POINT OF PERSONAL PRIVILEGE

SEN. NETHING REQUESTED that his remarks be printed in the Journal, which request was granted.

REMARKS OF SENATOR DAVID E. NETHING

Madam President and ladies and gentlemen of the Senate. Two years ago today, I underwent surgery at the local hospital. As you might have guessed, it was very successful and I am very happy about that.

I wanted to talk briefly about the medical process that began one week earlier, on the tenth day of March. Earlier that weekend, symptoms occurred which I felt an obligation to share with the Senate Majority Leader, who, after an interesting lecture, arranged for me to see the Doctor of the Day here in the Capitol building.

When I visited the Doctor of the Day office, I was quite surprised at the equipment that was available. Primarily, it consisted of a blood pressure cuff and a stethoscope, and yet, it was enough for that skilled well-trained doctor to suggest that I needed to see a specialist downtown, which I did.

It's that Doctor of the Day program that I want to talk about for a couple of minutes. The North Dakota Medical Association has arranged the Doctor of the Day program for each session since the 1970s. Volunteer physicians from around the state offer basic medical services to

legislators, to staff, and sometimes to visitors to the Capitol building. This is done in the medical exam room located on the ground floor in the legislative lounge. So far this session 36 different physicians from around the state have served as volunteer doctors of the day. Physicians are now assigned to cover each day until April ninth.

On Friday, March 26, the Doctor of the Day program will again provide blood pressure and cholesterol health screening to legislators in the Great Hall. This is a followup to an initial screening that was offered back in January. At the same time, the North Dakota Psychiatric Society and the Mental Health Association of North Dakota will have information regarding mental health and depression available as well. I mention this, Madam President and fellow Senators, to emphasize the importance, not only of the programs that will be coming up, but also the importance of the service that is offered by the Medical Association.

I do want to thank all of you for the kind prayers and the other acts of kindness you offered to me and my family during that time. There is an old Chinese proverb that indicates when one is involved in saving another person's life, that person who offered those services will look after the person whose life he saved for the rest of his years. So I look forward to my guardianship by the Senate Majority Leader.

Thank you Madam President.
