless lower-paid employees, 50 percent (\$54) of the minimum provides for the additional cost to state employees of their share of health insurance premiums and the remaining 50 percent (\$54) maintains the 4 percent salary increase for lower-paid employees. Under this proposal, the salary increase percentages listed below would be provided for the first year of the biennium based on various salary levels of employees. For the second year, a 5 percent salary increase is provided, 2 percent of which is allocated for equity, market, and other adjustments.

Monthly Salary	Proposed Salary Increase (4% or \$108 Minimum)	Less Proposed Health Insurance Payment	Net Increase	Net Percentage Increase
\$1,350	\$108	\$54	\$54	4%
\$2,025	\$108	\$54	\$54	2.7%
\$2,700	\$108	\$54	\$54	2.0%
\$4,050	\$162	\$54	\$108	2.7%
\$5,400	\$216	\$54	\$162	3.0%
\$6,750	\$270	\$54	\$216	3.2%

#### INTRODUCTION

This report is provided as a resource describing and analyzing the compensation of North Dakota State Employees. The report focuses on "career service" employees.

North Dakota currently employs approximately 7,316 'regular' employees. This number does NOT include the University System. This number does not include temporary employees

Generally, the 7,316 employees is comprised of:

6,409	Classified	Career or Civil Service employees under the jurisdiction of HRMS Personnel System
907	Unclassified	Includes State Officials (Elected, Appointed, Deputies); Legislative Council staff; ND Court System; Workforce Safety & Insurance; Dept of Commerce; Physicians; Teachers; and other miscellaneous categories

This report focuses on the compensation of the Classified or Career Service employees under the jurisdiction of the classification system administered by the Human Resource Management Services (HRMS) Division of the Office of Management and Budget. The North Dakota Class Evaluation System administered by HRMS provides a consistent basis for determining the relative value of jobs within state government and for comparing that value to the compensation for jobs outside of North Dakota state government.

#### CLASSIFIED EMPLOYEE INFORMATION

The following tables provide a snapshot of facts and figures describing the classified workforce of the state. The first table describes an average employee over the years.

#### **AVERAGE CLASSIFIED STATE EMPLOYEE**

9	31,296	493	41.3	10.6	2,608	0.90
10	34,092	750	44.6	12.4	2,661	0.94
11	37,824	816	46.0	12.3	2,951	0.94
12	41,964	883	45.0	14.3	3,351	0.96
13	46,512	368	45.5	15.1	3,863	1,00
14	50,556	278	47.3	18.0	4,307	1.02
15	57,066	121	49.8	16.8	4,986	1.05
16	63,156	18	51.5	20.0	5,494	1.04
17	69,888	16	49.7	22.0	6,082	1.04
18	77,328	2	52.7	18.8	6,444	1.02
19	85,500	2	46.2	22.3	6,532	0.92
20	94,608	0	rangang adal/III v maganaria			

There are 20 grades in the pay plan although there are no employees currently in grade 1 or 20. 97% of classified employees are in grades 4 through 15.

#### SALARY DISTRIBUTION

#### SALARY DISTRIBUTION

Classified Employee # of					
Salary Dist	ribution	Employees	Percent		
upto	\$10,000	•	0.0%		
\$10,000 to	\$15,000	11	0.2%		
\$15,000 to	\$20,000	613	9.6%		
\$20,000 to	\$25,000	1,157	18.1%		
\$25,000 to	\$30,000	1,192	18.6%		
\$30,000to	\$35,000	1,229	19.2%		
\$35,000to	\$40,000	790	12.3%		
\$40,000 to	\$45,000	561	8.8%		
\$45,000 to	\$50,000	358	5.6%		
\$50,000 to	\$55,000	227	3.5%		
\$55,000 to	\$60,000	103	1.6%		
\$60,000 to	\$65,000	71	1.1%		
\$65,000 to	\$70,000	63	1.0%		
\$70,000to	\$75,000	19	0.3%		
\$75,000to	\$80,000	11	0.2%		
\$80,000 to	\$85,000	2	0.0%		
\$85,000 to	\$90,000	2	0.0%		
		6,409			

