Chairman Price: Open hearing on HB 1380.

Rep. Kliniske: Presented Bill. It has been the practice of Governor Schafer to appoint an individual with disabilities. This bill is to ensure that from Governor to Governor this practice continues.

Cindy Vollmer: Chairman of the Committee on Protection and Advocacy. (See support of HB 1380 in written testimony.) The passage of this bill will ensure that people with disabilities maintain a majority membership.

Jack McDonald: Appearing in behalf of The Arc of North Dakota. (See support of HB 1380 in written testimony.) We strongly support a bill that will make one of the Governor's two

appointees a person with disabilities or a person closely associated with a person with a disability. This will make the committee a stronger body in order for them to advise.

Diane Sheppard: Director of The Arc, Upper Valley of Grand Forks. We support this bill as presented and encourage you to vote DO PASS.

Mr. Snortland: Representing AARP. You can't imagine all the inconveniences you experience when you are handicapped. I think this bill is a good idea and I hope you will support this bill.

Chairman Price: Close hearing on HB 1380.

HB 1380

HB 1380
House Human Services Committee
January 30, 2001

Chair Price and members of the committee, I am Cindy Vollmer, the Chair of the Committee on Protection and Advocacy. The Committee on Protection and Advocacy is the governing board of the Protection and Advocacy Project (P&A), a state agency with the mandate to protect, and advocate for, the rights of individuals with disabilities.

P&A was established in North Dakota in 1977. For years it was governed by the Executive Committee of the Governor's Council on Human Resources. In 1989, a State law was passed that provided for a separate governing board, called the Committee on Protection and Advocacy. With two of the seven appointments made by the Governor, the rest of the board membership was essentially self-perpetuating. In 1995, North Dakota law was revised to allow for the appointment of members by the Governor (2 members), the Legislative Council (2 members), the Mental Health Association in North Dakota, The Arc of North Dakota, and People First of North Dakota.

P&A is held accountable through a variety of mechanisms. It currently receives funding from four federal entities, each of which requires annual reports of the agency's expenditures and activities. As a State entity, P&A complies with audits every one to two years. P&A also conducts annual public comment activities and an ongoing client satisfaction survey.

The current governing structure works well. The make-up of the board provides for accountability at a State level to persons with disabilities and their representatives as well as to elected officials.

Historically, one of the Governor's appointees has been a family member of a person with a disability. This is also the situation with the

board as it currently exists. The passage of this bill will ensure that people with disabilities, and their representatives, maintain a majority membership. At the same time, P&A will continue to be accountable to the federal government and the State of North Dakota.

The Committee on Protection and Advocacy urges your support of HB 1380. Thank you. I will be glad to answer any questions.

HOUSE HUMAN SERVICES COMMITTEE
SB 1380

REPRESENTATIVE PRICE AND COMMITTEE MEMBERS:

My name is Jack McDonald. I'm appearing here today on behalf of The Arc of North Dakota. The Arc is an open membership organization made up of people with mental retardation and other related developmental disabilities, their families, friends, interested citizens, and professionals in the disability field.

It is organized on three levels: local chapters, state chapters and the national organization. All three levels provide opportunities to engage policy-makers in efforts to improve public policy affecting people with mental retardation and related developmental disabilities and their families.

The Arc of North Dakota has over 1,200 committed members and friends...your neighbors and constituents...in chapters in Grand Forks, Fargo, Valley City, Jamestown, Bismarck, Dickinson and Bowman.

Our **Mission Statement** is to improve the quality of life for children and adults with mental, retardation and related developmental disabilities and their families through advocacy, education and family support services.

Public policy advocacy is an essential component of the Arc movement, and that's why we're here today. Arc members have worked together over the past 50 years to secure family support services, special education, health care, leisure opportunities, vocational training, community housing and other community support services.

We strongly support the bill that will make one of the Governor's two appointees a person with disabilities or a person closely associated with individuals with disabilities. This will make the committee a stronger body to advise on protection and advocacy matters.

However, we're proposing an amendment to correct our association's name.

Therefore, we respectfully request that you adopt the amendment below, and then give the bill a do pass.

If you have any questions, I will be happy to try to answer them. THANK YOU FOR YOUR TIME AND CONSIDERATION.
