

STATE FUNDING FOR NORTH DAKOTA UNIVERSITY SYSTEM BUILDING PROJECTS

STATE BOARD OF HIGHER EDUCATION PROJECT RANKINGS, EXECUTIVE BUDGET RECOMMENDATIONS FOR PROJECTS, AND LEGISLATIVE APPROPRIATIONS FOR PROJECTS

The tables below detail state funding for higher education capital building projects since the 2001-03 biennium. The tables include information regarding the State Board of Higher Education (SBHE) priority ranking and the amount of state funding included in the executive budget recommendation and legislative appropriations for each project.

2015-17 Biennium State Funding for Projects

¹Contingent general fund appropriations were provided for the Valley City State University fine arts building project and the NDSU Dunbar Hall project. The appropriations are contingent based on actual general fund revenues exceeding legislative estimates during certain time periods of the 2015-17 biennium. Based on the February 2016 revised revenue forecast, the contingencies are not anticipated to be met.

²The executive budget recommendation included \$5 million from the general fund for building rental, equipment purchases, and other costs to expand program offerings at the NDSCS Fargo campus.

¹Contingent general fund appropriation if federal stimulus funds are not available for the project.

²Senate Bill No. 2003 (2009) provided that of the \$3.75 million designated for the boiler project, \$2.5 million could be used for a geothermal energy system, and \$1.25 million could be used for the Swain Hall project.

³Funded with federal stimulus funds.

⁴Contingent general fund appropriation based upon actual general fund revenues exceeding the legislative forecast by \$25 million during the first 6 months of the 2009-11 biennium. The actual revenues did not exceed the legislative forecast by \$25 million so Dickinson State University did not receive the funding.

⁵Funding from the permanent oil tax trust fund.