- Over 46% of the classified workforce earns less than \$30,000/yr
- 22% of the classified workforce earns more than \$40,000/yr

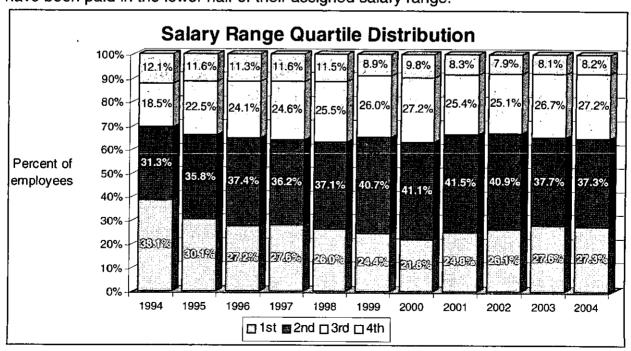

These pay levels may be put further into context with some information regarding the education levels of the workforce:

- 82% of Classified Employees have formal education or trade school beyond high school
- 54% of Classified Employees have a bachelors degree or higher

In the North Dakota general workforce:

- 84% of workers have completed high school
- 22% have a bachelors degree or higher

One goal of a pay plan is to establish salary ranges that are competitive within the employment market. A second goal is to pay employees properly within the salary range based on individual value to the organization (performance, training, experience, etc). One issue facing North Dakota is that funds have not been available to distribute pay of existing employees through the ranges. Consistently, over 2/3 of our employees have been paid in the lower half of their assigned salary range.

#### **TURNOVER INFORMATION**

Turnover rates are often used to evaluate the workplace. Compensation is one employment factor that can affect turnover rates. Other working conditions, benefits, employee/management relations, personal opportunities, and personal issues such as family and spouse employment opportunities can also play a role at least as significant as pay in job retention.

Detailed analysis can identify certain occupations or other demographic segments with more significant turnover issues. The following tables show an overall rate of 8.4% but identify some specific segments of our workforce where turnover is a more significant issue.

#### **Turnover Rate Summaries**

	Rate # Sep'ns Avg # E'ees	
2001	9.0% 571 6,333	
2002	7.7% 509 6,587	
3/2003 - 2/2004	8.4% * 535 6,333	

Implementation of the ConnectND HR module has improved the capability to separate Inter-Agency Transfers when analyzing turnover information.

Percent of Total Turnover By Reason

Reason	2001	2002	2003
Involuntary	10.5%	9.4%	12.1%
Retirement	14.4%	17.5%	22.2%
Other Employment/Personal	66.9%	66.4%	44.7%
Health or No Reason	8.2%	6.7%	20.9%

The reasons people leave state employment show a steady increase in retirement which is consistent with overall workforce demographics.

Although there is a reduction shown in resignations for 'Other Employment/Personal', it appears that may be offset by the increase in 'Health or No Reason'. Some resigning employees simply will not reveal their reasons or future plans.

Turnover rates by occupation are generally confirmed by agency observations of areas where recruiting is difficult. Agencies report that it's more and more difficult to find well-qualified administrative support staff. Educational positions are difficult to fill. Medical/Health occupations continue to see high demand. Custodial & Food Service have shown a significant increase from 2002 to 2003. Lower turnover rates showing up in Information Technology and Engineering

Turnover Rate by Occupation

Occupation	2001	2002	2003
Admin Support	9.1%	8.2%	9.7%
Info Tech	7.8%	6.0%	6.0%
Misc Admin	7.6%	7.6%	6.6%
Education	9.6%	13.2%	9.3%
Engineering	5.3%	3.6%	4.7%
Medical/Health	9.1%	10.7%	13.6%
Social Services	11.6%	9.9%	10.1%
Public Safety	10.2%	7.3%	8,3%
Natl Res/Agric	5.3%	2.5%	4.3%
Custodial & Food Svc	12.4%	6.6%	20.7%
Labor/Trades	6.5%	5.2%	6.0%

occupations is probably due to aggressive salary administration triggered by high demand in those occupations for a number of years.

