Grant and water project carryover authority - Section 5 authorizes the State Water Commission to continue any unexpended 2011-13 appropriation authority for grants or water-related projects in the 2013-15 biennium.

Fargo flood control project funding - Section 6 provides that of the funds appropriated to the State Water Commission for grants and projects for the 2011-13 biennium, \$30 million is for Fargo flood control projects. The section also provides that any funds not spent by June 30, 2013, are not subject to North Dakota Century Code Section 54-44.1-11 and must be continued into the next or subsequent bienniums and may be expended only for Fargo flood control projects. These funds may be used only for land purchases and construction; may not be used for administration, engineering, legal, planning, or other similar purposes.
