Minutes:

DEAN MEYER, Director of Racing Commission appeared in support stating what this bill does is let us keep the license fees, the fines over the industry that we govern. The reason for the bill is the past 2 sessions, we've become somewhat self funding. Up until 2 yrs ago, the Racing Commission was funded by a general fund appropriation and 2 yrs ago because of the tight budget, they switched about half of that over to our special funds where the State is putting in about half the money in and our special funds are putting in the other half. Our request for this year are about a million dollars in promotion money and about 700,000 in purse and breeders fund money. What SB 2344 does would let us keep those license fees and fines to operate on instead of dipping into these budgets so much.

SEN. COOK: is there a line item in the governors budget to spend money on the racing commission?

ANSWER; ya, they made a strictly line item budget in the AG's office, this year its 150,000 or 142,000 general fund and about that much in the special fund.

DEAN MEYER: my concern was that I didn't want a commission with only 2 people in the office having authority to write checks or dispersing of funds.

SEN. COOK: the whole racing industry in ND have been receiving a lot of attention lately of course over the very visible lawsuit in Fargo. I think there is like 99 million dollars involved in that, we seen the verdict, that verdict is it going to result in any payment of these dollars and is there going to be any money from the payment of those going into the

ANSWER; all I know is what I read in the press the same as you Senator. I understand the AG's office is going to pursue that but the company has gone through bankruptcy and I don't think there are any funds out there to get. If we could get that back and get our share, then we would be in nice shape.

SEN. BERCIER; you mentioned a bill that's going to remove the racing commission from the AG's Office and it will be a stand alone commission. What connection are they going to have with the gaming part of the AG's Office?

ANSWER; It's makes it a cleaner deal for him to audit us or investigate us. It would stand alone. When were part of the AG's Office, one of the problems is, he doesn't hire a priority director, I'm hired by the racing commission. The racing commission is 5 people appointed by the governor who Wayne has no control or authority over and if you'd have to investigate us, its just not a very neat or transparent thing when he is investigating part of his own office.

SEN. BERCIER; What's going to be the difference in the reporting system then from prior to now?

ANSWER; I don't think there is any difference as far as our auditing reporting. I think the idea is that you are not investigating yourself.

SEN. COOK: requested a recent background memorandum on the Racing Commission.

Closed the hearing.

SEN. WARDNER: made a **MOTION FOR DO PASS** seconded by Sen. Bercier.

SEN. WARDNER; their funds would quickly erode if they didn't have a little help

SEN. COOK: I'll probably go the other direction on this bill, there might be a time where this is the right thing to do, but I don't believe that time is yet here, I think if we try to get our hands around the whole picture, the income that they have, the dollars that are involved in this and the money that goes into these 3 different funds and there's a problem even having any forms of accounting on this organization is for this whole process, I don't mean to say that as if its there problem. There's funding in there already and this will increase the funding by 28,000 dollars. I have seen nothing I guess in my mind to justify increasing by \$28,000. That's my concern

SEN. URLACHER; comment on moving out of the AG's Office.

SEN. COOK: I won't support that either unless we know where its going, there's got to be oversight and they got to be underneath somebody that was the challenge last session and they must be accountable to someone.

SEN. EVERY: if that were the case I would agree to some of that with all the problems that they've had and with accountability and how do they get their accounting situation in order, why don't we give them the tools now to do it rather than wait 2 yrs to do it

SEN. TOLLEFSON: I agree with Sen. Cook, taking away from the AG's Office there will be even less oversight.

SEN. URLACHER: there appears to be an oversight and a conflict of interest within the AG's Office.

SEN. TOLLEFSON: You take another issue, lottery is strictly a gambling issue as well and he doesn't try to exclude his oversight in that area, I think it belongs where it is and the more oversight the better. To me its a rather hazy operation.

SEN. WARDNER: this bill has to do with using moneys collected for the operation of the commission. My only point would be that the promotion people and the ___ people, they weren't in and they didn't oppose it, its money that comes from their area anyway, except for the breeders, the people that kick in this money and would go to operate the commission.

SEN. COOK: I never seen any testimony that gave any indication why they needed the \$28,000. Of what it is that causes their present budget to have a shortfall. I didn't see any proof or justification as to why.