Finally, when turnover occurs in terms of years of service gives us further clues of what issues might exist. A very large portion (nearly 50%) of our total turnover occurs with employees who have less than 5 years of service.

Especially noteworthy is the rate of 27% for employees with 1-2 years of service; in other words, we lose over ¼ of our employees between their 1 and 2 year anniversaries!

The rate reduces significantly after 5 years and stays low all the way to 30 years of service. The Defined Benefit retirement plan is most likely a significant factor in keeping turnover low among those employees once they pass 5 years of service.

30 - 39.9

Obviously then, turnover increases dramatically as employees with 30 and over 40 years of service qualify for retirement.

#### RETIREMENT PROJECTIONS

A few basic projections done the ND Public Employees Retirement System in March of this year showed that just over 6% of current employees are eligible for 'Normal' or 'Rule of 85' retirement. Another 15% meet requirements for early retirement.

Those same projections advanced to March 2007 showed 13% of current employees eligible for 'Normal' or 'Rule of 85' retirement. Another 19% would meet requirements for early retirement at that time.

The aging 'Baby Boomer' workforce impacting employment throughout the country is also being felt in North Dakota.

14.6%

309

**Turnover Rate by Years of Service** 

The following table compares salary increases appropriated for classified state employees with Market Increases reported through annual Salary Budget Surveys conducted by World at Work (formerly the American Compensation Ass'n) and with the annual reported CPI increase.

#### SALARY SURVEY

Salary survey information is obtained from two sources. North Dakota participates with 26 other states in the Central States Compensation Association. The CSCA is a consortium formed to lessen the burden of states surveying each other and to ensure and improve the quality of salary survey information.

North Dakota focuses on the following 10 state governments for a comparative employment Market:

Colorado

Iowa

Kansas

Minnesota Nebraska

Missouri Oklahoma

Montana South Dakota

Wyoming

The second source is Job Service North Dakota through Occupational Employment Surveys.

Data from both of these sources provide the basis for the following payline charts. Specific data from the two surveys are shown in Appendix 1 – CSCA and in Appendix 2 – Job Service ND.

The following payline charts show comparisons of State Classified pay, Salary Range Midpoints, and Employment Market pay.

Chart 1 – Shows the relationship of average salaries, salary range midpoints, and the employment market as of December 2004.

