## VETO MEASURE

April 20, 1999

The Honorable Alvin Jaeger  
Secretary of State  
600 East Boulevard, 1st Floor  
Bismarck, ND 58505-0500

RE: Senate Bill 2307

Dear Secretary Jaeger:

I am sending to you Senate Bill 2307, and hereby veto the same. The bill imposes a 40 cent tax per month on cell phones in the state for the purposes of defraying the costs of 911 service and to enhance 911 capability. I cannot support the bill for the following reasons:

1. First, the bill imposes a new tax generating nearly \$2 million from North Dakota cell phone users.
2. The bill creates a planning committee but does not include taxpayers, emergency medical service representatives, or law enforcement personnel. The committee is charged with developing legislation to implement a statewide plan for enhanced 911 service that would not be considered until the 2003 legislative session. I believe both the make-up of the committee and its charge fall short in providing sound guidance and implementation for our state's 911 system.
3. I do not support imposing such a broad tax on users, who are probably already paying a 911 tax on their land-lines, without considering a commensurate reduction in land-line taxes.

4. Finally, the bill imposes this tax, purportedly to provide enhanced 911 (E-911) service, but falls short of its goal. It allocates 25 cents to the counties, but allows the funds to be used for maintaining existing 911 service without moving toward an enhanced system.

The bill requires the balance of the fund to be held in escrow until the counties certify that they have begun to implement phase I and II of enhanced 911 service as defined by the FCC. However, under the FCC order, providers are entitled to be reimbursed for the E-911 costs. These costs are unknown. In effect, the bill imposes a tax to fund a system, the cost of which is not determined. Because of this uncertainty, I am unwilling to increase taxes by \$2 million upon North Dakota taxpayers.

Importantly, vetoing this legislation does not jeopardize the current 911 system. Technology is available for enhanced 911 service, and we should allow that technology to evolve before asking our citizens to pay more for cellular phone service.

For these reasons, I hereby veto SB 2307.

Sincerely,

EDWARD T. SCHAFER  
Governor
