HCR 3002

☐ Subcommittee
☐ Conference Committee

Committee Clerk: Ellen LeTang

Explanation or reason for introduction of bill/resolution:

Legislative Management to study potential benefits of distributed ledger technology & blockchain for state government.

Minutes: No attachments.

Chairman Keiser: Opens the hearing on HCR 3002.

Corey Mock~District 18: Introduces HCR 3002. I bring a resolution adopted by the Legislative IT committee. Thirteen states regarding blockchain have passed or considered it. Blockchain technology has many uses. It is too new to do a ½ hour discussion in the interim. We figured it best to do a resolution for a study. How hope the committee will support a study for blockchain technology.

5:40

Chairman Keiser: Have you reviewed HRC 3004?

Rep Mock: No, I haven't.

Chairman Keiser: It's basically identical that it adds a few things to it. The committee will look at it & get one out.

Rep Mock: I know that the IT department, Mr Riley, expressed a need for some amendments. If you do some amendment, we would be happy to work with you.

Chairman Keiser: We will get back to this. Closes the hearing.

Rep D Ruby: Moves to reconsider HCR 3002.

Vice Chairman Lefor: Second.

Chairman Keiser: Further discussion? The reason we are doing this are; one, the legislator's name on it & the other has the committee on it. I forgot about that when we had it. We passed the one & killed the other one. All we are going to do is bringing it back, not change anything & we will send out the one with the legislator's name on it as a courtesy.