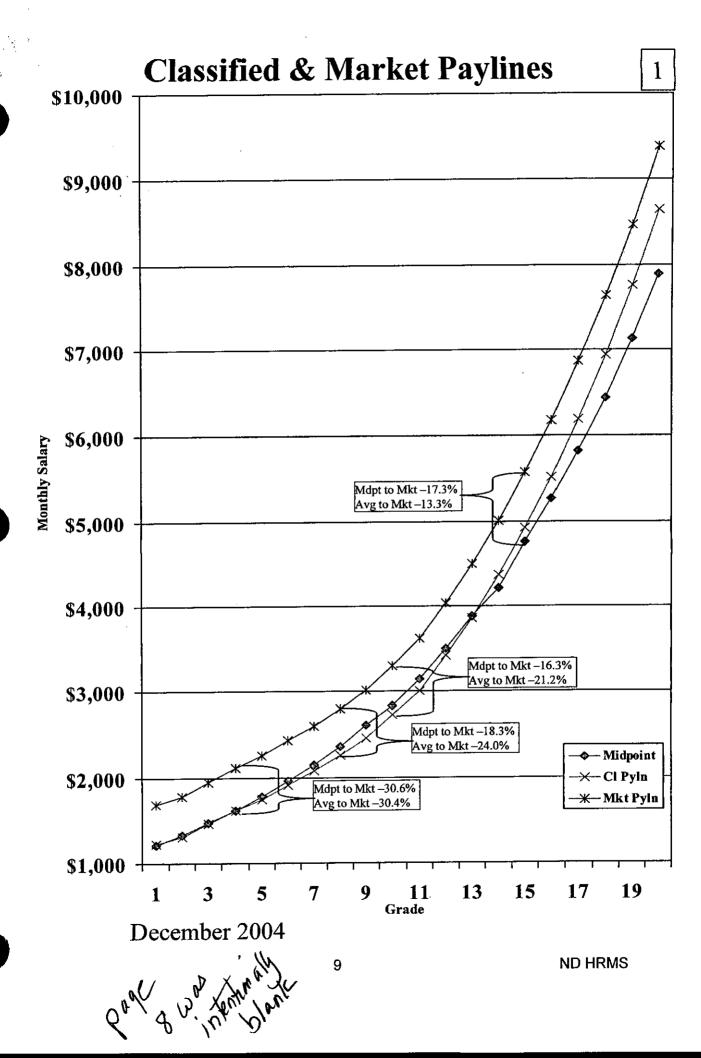

Chart 2 – Shows the same information as Chart 1 but 'zooms' in on grades 4-15 to show more detail. 97% of classified employees are in grades 4-15.

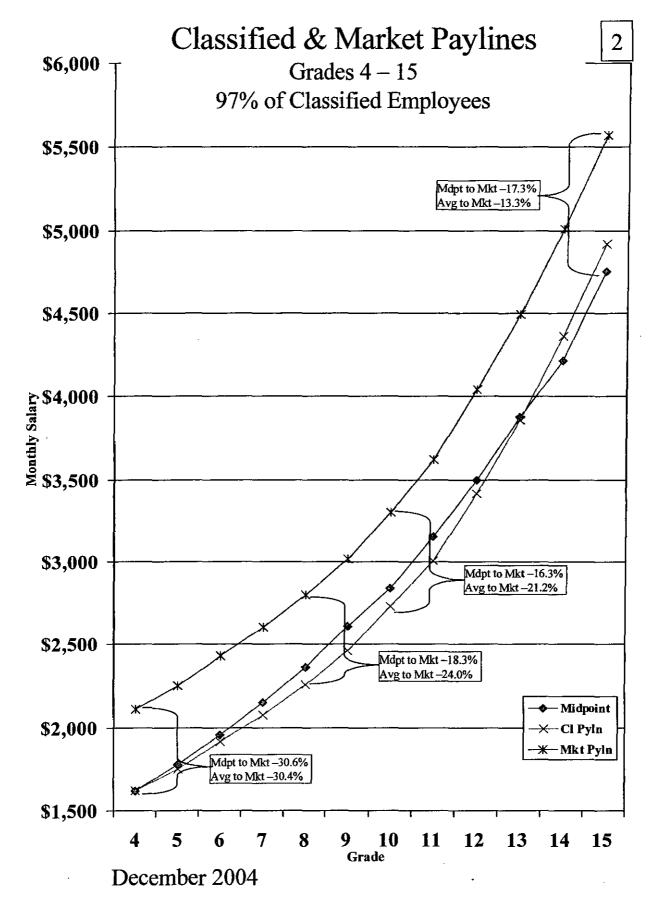

- Average Salaries are lagging market pay ranging from 14 to over 30%
- Classified Midpoints are behind market pay by 17 to 30%

