4-10.4-08. Tax levied.

1. A tax at the rate of five mills per bushel [35.24 liters] must be levied and imposed upon all barley grown in the state, delivered into the state, or sold to a first purchaser in the state. This tax is due upon any identifiable lot or quantity of barley.
2. Every first purchaser of barley shall collect the tax imposed by this section by charging and collecting from the seller the tax at the rate of five mills per bushel [35.24 liters] by deducting the tax from the purchase price of all barley subject to the tax and purchased by the first purchaser.
3. Every first purchaser shall keep as a part of its permanent records a record of all purchases, sales, and shipments of barley, which may be examined by the council at all reasonable times. Every first purchaser shall report to the council by the twentieth day of each calendar quarter stating the quantity of barley received, sold, or shipped by it, except that if less than twenty-five thousand bushels [880.98 cubic meters] have been purchased, in any calendar quarter, the tax may be reported and remitted with the following quarter's return, provided that all taxes collected must be remitted at least annually. Each first purchaser shall include with each report to the council a separate accounting of the taxes levied on all barley produced outside the United States. The remittance of the tax as provided in this section must accompany the report. All moneys levied and collected under this chapter must be paid to the council for deposit in the state treasury to the credit of an account or accounts designated "barley fund" to be used exclusively to carry out the intent and purposes of this chapter. Regular audits of the council's accounts must be conducted in accordance with chapter 54-10 and submitted to the commissioner.
4. The tax provided for by this section must be deducted as provided by this chapter whether the barley is stored or sold in this or any other state, but if agreements have not been made with dealers and first purchasers outside of the state for collecting the tax, the grower shall remit the tax to the council on all barley sold by him outside the state.

SECTION 2. AMENDMENT. Section 4-10.4-09 of the North Dakota Century Code is amended and reenacted as follows:

4-10.4-09. Nonparticipating growers - Refunds.

1. Any person grower in the United States subject to the tax provided in this chapter who objects to the collection of the

tax, may within sixty days following the collection, make application by personal letter to the council for a refund application blank. Upon return of this blank, properly executed by the applicant and accompanied by a true copy of the invoice or invoices delivered by the purchaser to the grower, the council shall, ~~within sixty days after receiving the application,~~ refund to the grower the net amount of the tax collected. If no request for refund is made within sixty days after the collection of the tax, the grower is conclusively presumed to have agreed to the deduction. However, a grower, for any reason, having paid the tax more than once on the same barley, upon furnishing proof of this to the council, is entitled to a refund of the overpayment.

2. The council shall develop and disseminate information and instructions relating to the purpose of the barley tax and the manner in which refunds may be claimed, and shall cooperate with state and federal governmental agencies and private businesses engaged in the purchase of barley."

4-28-07. Wheat tax levy. A tax of five mills per bushel [35.24 liters] by weight must be levied and imposed upon all wheat grown in this state or sold through commercial channels ~~by a producer~~ to a first purchaser in this state. The tax must be levied and assessed at the time of sale and deducted by the purchaser from the price paid, or in the case of a lien, pledge, or mortgage, deducted from the proceeds of the loan or claim secured, subject to adjustment at the time of settlement in the event the number of bushels [liters] are not accurately determined at the time of the lien, pledge, or mortgage. At the time of sale, the first purchaser in this state shall issue and deliver to the producer or seller a record of the transaction in such manner as the commission may prescribe.

Any producer in the United States subject to the deduction provided in this chapter may, within sixty days following such deduction or final settlement, make application by personal letter to

the wheat commission for a refund application blank. Upon the return of the blank, properly executed by the producer, accompanied by a record of the deduction by the purchaser, the producer must be refunded the net amount of the deduction collected. If no request for refund has been made within the period prescribed above, then the producer is presumed to have agreed to such deduction. However, a producer in the United States, for any reason, having paid the tax more than once on the same wheat, upon furnishing proof of this to the commission, is entitled to a refund of the overpayment.

The commission, to inform the producer, shall develop and disseminate information and instructions relating to the purpose of the wheat tax and manner in which refunds may be claimed, and to this extent shall cooperate with governmental agencies, state and federal, and private businesses engaged in the purchase of wheat.

SECTION 5. AMENDMENT. Section 4-28-08 of the 1993 Supplement to the North Dakota Century Code is amended and reenacted as follows:

4-28-08. State wheat commission fund - Continuing appropriation. Each first purchaser shall make quarterly reports and returns to the commission, ~~on such forms as must be prescribed by the commission, on or before the twentieth day of the month next succeeding each calendar quarterly period, commencing with the calendar quarter ending September 30, 1959, and with 1995.~~ The commission shall prescribe the forms to be used. The forms must provide for a separate accounting of the taxes levied on all wheat produced outside the United States. With each such report and return, the first purchaser shall remit to the commission, in the form of a remittance payable to the state treasurer, the tax due. The commission shall transmit all such payments to the state treasurer to be deposited in the state treasury to the credit of a special revolving fund to be known as the "state wheat commission fund". All money in the state wheat commission fund is appropriated on a continuing basis to the commission for carrying out the purposes of this chapter. Expenditures from such fund may be made upon vouchers duly approved by the commission to carry out the provisions of this chapter. Regular audits of the commission's accounts must be conducted in accordance with chapter 54-10.