SEN. EVERY: asked who was on the racing commission

SEN. COOK: its a 5 member committee appointed by the governor their under the umbrella of the Attorney General. I just can't support, we are talking 99 million dollars or more that was betted illegally in ND, under these people's control, now there here asking for us to give them \$28,000. I can't do it.

SEN. BERCIER; there is a chance they will get a windfall.

SEN. COOK: there is a state law suit going to hopefully recover a lot of those dollars, I asked the question of Mr. Meyer this morning and he didn't think there was a lot of chance recovering that, that doesn't mean that we're not.

SEN. WARDNER; well, maybe we should wait 2 yrs, if money comes from the lawsuit. Just so everyone knows, its general fund money, 28,000 would go to the general fund that were taking out of the general fund and giving to the commission. I guess if they did get in a bind, they could go to deficiency and make their case before the emergency _____.

Minutes:

REP. DAVID DROVDAL, VICE-CHAIR Called the committee hearing to order.

SEN. JOEL HEITKAMP, DIST. 26, Introduced the bill. The only way the racing commission will succeed is if we have some dollars. That is why the bill is in front of you.

REP. WEILER Currently, where do they get the money for the operating costs?

SEN. HEITKAMP The director can answer those questions better. The racing fees will go back into the general fund. What we are trying to do is have it a little more self perpetuating.

REP. WRANGHAM On page 1, line 10 of the bill, stated he didn't understand that sentence.

SEN. HEITKAMP The way I read that, it basically says, it means approval. It says, we are going to give you the funds, but it doesn't mean you don't have to live by the rules we set up. The big issue here is the paramutual betting.

DEAN MEYER, RACING DIRECTOR OF THE NORTH DAKOTA RACING

COMMISSION, Testified in support of the bill. Submitted handouts relating to several funds

Minutes:

Rep. Ken Svedjan, Chairman opened the discussion on SB2344.

Rep Belter explained that the this bill allows for the moneys from fees to be deposited directly into the racing commission rather than being transferred into the treasurer's office

Rep. Ken Svedjan, Chairman asked what the nature of the fees were

Ms Kathy Roll from the Attorney General's office answered that these were licensing fees

Rep. Ken Svedjan, Chairman commented that the fees were not being changed, this bill simply allows for the change in where these fees are deposited.

Rep. Ole Aarsvold asked if other agencies handled fees in a similar fashion

Rep Belter answered that he did not know

Rep. Francis J. Wald asked about page one, lines 21 and 22 leaving a wide open situation giving the commission permission to charge a license fee on racing commensurate with size and attendance.

Rep Belter answered that this was old language so we have been dealing with this all along.

Rep. Jeff Delzer commented that there is a major difference in this now though because the funds are now going into the racing commission fund and they are going to have to come and ask for the authority to spend. The fiscal note says that we are increasing the expenditures of the racing commission.

Rep Belter commented in answer to Rep Wald's question, the fees charged are approved through the administrative rules.

Rep. Ken Svedjan, Chairman clarified that fee determinations go through administrative rules but for them to expend this \$28,000 they need legislative appropriation to do that as it states in line 14 on page 2.

Rep. Mike Timm, Vice Chairman commented that the fiscal note states that revenues will increase by an estimated \$28,000 while there is a decrease in general fund revenues. He then asked OMB if the racing commission was receiving general funds.

Rep. Ken Svedjan, Chairman answered that there are general funds in the racing commission budget but because these fees no longer go into the treasurer's office but into the racing commission fund we would see a reduction in general fund revenues.

Rep. Jeff Delzer commented that no where did it say that we should reduce the general fund spending by the \$28,000.

Rep. Ken Svedjan, Chairman asked legislative council if this reduction will be picked up in the budget status report if this passes.

Mr. Allen Knudson answered that there would be an exchange of appropriations for the reduction of the \$28,000. (meter Tape #2, side A, #3.9)

Rep. Jeff Delzer moved a Do Not Pass motion on SB2344.

Rep. Larry Bellew seconded

Rep. Mike Timm, Vice Chairman asked legislative council if there would also be a decrease in the general funds appropriated to the racing commission.

Mr. Allen Knudson answered that there needed to be an appropriation or a funding source change which could change the general fund appropriation. This would be handled in HB1003 the budget for the Attorney General.

Rep. Mike Timm, Vice Chairman asked if this would be dealt with in the Senate.