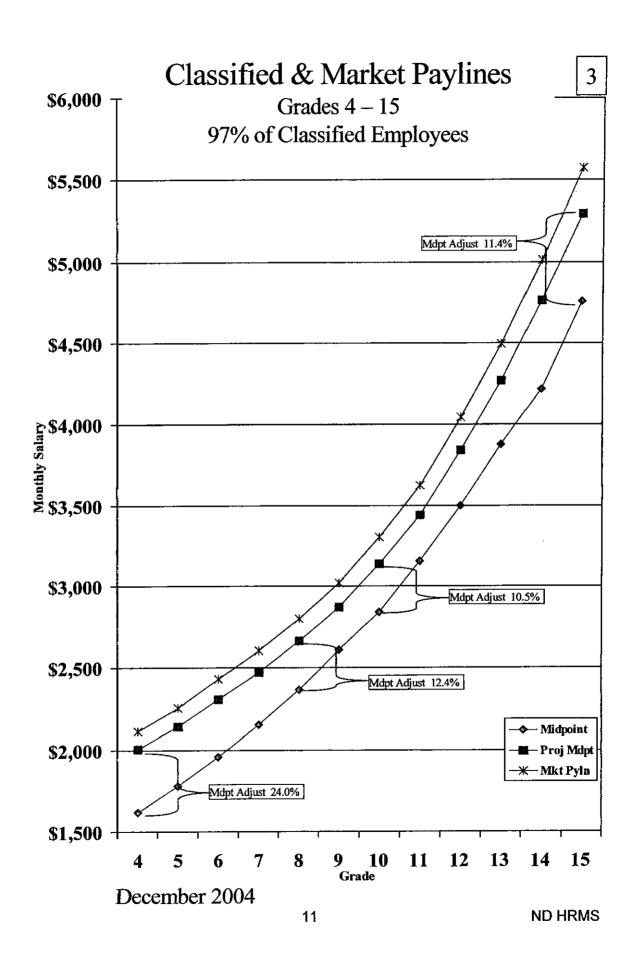

Chart 3 – Shows where the midpoints  $\underline{\text{should be}}$  to maintain a relationship of 95% of market pay

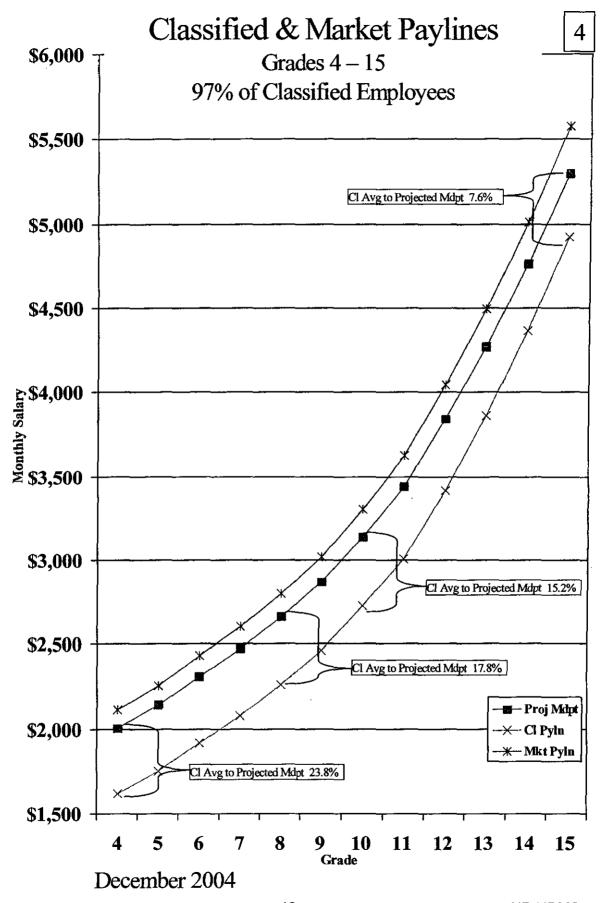

Salary ranges need to be moved from 10 to 24%

Chart 4 – Shows that IF the midpoints are restored to 95% of market, average salaries would range from about 8% to 24% below the midpoints.

#### **BENEFITS**

Another significant component of employee compensation is the fringe benefit package. The CSCA includes benefits in the association's annual survey. Generally, the comparisons focus on the cost of benefits to the employer. Quality of benefits, especially insurances, is extremely difficult if not impossible to compare due to all the variables in coverage options. In general, North Dakota's benefit package is competitive. The following tables compare benefits among the states.

