| • | This bill would authorize the Office of Attorney General to issue a special license to an organization for conducting one or more "calcuttas" during a single sporting event. The license fee would be \$25. Under present law, an organization with a license may conduct any legal game of chance, including a calcutta. The present license fee is \$150. | | | | | | | | |
| | A "calcutta" is a game in which competitors in a sporting event are auctioned off to players who bet on the performance of the competitors. The total amount bid (bet) by all the players is pooled. The players who bet on the winning competitors may win up to 90% of the auction pool. | | | | | | | | |
