

**ECONOMIC DEVELOPMENT TAX INCENTIVES STUDY - EVALUATION CHART**

The following chart serves to assist the interim Taxation Committee in tracking its progress in collecting information relative to the considerations outlined in North Dakota Century Code Section 54-35-26.

	Qualified Data Center Sales Tax Exemption	Manufacturing and Recycling Sales Tax Exemption	Fertilizer or Chemical Processing Facility Sales Tax Exemption	Carbon Dioxide Capture and Injection Sales Tax Exemption	Oil and Gas Gross Production and Oil Extraction Tax Exemptions	Coal Severance and Conversion Tax Exemptions	Fuel Tax Refunds for Certain Users
1. The extent of achievement of the goals of the incentive and whether unintended consequences have developed in its application.	X	X	X	X	X	X	X
2. Whether the design and application of the incentive can be improved.							
3. The extent of complementary or duplicative effects of other incentives or governmental programs.			X	X	X	X	
4. Whether the incentive has a positive influence on business behavior or rewards business behavior that is likely to have occurred without the incentive.			X	X			
5. The effect of the incentive on the state economy, including the extent of primary sector operation of the recipient and any competitive disadvantage imposed or benefit conferred on other state businesses, any benefit or burden created for local government, and the extent of the incentive's benefit that flows to out-of-state concerns.	X	X	X	X	X	X	X
6. The employment opportunities generated by the incentive and the extent those represent career opportunities.			X	X	X	X	X
7. Whether the incentive is the most effective use of state resources to achieve desired goals.							
8. If the committee's analysis of the incentive is constrained by lack of data, whether statutory or administrative changes should be made to improve collection and availability of data.			X	X	X	X	X
