"SECTION 8. AMENDMENT. Section 57-43.2-03 of the 1989
 Supplement to the North Dakota Century Code is amended and reenacted as
 follows:

57-43.2-03. Tax levied. A special excise tax of two percent is
 imposed on all sales of special fuels, which are exempted from the tax
 imposed under section 57-43.2-02, if the special fuels are sold to a
 special fuels user in this state, and the same rate of tax is imposed
 if the special fuel is imported for use in this state by a special
 fuels user. The rate applies to the sale price of the special fuels
 less any discounts for any purposes allowed and taken on the sales.
 The tax levied under this section does not apply to state or political
 subdivisions when that fuel is used for purposes set forth in section
 57-43.1-08. The special excise tax applies to all sales of special
 fuels taxed under section 57-43.2-02 for which taxes are later refunded
 to a special fuels user. For purposes of this section, "use" means the
 consumption of fuel for heating, agricultural, or railroad purposes, or
 for industrial purposes other than in the performance of a contract
 with any unit of government. If any fuel subject to tax by this
 section was subject to tax in any other state or its political
 subdivisions, the tax in this section applies but at a rate measured by
 the difference between the rate imposed in this section and the rate
 imposed by the other state or its political subdivisions. If the tax
 imposed by the other state or its political subdivisions is the same or
 greater than the tax imposed by this section, no tax is due. ~~The
 provisions for credit in this section apply only if the other state or
 its political subdivisions allow a credit with respect to the tax
 imposed by this section which is substantially similar in effect to the
 credit provided in this section-~~"
