Minutes:

Chairman Cook: Opened the hearing on SB 2053.

Lawrence Hopkins, State Treasurer's Office: See Attachment #1 for Testimony in support.

(Refers to a chart showing the distribution of gas and oil) By showing the chart, it was made clear that the funds get where they need to go without this legislation and thus repealing it makes sense. It also addresses the many exemptions that are on a lot of these wells and they can have up to a 5 year exemption for the tax. The tax department started collecting this tax, however those wells were exempt. This law required me to put this money even though they knew we had to give it back because it should have never been played in the first place. I had to put it in an oil trust fund, and then pay it back when the time was up because they should not have paid it in the first place. We are actually getting some revenue that should be deposited and paid.

Senator Triplett: Can you explain to us where the flow of money goes?

Lawrence Hopkins: This all from oil extraction tax and that is split 60-20-20. 60% to the state general fund, 20% to the resource water trust fund, and 20% to the educational purposes.

Right now we are taking the money directly from the state share. It adds a lot of question just on in that term. Does that mean general funds, or another location? The normal flow would go

that 60% would go to the general fund, and once the cap is met, then all these funds go to the permanent oil tax trust fund. Even if a portion of this money went in to the general fund if the cap had not been met, it will just cause us to put that much faster into the permanent oil tax trust fund. So it is just a replacement fund.

Senator Triplett: I got it.

Chairman Cook: Further testimony in support? (No) opposed? (No) neutral? (No)

Close the hearing. Committee?

Senator Triplett moved a Do Pass.

Senator Anderson seconded.

A Roll Call vote was taken: **Yea: 7, Nay: 0, Absent: 0**

Senator Triplett will carry the bill.

Testimony attachment #1.

Demonstrated the graph attachment.

What we are asking is that this little section be repealed so that in order allow the money to flow through normal processes where we already have the system set up to handle all this refunding of tax exempt money collected. The refunding is caused when an oil producer either over reports or under reports their extraction for the month.

Rep Froelich: You said that when you are collecting oil extraction taxes. There is no oil extraction tax on free land on the reservation. So the oil extraction Tax has to coming off of the Trust Property is that correct?

Chairman Belter: I believe that is correct.

Rep Froelich: If the state gets 50% of that.

Lawrence Hopkins: That is correct. It is only the states share.

Rep Froelich: Hold it for one day.

Chairman Belter: Closed the hearing and hold the bill for one day.

2009 TESTIMONY

SB 2088

#1

SB2088 Testimony – Support of SB2088

Same testimony given to House.

Mr. Chairman, members of the committee:

For the record, I am Lawrence Hopkins, Deputy Treasurer for the Office of State Treasurer. I am here in support of Senate Bill 2088 relating to the transfer of oil and gas gross production tax and oil extraction tax revenues.

An appropriation of \$700,000 from the permanent oil tax trust fund was provided to the State Board of Higher Education in the 07-09 biennium to make grants to tribally controlled community colleges to defray the cost of education associated with enrollment of nonbeneficiary students.

An amendment at the end of last session added section 57-51.1-07.4 to replenish the \$700,000 appropriated from the permanent oil tax trust with oil tax revenue collected from wells within the exterior boundaries of the Fort Berthold reservation drilled after June 30, 2007.

It is my contention that the funds from these wells will be deposited in the permanent oil tax trust fund with or without this section of the law. We are asking that this section be repealed to eliminate the administrative work load placed on both the Treasurer's Office and the Tax Department due to the specific tracking, depositing, and refunding of these funds.

There is no fiscal note attached to this bill.