Ms Kathy Roll answered that this had not been planned but someone in this committee could work with the Senate on this

Rep. Bob Skarphol asked if this committee could take the general funds out and make this bill palatable enough to pass. Then the racing commission would be dependent on those fees and if the fees get too high by rule or whatever then they would be out of business. Rep Skarphol moved a substitute motion to eliminate the general funds for the racing commission from the Attorney General's budget and allow the racing commission to have the moneys from the fees.

Mr. Allen Knudson from legislative council responded that this needed to be changed in the Attorney General's budget because there is no money being appropriated in this bill

Rep. Ken Svedjan, Chairman commented that this committee would need to ask the Senate to remove \$28,000 in general fund appropriations from HB1003.

Rep. Jeff Delzer asked why we couldn't take the money away

Mr. Allen Knudson answered that this would become a negative fund appropriation.

Rep. Bob Skarphol asked if this could be made contingent upon the reduction of HB1003. It would be better to see the fee money going to the racing commission rather than the general funds.

Mr. Allen Knudson answered that it would be difficult to know if the contingency occurred or not because nothing has been decided on HB1003.

Rep. Ken Svedjan, Chairman stated that the simplest way to deal with this would be to work with the Senate to reduce HB1003 by \$28,000.

Rep. Bob Skarphol requested that this bill be held until we have a conversation with the Senate. If the Senate intends to remove the \$28,000 then we could pass this bill, if they have no intention of removing the \$28,000 then we could support the Do Not Pass. Rep Skarphol withdrew his substitute motion.

Rep. Jeff Delzer withdrew his Do Not Pass motion.

Rep. Ken Svedjan, Chairman stated that this bill would be set aside until Rep Skarphol checks on the status of the Attorney General's budget in the Senate.

Rep. Joe Kroeber commented that a plus side of this is that the racing commission does add money to the general fund. In 2003 it was approximately \$7 million.

Rep. Ken Svedjan, Chairman closed the discussion on SB2344.

Rep. Ken Svedjan, Chairman opened the discussion on SB2344.

Rep. Bob Skarphol explained he spoke to the Senate to make sure that we weren't doubling up on revenues here and they are comfortable with us moving on the passage of this bill.

Rep. Ken Svedjan, Chairman commented that SB2340 removes the Racing commission from the Attorney General's office and all of this has been squared away, and we have made no changes to this bill.

Rep. Bob Skarphol moved a Do Pass motion for SB2344.

RACING COMMISSION - BACKGROUND MEMORANDUM

Section 14 of House Bill No. 1003, a copy of which is attached as Appendix A, directs the Legislative Council to study the Racing Commission, including its authority to schedule, promote, support, and regulate live or simulcast racing in North Dakota. The study is also to address the effectiveness of the commission's authority to both promote and regulate racing and whether its authority is appropriate for the commission and its members.

2001 LEGISLATIVE ACTION

The 2001 Legislative Assembly approved House Bill No. 1003, the Attorney General's appropriations bill. The bill appropriates \$300,000 for the operating expenses of the Racing Commission, of which \$150,000 is from the general fund, \$50,000 from the Racing Commission promotion fund, \$50,000 from the purse fund, and \$50,000 from the breeders' fund.

The bill also provides that:

1. The Racing Commission is under the supervision of the Attorney General.
2. The Attorney General may charge the Racing Commission for services provided to the commission.
3. The Attorney General rather than the Emergency Commission may authorize the Racing Commission to spend up to 25 percent of the promotion fund for operating expenses of the commission.
4. Compensation of Racing Commission members be \$75 per day, an increase of \$35 per day from the previous rate of \$40.

HISTORY OF THE RACING COMMISSION

The Racing Commission was established and parimutuel horse racing authorized by the 1987 Legislative Assembly in Senate Bill No. 2319. Initially, the Racing Commission was established in the office of the Secretary of State. Members of the commission originally were the Secretary of State and four other members appointed by the Governor.

The 1989 Legislative Assembly approved House Bill No. 1184 which moved the Racing Commission from the Secretary of State's office to the office of Attorney General. The Secretary of State was removed as chairman of the commission and one other member was added appointed by the Governor. This bill also established the breeders' fund and purse fund. The bill provided that one-half of 1 percent of the parimutuel pool and other wagering pools for each day of racing be

deposited in the breeders' fund, one-half of 1 percent be deposited in the purse fund, and depending on the total of the pool, either 3 or 4 percent be deposited in the general fund. The bill also authorized offtrack wagering on races held at licensed racecourses either in state or out of state.

