HB 1474 Testimony House Government and Veterans Affairs Committee

Good morning Chair Kasper and members of the GVA Committee.

HB 1474 is intended to provide greater guidance on residency expectations of us legislators, especially as we embark on the redistricting process over the next year.

As some of you will recall, in 2015, the legislature passed Senate Concurrent Resolution 4010 to be voted on by North Dakotans in the November 2016 election. SCR 4010, which is attached to my testimony with a 1 in the top right corner, adds language to Section 5 of article IV of the state Constitution, which reads "*An individual may not serve in the legislative assembly unless the individual lives in the district from which selected.*" As you'll see that the existing language in that section of the Constitution only applied to being elected to the legislative assembly. With us serving four-year terms, which currently includes two legislative sessions, SCR 4010 allowed the voters to decide if legislators must also continue to live in the district they were elected to.

On November 8, 2016, the voters approved Constitutional Measure 1, which was SCR 4010 by an overwhelming 86.11% to 13.89%. The voters certainly want legislators to live in their districts while they serve.

With this language added to the Constitution, some have now questioned what does "lives in" mean? Without a definition, it is challenging for us as legislators to hold each other accountable to the voter approved lives in requirement. Hence HB 1474 before you all. Before the passage of SCR 4010 and the subsequent Constitutional measure, there were two publicly known instances of legislators who moved out of the district they were elected to represent and continued to serve. However, the Constitutional measure still doesn't address that type of situation.

I have had the definition drafted in a way to alleviate concerns raised by the 2015 conference committee that negotiated SCR 4010. Specifically, recognizing the fact that legislators, like the people we represent, travel for work or have lake cabins or homes in the south for a winter get away that could last for a few days or several months or may find ourselves displaced by a disaster such as a fire or flooding. These are all reasonable reasons to temporarily live somewhere else while serving in the legislature. The problem trying to be resolved here is the instances where a legislator may move out of their district and try to continue to serve, which includes accessing a salary and other benefits associated with our positions.

I appreciate the committee's consideration of this legislation and hope that you can assist in developing a proactive solution that allows the Legislative Assembly or the voters of the districts we represent more specificity.

I will try my best to answer any questions committee members may have.
