Bill / Resolution No.: SB 2374

Amendment to: _____

Requested by Legislative Council

Date of Request: 01/21/99

- Please estimate the fiscal impact (in dollar amounts) of the above measure for state general or special funds, counties, cities, and school districts.

Narrative:

This bill requires the Department to provide coverage for foods and food products for inherited metabolic diseases. The Department currently pays for these services and the costs are included in the 1999-2001 budget request contained in SB 2012. The actual cost of paying for these services is unknown as the Department does not track nutritional supplements by diagnostic code. Therefore, we can not separate payment for those required under this bill from those paid for other more common disease states.
