The board utilizes the examination given by the national board of podiatric medical examiners for its written and oral-practical examinations and requires a passing score in all sections of part I, part II, and part III as recorded by the national board of podiatric medical examiners. An applicant is responsible for arranging one's own examinations with the national board of podiatric medical examiners, and with providing primary source verification of the scores to the board.

All oral-practical examinations will be conducted by the board annually in the months of May through July unless otherwise arranged by the board.

1. Every applicant who has demonstrated passage of the written portion of the examination will be eligible to take the oral-practical examination.
2. The board will notify each applicant found eligible to take the oral-practical examination of the time and place scheduled for that applicant's oral-practical examination not less than thirty days in advance.
3. The subjects covered on the practical portion of the examination are diagnosis, surgery, biomechanics, emergencies, patient care, ethics, and theory in practice.
4. Failure of an applicant to appear for examination as scheduled will void the application, and will require the applicant to reapply for licensure, unless prior scheduling arrangements have been made with the board.
5. An applicant failing the oral-practical examination may be reexamined at the next regularly scheduled examination period for an additional reapplication fee, if the applicant completes an application within one year.

63-02-02-04. Personal appearance.

All applicants for license must be scheduled for and attend a personal appearance before one or more members of the board when the other requirements for licensure have been met. The board may require the applicant, at the personal appearance, to respond satisfactorily to questions regarding ethics of practice, the applicant's familiarity with North Dakota Century Code chapter 43-05 and this title, and questions derived from examination. The board may combine the oral-practical examination and the personal appearance.

The board will nullify an application for licensure if the applicant fails to complete the application process within twenty-four months after submission of the application or notification by the board of a deficiency, whichever is later, unless a different action is agreed upon during a disciplinary proceeding or pursuant to a reinstatement of license proceeding.
2. For a nullified application, the fees are forfeited and the application and other documents have no further force or effect. If the applicant later desires licensure, a new application and documentation must be submitted and the applicable requirements met.
