²Funding for local public health is provided from the county general fund in these city/county and single county health departments.

³In addition, the Legislative Assembly in 2011 provided \$3 million from the general fund for state aid to public health units during the 2011-13 biennium, an increase of \$600,000 from the 2009-11 biennium. The state aid funds are distributed to each health unit pursuant to a formula developed by the State Department of Health. The department currently provides \$400,000--\$50,000 per lead unit--to the eight lead health units to provide regional environmental health services during the biennium. The remaining funds are distributed through a formula that provides each public health unit a \$6,000 base allotment per biennium with the remainder of the funding being distributed on a per capita basis, including reservation populations.

⁴Average per capita health district revenue from property taxes for counties assessing a health district mill levy.

The Fort Berthold Reservation is served by the following four multicounty health districts:

- First District Health (Minot) - Burke, Bottineau, McHenry, McLean, Renville, Sheridan, and Ward Counties with 2010 health district assessments totaling \$875,414.
- Upper Missouri District Health (Williston) - Divide, McKenzie, Mountrail, and Williams Counties with 2010 health district assessments totaling \$361,517.
- Custer Health (Mandan) - Grant, Mercer, Morton, Oliver, and Sioux Counties with 2010 health district assessments totaling \$545,642.
- Southwestern District Health (Dickinson) - Adams, Billings, Bowman, Dunn, Golden Valley, Hettinger, Slope, and Stark Counties with 2010 health district assessments totaling \$493,470.
