Minutes: Chair Froese opened the hearing on HB1323 relating to ND firefighter's association.

Rep. Disrud, Dist 21, Fargo : I am prime sponsor of this bill. This is a simple name change and I urge your support. We need to include both genders.

Lois Hartman, ND Firefighter's Assoc, Executive Director : testified in support of HB1323.

(SEE ATTACHED TESTIMONY) I also have with me an amendment. **(SEE ATTACHED)**

Rep. Ekstrom : (2397) How many women are firefighters?

Lois : Less than 1%. In Center, ND it is half and half, which is an exception to the rule..

Joel Boespflug, Chief Bismarck Fire & Inspection Dept. : (2470) I'm here in support of this bill.

We have a good relationship with the firefighter's association. Bismarck is a member.

Rep. Kretschmar : Are rural fire departments in the association, too? The volunteer ones?

Joel : At the present time, all the departments are. The number of active members varies from year to year.

Vice-Chair Severson : Lois, you stated that before the department were mandated to do so and that will be changed to voluntary. Will that change the membership?

Lois : The ones that are inactive probably won't be interested.

Chair Froseth : What are the dues? Are they structured?

Lois : There is a scale depending on insurance premium to fire department.

Chair Froseth : Any more testimony for or against? Hearing none, hearing is closed.

Rep. N. Johnson : I move a **DO PASS ON AMENDMENTS.**

Rep. Ekstrom : I second.

VOICE VOTE: YES carried. AMENDMENTS PASSED.

Rep. Delmore : I move a **DO PASS AS AMENDED.**

Rep. N. Johnson : I second.

VOTE: 14 YES and 0 NO with 1 absent. BILL PASSED. Rep. N. Johnson will carry.

Minutes:

The hearing was opened on HB1323: relating to the firefighter's association. All senators were present except for Senator Flakoll.

REPRESENTATIVE DISRUD: This bill is quite a simple bill in terms of easy to support and what it does is work on the language going from firemen's association to firefighters' association. I had the privledge through Rep. Maragos last session to sponsor one of their bills and enjoyed working with so much they let me sponsor another one for them.

REPRESENTATIVE MARAGOS: I stand before you in support of HB1323. Others will explain why it should be passed and I offer recommend the committee a Do Pass. SENATOR WATNE: Rep. Maragos, I see your changing firemen to firefighters, do you call this sexist. Is this gender neutral? REPRESENTATIVE MARAGOS: I am sure that they may be one of the underlying reasons but there are others who will give you a more definitive explanation on why the bill is important and should be passed. It certainly to me, the way legislator I could see the wisdom in

changing this name. There are women firefighters, so that I am sure just one of the reasons for the change. ALAN KLEIN: Secretary of the North Dakota Firefighter's Association. See written attached testimony. Mr. Klein spoke in support of this bill. JOEL BOESPFLUG: Chief of the Bismarck Fire and Inspections Department and Director with the North Dakota Fire Chiefs Association. Spoke in support of this bill. See attached written testimony. SENATOR MATHERN: I don't have a question, but I do have just a comment. I gathered from Mr. Klein testimony that the vote was not unanimous, but I commend you all for moving forward with the change.

Hearing Closed HB1323.

Senator Watne, I think the record should reflect that we have twelve uniformed men here that are very impressive. Senator Cook, the record shall show this.

POLITICAL SUBDIVISIONS COMMITTEE Testimony on House Bill No. 1323

**By, Lois Hartman
February 1, 2001**

Mr. Chairman and members of the House Political Subdivisions Committee, my name is Lois Hartman. I am the Executive Director of the North Dakota Firefighter's Association. I appear before you today in support of House Bill No. 1323.

On June 3, 2000, at the 116th Annual Convention of the North Dakota Firemen's Association, an Amendment to the Association's Constitution was presented for consideration to change the name of the Association to the North Dakota Firefighter's Association. After some discussion, the membership at the convention voted to change the name. The proper documents have been filed with the Secretary of State's Office to change the Articles of Incorporation. We are here today to ask the Legislature to update the North Dakota Century Code to reflect the name change.

Mr. Chairman, if I may, I would like to walk the Committee through the bill and highlight two other changes that we are proposing. Pages one and two of the bill simply changes the name to firefighter from firemen.

Page 3, Section 9 deals with the eligibility of a fire department or district to receive the insurance premium tax refund payments. Line 20, should read, "meets the minimum requirements for Class 9 Protection, or better;" This is an update in wording to reflect the Insurance Services Organization fire service rating for each community. This rating service is used state wide to rate the level of fire protection available in the community. Insurance companies use this rating to set property insurance premiums. The higher the rating number, the lower the level of fire protection. A class 10 rating is equal to no fire protection. A class 9 rating is minimal fire protection.

Lines 22 through 24 are being removed.

On page four, the only changes are wording changes from firemen's to firefighter's association and commissioner of insurance to insurance commissioner.

Mr. Chairman, there are other bills being considered this Legislative Session that use the name firemen's association rather than firefighter's association. The old name was used to be consistent with the Century Code. House Bill No. 1289 is a bill to authorize firefighter license plates. I thank you all for your support on that bill, but wanted to note

that the name of the association will also need to be updated in that bill, as well as House Bill No. 1010, which is the Insurance Department Budget.

Thank you Mr. Chairman. That concludes my testimony. I will be happy to try and answer any questions you or the committee may have.

POLITICAL SUBDIVISIONS COMMITTEE
Testimony on House Bill No. 1323

Mr. Chairman and members of the ~~House~~ Political Subdivisions Committee, my name is Alan Klein. I am the Executive Board Secretary of the North Dakota Firefighter's Association. I appear before you today in support of House Bill No. 1323.

Testimony on House Bill 1323
Political Subdivisions Committee

By Joel Boespflug

February 29, 2001

Mr. Chairman and members of the committee, my name is Joel Boespflug and I am the Chief of the Bismarck Fire and Inspections Department and a Director with the North Dakota Fire Chief's Association. I appear before you today in support of House Bill 1323.

On page 3, lines 15-27 establish the requirements that a fire department must meet in order to receive premium tax rebate monies from the Insurance Department. The changes in lines 21-25 refer to a more appropriate fire protection standard that is already in place in North Dakota and throughout the nation. For the purpose of this bill and for legislative intent, a "class 9 protection" as listed on line 22, is intended to be the community fire protection rating of nine in accordance with the Insurance Services Office Fire Suppression Rating Schedule. Throughout the state and nation, this rating schedule is in place and is widely utilized by insurance companies as a community fire risk measurement tool. The "class 9 protection" requirements refer to a fire departments organization, membership, training, handling of alarms, apparatus, equipment and records. It is much more applicable to modern fire protection in comparison to the original wording in the Century Code.

The change provided in this bill on page 3, lines 23-25 is favorable. The second sentence had required that a fire department must be in good standing with the North Dakota Firemen's Association in order to be eligible to receive rebate monies from the Insurance Department. To be in good standing currently requires that the fire department has paid its annual membership dues, which are established and collected by the Firemen's Association. There is no direct correlation between paying annual dues to an organization and to the purpose of the insurance rebate monies. There is however, a positive and measurable relationship between the insurance rebate monies given to the fire department and the common objective of reducing the fire risk for a community.

Mr. Chairman and members of the Committee, I urge you to pass House Bill 1323.

Thank you for your time and I will be happy to answer any questions that you might have.
