Rep. Sandvig

Chairman Price: Open hearing on HCR 3054.

Rep. Devlin: Presented bill. HCR 3054 grew out of a bill that the committee had earlier. We

voted down after discussions with the Attorney General's Office and some legal people who deal

with child support issues. We might have disrupted more than we wanted to, legally, in the areas

of child custody and visitation. We thought perhaps a study resolution would be a more

appropriate way of looking at that. Most of us that dealt with child support visitation terms,

including custody, have thought often that these terms were more in mind of somebody dealing

with prisoners than they are dealing with children, and made them sound like possessions more

than individuals that are the responsibility of both parents. I would hope that we would move

this resolution forward with a DO PASS and, hopefully, the Legislative Council would chose it because I think it is an area we need to deal with. A lot of states have went to this already. From every indication we have as worked very well for them.

Senator Fischer: I stand in support of HCR 3054. Rep. Devlin has pretty much covered it, so I'll leave it at that.

Chairman Price: Close hearing on HCR 3054.

COMMITTEE WORK:

CHAIRMAN PRICE: HCR 3054.

VICE CHAIRMAN DEVLIN: I move a Do Pass.

REP. WEISZ: Second.

Rep. Devlin, tried to diffuse child custody problems. We were broad in our language and the Attorney General's office came back to us telling of the potential problem.

Senator Traynor, do other states use these terms?

Rep. Devlin, yes.

Senator Trenbeath, what hope is there of changing anything in our social order?

Senator Dever, in the other states that have adopted this, has it helped?

Rep. Devlin we see this as helping parents work together.

Senator Nelson, we are going to need those definitions to help with this study.

Rep. Devlin, that would be our intent. We need some changes to diffuse the problem.

Senator Dever, are you familiar with mediation effors in Grand Forks?

Rep. Devlin, we agree, we would like to see growth.
