<sup>1</sup>The Aeronautics Commission obtained the Cessna 206 airplane in September 2011. The amount shown is an estimate based on the hangar lease rate for the previous airplane owned by the commission.

<sup>2</sup>The Game and Fish Department and Highway Patrol jointly lease an aircraft hangar which is used to store planes owned by each agency. The hangar is also used by the Game and Fish Department pilot/mechanic to perform maintenance on the department's aircraft.

<sup>3</sup>The amounts shown for hangar costs prior to October 2010 reflect the hangar costs of the previous Cessna airplane which was stored in a separate hangar. The amounts shown are the combined lease costs of the two hangars. The previous Cessna airplane was traded in for the current Cessna airplane.