"Table 36 – Central States Regional Total Compensation Analysis (Classified Only)" is taken from the CSCA Benefit Survey Report. The table calculates a 'Total Compensation' value for each state based on the reported average salary for the respective state classified employees and calculates leave based on a 5 year employee. The analysis calculates the hourly value for each benefit and includes that in a Total Compensation value.

Table 36 -	Central S	tates F	Region	al Tota	al Com	pensa	ition	Analy	/sis	(Clas	sified	Only)

For our standard 10-state employment market, the Total Compensation values range from \$21.70/hr in South Dakota to \$32.36/hr in Iowa. The overall average Total Compensation is \$25.77. North Dakota's value is \$22.41 (14.9% below the average). If we include the additional 1% retirement contribution for retiree health insurance, North Dakota's value increases to \$22.57 (14.2% below the average). If we further include the 4% contribution made by the State on behalf of the employee, the value is \$23.20 (11.1% below the average).

The following table provides a further detailed look at health insurance premiums paid by the ten states in our employment market. The health plans in various states include many variables and ranges of plan options making comparisons such as this very complex. The focus of the table is to compare the premiums (or range of premiums) paid by each state.

#### Observations:

#### Single Plan

- The average premium ranges from \$330-\$365; the lowest is a CO plan at \$261
- States average 91% of the premium with average employer cost ranging from \$305-\$331
- Employees average 9% of the premium with the average employee cost ranging from \$31-\$34
- ND pays \$230 per month for 100% of the premium; less than the average minimum of \$305 paid by states
- Only 2 states contribute less than ND for the minimum employee only plan; CO
   \$156 (57%) and NE @ \$221 (70%)

#### Family Plan

- The average premium ranges from \$845-\$957; the lowest is a MT plan at \$572
- ND is the only state paying 100% of the premium
- States average 76% of the premium with employer cost ranging from \$326-\$910
- Employees average 24% of the premium with the average employee cost ranging from \$198-\$268
- ND pays \$568 per month for 100% of the premium
- 4 states contribute less than ND for the minimum family plan

North Dakota's 100% premium is less than the average 76% premium paid by the survey states.

### **OBSERVATIONS/CONCLUSIONS**

- With no salary range movement and little salary increase activity this biennium, the State has continued to fall further behind employment market pay
- Both Salary Ranges and Average pay levels are far below market averages
- Fringe Benefit package which has been a key to retaining and recruiting is competitive but not a market leader
- The State must strive to maintain competitive salary ranges
- The State must strive to advance employees into/through their ranges with training and experience
- Distribute salary increases strategically to address inequities among employees and between agencies in order to maximize available funds

15 ND HRMS

#### **Explanation of Market/Equity Model**

#### Employee List

- 1 8-tile Identifies which 8th of the range the employee's salary is in (5 indicates pay above midpoint).
- 2 Yrs Svc Employees total years of state service on 7/1/01

#### Range Compression Matrix

- 8-tile -1st, 2nd, 3rd, 4th octile (or eighth) of the salary range; 5 indicates any pay above midpoint.
- 4 Yrs Svc -3 groupings of years; 0-7 years, 7-12 years, over 12 years.

The spreadsheet bases the calculated salary increases on range position and years of service.

An employee paid in the	1st eighth of th	ne range with 0-7	yrs of service wa	s identified for a	2.1% incre	ase.				
		7-12			3.4%					
	<b>+</b>	over 12			4.8%					
	2nd	0-7			0.9%					
	1	7-12			2.1%					
		over 12			3.4%					
	3rd	0-7			0.0%					
	1	7-12			0.9%					
	<b>T</b>	over 12			2.1%					
	4th	0-7			0.0%					
	1	7-12			0.0%					
	<b>+</b>	over 12		,	0.9%	••••••				
5th eighth of the range and above were not eligible for market/equity increases.
