

JOURNAL OF THE SENATE

Fiftieth Legislative Assembly

* * * * *

SIXTY-FIFTH DAY

Bismarck, April 8, 1987

The Senate convened at 8:00 a.m., with President Pro Tem Redlin presiding.

The prayer was offered by Sister Marie Hunkler, St. Vincent Nursing Home, Bismarck.

Let us bow our heads and pray.

Faithful and loving God, as we begin this new day, thank You for Your life-giving presence within us and among us.

Help us to be open to the guidance of Your Spirit as we work hard this day to accomplish the work that is before us. May we ever keep before us the good of the people whom we represent and serve.

Help us to be fully present to the work at hand rather than rushing just so that we can get finished and go home. Be with us to help us remember to do all our work for the greater honor and glory of God.

Lord God, we call upon You, and we praise You for holding each of us in the palm of Your hand. Please take care of any special needs that anyone here has within their hearts. We say all this in Your name, Amen.

ROLL CALL

CONSIDERATION OF MESSAGE FROM THE HOUSE

State of North Dakota
EXECUTIVE OFFICE
Bismarck

April 6, 1987

The Honorable Richard Kloubec
Speaker of the House
House Chamber
State Capitol
Bismarck, North Dakota 58505

Dear Speaker Kloubec:

HB 1621 would allow banks to defer losses on certain types of loans received through the collection of debts.

It would be extremely difficult to apply this legislation because it conflicts with current bank reporting requirements established by the Federal Deposit Insurance Corporation and enforced by federal examination. It does not square with current law, insolvency definitions, generally accepted accounting principles or federal regulatory guidelines. This type of legislation must be enacted on a national basis in order to be effective.

What is more important, HB 1621 would not be of any benefit to borrowers attempting to repay debt obligations.

I have been informed by our Banking Commissioner that several programs, including capital forbearance and loan restructuring, already address the concerns raised by this legislation, and other federal legislation is being proposed as well.

Because it would unnecessarily complicate the interpretation of reporting requirements and would not address the problems of borrowers, I veto HB 1621.

Sincerely,

GEORGE A. SINNER
Governor

The President Pro Tem placed HB 1621 at the foot of the Fourteenth order of business.

REPORTS OF STANDING COMMITTEES

MR. PRESIDENT: Your Committee on Finance and Taxation to which was referred HB 1600 has had the same under consideration and recommends by a vote of 6 YEAS, 0 NAYS, 1 ABSENT AND NOT VOTING that the same BE AMENDED AS FOLLOWS and when so amended, recommends the same DO PASS:

On page 1, of the engrossed bill, line 1, after the words "A BILL" delete the remainder of the bill and insert in lieu thereof the following: "for an Act to create and enact a new section to chapter 57-51.1 of the North Dakota Century Code, relating to the budget stabilization fund; to amend and reenact subsections 4 and 5 of section 38-08-04, and sections 57-51.1-01, 57-51.1-02, and 57-51.1-03 of the North Dakota Century Code, relating to the duties of the industrial commission, the definitions of stripper well property, qualifying secondary recovery project, and qualifying tertiary recovery project for oil extraction purposes, the definition of average price, the rate of the oil extraction tax, and exemption from the oil extraction tax; and to declare an emergency.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsections 4 and 5 of section 38-08-04 of the 1985 Supplement to the North Dakota Century Code are hereby amended and reenacted to read as follows:

4. To classify wells as oil or gas wells for purposes material to the interpretation or enforcement of this chapter, and to classify and determine the status and depth of wells that are stripper well property as defined in subsection 5 8 of section 57-51.1-01, to certify to the tax commissioner which wells are stripper wells and the depth of those wells, and to certify to the tax commissioner which wells involve secondary or tertiary recovery operations under section 2 of this Act, and the date of qualification for the reduced rate of oil extraction tax for secondary and tertiary recovery operations.

5. To adopt and to enforce rules and orders to effectuate the purposes and the intent of this chapter and of subsections 1 and, 4, 5, 6, and 8 of section 57-51.1-01.

SECTION 2. AMENDMENT. Section 57-51.1-01 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-51.1-01. Definitions for oil extraction tax. For the purposes of the oil extraction tax law, the following words and terms shall have the meaning ascribed to them in this section:

1. "Average daily production" of a well means the qualified maximum total production of oil from the well during a calendar month period divided by the number of calendar days in that period; and "qualified maximum total production" of a well means that the well must have been maintained at the maximum efficient rate of production as defined and determined by rule adopted by the industrial commission in furtherance of its authority under chapter 38-08.
2. "Average price" of a barrel of crude oil means the average daily price for a barrel of west Texas intermediate cushing crude oil, as those prices appear in the wall street journal, midwest edition, for the period June first through October thirty-first of any year.
- 2- 3. "Oil" means petroleum, crude oil, mineral oil, casinghead gasoline, and all liquid hydrocarbons that are recovered from gas on the lease incidental to the production of the gas.
- 3- 4. "Property" means the right which arises from a lease or fee interest, as a whole or any designated portion thereof, to produce oil. A producer shall treat as a separate property each separate and distinct producing reservoir subject to the same right to produce crude oil; provided, that such reservoir is recognized by the appropriate governmental regulatory authority industrial commission as a producing formation that is separate and distinct from, and not in communication with, any other producing formation.
5. "Qualifying secondary recovery project" means a project employing water flooding. To be eligible for the tax reduction provided under section 57-51.1-02, a secondary recovery project must be

certified as qualifying by the industrial commission, the project must have been unitized after the effective date of this Act, and the project operator must have achieved for six consecutive months an average production level of at least twenty-five percent above the level that would have been recovered under normal recovery operations.