The 1991 Legislative Assembly approved House Bill No. 1260 that replaced the offtrack wagering statute enacted by the 1989 Legislative Assembly with a similar statute providing for simulcast wagering for in-state or out-of-state races. This bill also created the promotion fund and provided that unclaimed tickets and breakage from each live race and simulcast program be deposited in the promotion fund. The bill also provided that the moneys in the breeders' fund, purse fund, and promotion fund may be spent by the commission pursuant to a continuing appropriation. In addition, the bill reduced the percentage of the pools deposited in the general fund from 3 or 4 percent to 2 or 3 percent.

The 1991 Legislative Assembly approved Senate Bill No. 2354 providing that of the Governor's five appointees, one must be nominated by the state chapter or affiliate of the American Quarter Horse Racing Association, one by the state chapter or affiliate of the United States Trotting Association, one nominated by the state chapter or affiliate of the International Arabian Horse Association, and one nominated by the state chapter or affiliate of the North Dakota Thoroughbred Association.

The 1993 Legislative Assembly approved Senate Bill No. 2155 authorizing simulcast dog racing in the state.

The 1995 Legislative Assembly approved House Bill No. 1365 providing that for each live race or simulcast wagering pool, excluding win, place, and show pools, one-half of 1 percent of the pool must be deposited in the promotion fund. The percentage deposited in the general fund from these pools was reduced from 3 to 2.5 percent.

The 2001 Legislative Assembly approved Senate Bill No. 2381 authorizing parimutuel wagering to be conducted through account wagering and that an account wager may be made on an account only through a licensed simulcast services provider authorized to operate the simulcast parimutuel wagering system under the certificate system.

STATUTORY PROVISIONS

The statutory provisions relating to the Racing Commission and parimutuel horse racing are included

in North Dakota Century Code Chapter 53-06.2, a copy of which is attached as Appendix B.

COMMISSION MEMBERSHIP

The current members of the Racing Commission are listed in Appendix C.

FUNDING

The schedule below provides the legislative appropriations for the Racing Commission, included as a separate line item in the Attorney General's appropriations bill.

During the 1989-91 and 1991-93 bienniums, funding for the Racing Commission was included in the various line items of the Attorney General's appropriation and not specifically identified in the appropriations bill.

TAXES AND FEES

For each live race or simulcast program on win, place, and show parimutuel pools:

- One-half of 1 percent is deposited in the breeders' fund;
- One-half of 1 percent is deposited in the purse fund; and
- 2 percent is deposited in the general fund.

For each live race or simulcast program for daily double, quinella, exacta, trifecta, or other wager combining two or more horses for winning payoffs in a pool:

- One-half of 1 percent is deposited in the breeders' fund;
- One-half of 1 percent in the purse fund;
- One-half of 1 percent in the promotion fund; and
- 2.5 percent in the general fund.

Unclaimed tickets and breakage from each live race or simulcast program are deposited in the promotion fund.

The following schedule presents the income, expenditures, and balances of the breeders' fund, purse fund, and promotion fund.

STUDY PLAN

The committee may wish to proceed with this study as follows:

1. Receive testimony from representatives of the Attorney General's office and the Racing Commission regarding the duties and responsibilities of the Racing Commission, the effectiveness of the commission, and the appropriateness of the commission's authority.
2. Receive testimony from other interested persons regarding the effectiveness of the Racing Commission and the appropriateness of its authority.
3. Review the appropriateness of the commission's authority, its effectiveness, and funding allocations.
4. Develop committee recommendations and prepare any legislation necessary to implement the recommendations.
5. Prepare a final report for submission to the Legislative Council.

RE: 2005 Promotion Fund Grant Request

To Whom It May Concern:

I regret to inform you that your request for funding from the promotion fund was denied by the Racing Commission at the meeting on February 25, 2005.

As you are aware, the total handle for the state has suffered a dramatic decrease. We have gone from about \$180,000,000 per year, to \$5.2 million last year. In 2005, we are currently running about \$100,000 behind last years meager amount.

The commission is struggling to maintain a balance in the fund that will allow us to operate for a minimum of three years, as we attempt to find methods to bolster our income. Hopefully, we can do some things legislatively that will entice more bettors into the state.

Again, we regret not being able to assist you at this time, but look forward to working with you in the future.

Sincerely,
