## HCR3064

(Approved by the Committee on Delayed Bills)

A concurrent resolution to create a new section to article X of the Constitution of North Dakota, relating to allocation of certain oil and gas production or extraction tax revenues to the petroleum reserve fund and the foundation aid stabilization fund and providing for use of the revenues in

the petroleum reserve fund and the foundation aid stabilization fund; and to provide an effective date.

## STATEMENT OF INTENT

This measure requires that oil and gas gross production or extraction tax revenues in excess of revenues received during the 1989 fiscal year be allocated equally to the petroleum reserve fund and the foundation aid stabilization fund. This measure provides for an annual transfer of a portion of the income of each of these funds to the state general fund. These changes will take effect on July 1, 1993, if this measure is approved.

## SCR4006

A concurrent resolution to create and enact two new sections to article X of the Constitution of North Dakota, relating to deposit of certain oil and gas gross production tax revenues in the common schools trust fund and the foundation aid stabilization fund and providing for use of the principal and income of the foundation aid stabilization fund; and to provide an effective date and an expiration date.

## STATEMENT OF INTENT

This measure requires a portion of oil and gas gross production tax revenues to be deposited in the common schools trust fund and an equal portion to be deposited in the foundation aid stabilization fund, with income of the foundation aid stabilization fund to be transferred to the state general fund. Beginning July 1, 1993, the amount of the state's share of oil and gas gross production tax revenue deposited in the two funds pursuant to this measure would equal a total of one-half of one percent of the gross value at the well of taxable oil and one-tenth of the net tax collections for taxes imposed on taxable gas produced in the state. Beginning July 1, 1995, the amount of the state's share of oil and gas gross production tax revenue deposited in the two funds pursuant to this measure would equal a total of one percent of the gross value at the well of taxable oil and one-fifth of the net tax collections for taxes imposed on taxable gas produced in the state.