6. "Qualifying tertiary recovery project" means a project for enhancing recovery of oil which meets the requirements of section 4993(c), Internal Revenue Code of 1954, as amended through December 31, 1986, and includes the following methods for recovery:

a. Miscible fluid displacement.

b. Steam drive injection.

c. Microemulsion.

d. In situs combustion.

e. Polymer augmented water flooding.

f. Cyclic steam injection.

g. Alkaline flooding.

h. Carbonated water flooding.

i. Immiscible carbon dioxide displacement.

j. New tertiary recovery methods certified by the industrial commission.

It does not include water flooding, unless the water flooding is used as an element of one of the qualifying tertiary recovery techniques described in this subsection, or immiscible natural gas injection. To be eligible for the tax reduction provided under section 57-51.1-02, a tertiary recovery project must be certified as qualifying by the industrial commission, the project operator must continue to operate the unit as a qualifying tertiary recovery project, and the project operator must have achieved for at least one month a production level of at least fifteen percent above the level that would have been recovered under normal recovery operations.

4- 7. "Royalty owner" means an owner of what is commonly known as the royalty interest and shall

not include the owner of any overriding royalty or other payment carved out of the working interest.

- 5- 8. "Stripper well property" means a "property" whose average daily production of oil, excluding condensate recovered in nonassociated production, per well did not exceed ten barrels per day for wells of a depth of six thousand feet or less, fifteen barrels per day for wells of a depth of more than six thousand feet but not more than ten thousand feet, and twenty barrels per day for wells of a depth of more than ten thousand feet during any preceding consecutive twelve-month period beginning after December 31, ~~1972~~ 1985. Wells which did not actually yield or produce oil during the qualifying twelve-month period, including disposal wells, dry wells, spent wells, and shut-in wells, are not production wells for the purpose of determining whether the stripper well property exemption applies.

SECTION 3. AMENDMENT. Section 57-51.1-02 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-51.1-02. Imposition of oil extraction tax. There is hereby imposed an excise tax, to be known as the "oil extraction tax", upon the activity in this state of extracting oil from the earth, and every owner, including any royalty owner, of any part of the oil extracted shall be deemed for the purposes of this chapter to be engaged in the activity of extracting that oil. The rate of tax shall be six and one-half percent of the gross value at the well of the oil extracted, except that for wells drilled and completed after the effective date of this Act, and not otherwise exempt under section 57-51.1-03, and for a qualifying secondary recovery project or for a qualifying tertiary recovery project, the rate of tax shall be four percent of the gross value at the well of the oil extracted. However, if the average price of a barrel of crude oil between June first and October thirty-first of any year is thirty-two dollars or more then the rate of tax for the following calendar year on all taxable wells is six and one-half percent of the gross value at the well of the oil extracted.

SECTION 4. AMENDMENT. Section 57-51.1-03 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-51.1-03. Exemptions from oil extraction tax. The following activities are specifically exempted from the oil extraction tax:

1. The activity of extracting from the earth any oil that is exempt from the gross production tax imposed by chapter 57-51.
2. The activity of extracting from the earth any oil from a stripper well property.
3. The activity not otherwise exempt of extracting from the earth the oil that is owned by a royalty owner or royalty owners in the first one hundred barrels, or any lesser amount, of the average daily production of oil that is produced during each calendar day from any well.
4. For a well drilled and completed after the effective date of this Act, the initial production of oil from the well is exempt from any taxes imposed under this chapter for a period of one year. Oil recovered during testing prior to well completion is exempt from the oil extraction tax.

SECTION 5. If House Bill No. 1596 does not become effective, a new section to chapter 57-51.1 of the North Dakota Century Code is hereby created and enacted to read as follows:

Deposit of funds collected at restored rates. Any additional amounts collected by the tax commissioner which are attributable to the average price of a barrel of crude oil being at a level that causes elimination of the two and one-half percentage point reduction provided under section 57-51.1-02 must be paid to the state treasurer and deposited in the state general fund.

SECTION 6. If House Bill No. 1596 becomes effective, a new section to chapter 57-51.1 of the North Dakota Century Code is hereby created and enacted to read as follows:

Deposit of funds collected at restored rates. Any additional amounts collected by the tax commissioner which are attributable to the average price of a barrel of crude oil being at a level that causes elimination of the two and one-half percentage point reduction provided under section 57-51.1-02 must be paid to the state treasurer and deposited in the budget stabilization fund.

SECTION 7. EMERGENCY. This Act is declared to be an emergency measure and is in effect upon its filing with the secretary of state or on a date specified in this Act."
