

## EMPLOYEE BENEFITS PROGRAMS COMMITTEE BILLS

The Employee Benefits Programs Committee is required by North Dakota Century Code (NDCC) Section 54-35-02.4 to "consider and report on those legislative measures and proposals over which it takes jurisdiction and which affect, actuarially or otherwise, the retirement programs of state employees or employees of any political subdivision, and health and retiree health plans of state employees or employees of any political subdivision." A majority of the committee members, acting through the chairman, has sole authority to determine whether any legislative measure "affects" a public employees program. The committee

is required to make a thorough review of any measure or proposal that it takes under its jurisdiction, including an actuarial review. Each retirement, insurance, or retiree insurance program is required by Section 54-35-02.4 to "pay, from its retirement, insurance, or retiree health benefits fund, as appropriate, and without the need for a prior appropriation, the cost of any actuarial report required by the committee which relates to that program."

The following bill drafts have been submitted for review by the Employee Benefits Programs Committee:
