TESTIMONY

SB 2141

SB 2141

(MVD)

Representatives,

The motor vehicle is already charging us for auction fees, and this will be challenged in court due to an auction fee is NOT part of the purchase price!

The motor vehicle has many laws/policies that need to be changed:

If you buy your car out of state and pay taxes on it in that state, the state of ND makes you pay those taxes all over again if you move to the state!

If your car is not working and you are not using until you can get it repaired and your tabs have expired – when you go in to get new tabs, they still give you tabs back to the time it was not on the road – you should get new tabs starting from the day you got the new ones!

If you buy a different car before you sell your old one you cannot use your plates from the old one or get credit! Motor vehicle tells you that you had to sell your old car first. Most people buy a newer car first then sell their old one.

There is much more that needs to be cleaned up.

We need some sanity in MV laws.

Your comments are welcome,

Mr. Mitchell S. Sanderson
