Minutes: CHAIRMAN FREBORG called the committee to order.

Roll was taken with all members present.

CHAIRMAN FREBORG called the hearing on SB 2106 relating to open enrollment between school districts.

Testimony in support of SB 2106.

TOM DECKER, Department of Public Instruction, testified in support of the bill. (see attached).

SENATOR COOK questioned the changes on the bottom of Page 2, lines 28 - 31). MR.

DECKER replied part of it is dated language. By crossing out "for purposes of student activities" broadens the effect of the language in the earlier part of the sentence. By deleting the language in lines 28 - 31, and page 3, lines 1 & 2, it is a substantive change.

BEV NIELSON, ND School Board Assn., does not oppose nonresident open enrollment.

However, they have people on both sides of the issue on the changes on the bottom of Page 2. In the past, you could not recruit or use incentives for athletic purposes, and by deleting the

language on the bottom of page 2, it makes it clear you can not advertise for academic purposes or any purposes. There are some districts that have advertised in other districts the benefits of their school and both districts seem to feel it is okay to do this. Discussion followed. They are not opposed to open enrollment for opportunity without enticement, but are opposed to open enrollment for competition. SENATOR WANZEK asked how broad this language is. She stated that a clarification needs to be made by the Legislature, as to what "influence" (page 2, line 27) means so that schools know if they are being fair. SENATOR FREBORG feels the state ought to be promoting cooperation between school districts, not competition, for the students.

LEA ANN SCHNEIDER, Attorney General's office, clarified the bill for the committee. She was involved in the drafting process. She feels that a school board member, in talking with a friend, gave reference to a student attending his school rather than another one, it would be okay. However, if a school board met and discussed who the members should call to ask a student to attend their school, this would be wrong and against the rules. She also stated that a coach could not actively recruit, because he is an employee of the school district. SENATOR O'CONNELL asked what this bill allows that current law does not. She stated that it allows a student to move into ND from another state to immediately use open enrollment. It is more limiting on what kind of things can be advertised, basically all things. When there is reorganization of two school districts, the students can immediately decide where they want to go to school and not have to deal with open enrollment.

LARRY KLUNDT, ND Council of Educational Leaders, stated he has members on both sides of the recruiting issue. He stated he feels this bill came to be because of the situation at Jamestown, where smaller area schools recruited students from the large school. SENATOR FREBORG stated that open enrollment was enacted to benefit the student, now it seems to be to benefit the

district. SENATOR FLAKOLL stated this bill does not change the competition between public and private schools. SENATOR KELSH stated that the original purpose of open enrollment was to allow students to go to a school, other than their district, for convenience sake, such as a parent's employment, etc. More discussion followed. As to the question of how many students are open enrolled, MR. DECKER stated that 2236 students are open enrolled. The pattern is to move from smaller schools to larger schools and this number is growing. This computes to about 2% of the total students.

There was no testimony in opposition to SB 2106.

The hearing was closed on SB 2106.

01-30-01, TAPE 2, SIDE B, 9.8 - 23.8

SENATOR O'CONNELL moved to adopt the Decker amendment dated 1-30-01. Seconded by SENATOR FLAKOLL.

Roll call vote: 7 YES. 0 NO. 0 Absent. Amendment adopted.

Discussion on the recruiting issue. Under current law a district is not breaking the law if they are recruiting for reasons other than athletics. However, if this legislation passes they would be breaking the law.

SENATOR COOK moved amendment to remove the overstrike on pg. 2, lines 28 and 29, "for the purpose of having the student participate in varsity athletic activities." and remove the overstrike on pg. 5, lines 8 and 9, "for the purpose of having the student participate in varsity athletic activities.". Seconded by SENATOR FLAKOLL.

Roll Call Vote: 6 YES. 1 NO. 0 Absent. Amendment adopted.

01-31-01 Tape 1, Side B, 50.1 - 59.8, Tape 2, Side A, 13.7 - 45.7

SENATOR COOK moved to reconsider SB 2106. Seconded by SENATOR FLAKOLL.

SENATOR FREBORG talked to Tom Decker who has a concern with the language that was deleted from the bill. Mr. Decker feel it would lead to hard core recruiting by certain districts.

His concern is with promises that would be made and then not followed through over a period of time. The committee discussed what the language actually does say about recruiting.

Roll Call Vote: 7 YES. 0 NO. 0 Absent.

TOM DECKER appeared to explain his amendments. He feels the decisions on policy should be focused on the best interests of the students in North Dakota and the best use of our resources. He feels the intent of open enrollment is to allow the parents and the students the choice of which public school they want to attend. He feels the focus has to be to leave open enrollment as it is, for the parents and the students to make choices, not to put school districts in the business of recruiting. He presented an amendment to the committee. (see attached). Mr. Decker stated there is no penalty in law if the districts don't abide by the law, but he sees this as a starting point to have parents free to choose their child's school with the districts responding to information when there is a request. He stated, if this is not strong enough or clear enough, in two years the Legislature can put a penalty on. He is willing to wait the two years. Further discussion.

Chairman Kelsch: We will open the hearing on SB2106.

Tom Decker: (DPI) On page 2 of the bill on lines 12 through 16, that language allows students to come into ND from out of state, immediate access to open enrollment. This is one more of those things that we can do to ease the process of people moving into ND. Down a little further, the Senate committee made some changes regarding recruiting for open enrollment. What this language would amount to is that a state would have the intent of the legislature. There's no mechanism to enforce it. The consensus in the Senate was that we needed this first step to lay out what we believe the policy should be, see how that works for a couple of years, and if it works out, we don't have to take any additional steps. Note on page 3 that direct influence is

defined as said there. We believe the recruitment is counterproductive in a time when we need closer cooperation of school districts.

Chairman Kelsch: Would this include newspaper advertisements?

Decker: Bismarek Public Schools put out a supplement which provides a good deal of information about their school. We view that simply as information which provides information to Bismarek Public School students. It's not a recruiting tool, so it would have to go beyond that.

Chairman Kelsch: Would it be, though, if they took those brochures and sent them to residents in Mandan?

Decker: If persons associated directly associated with the Bismarek Public Schools sent those directly to people in Mandan without a request, Mandan would certainly be in the position to raise questions about whether or not there was recruiting going on.

Chairman Kelsch: How about Rep. Hanson who brought in the newspaper ads that were running, and of course those ads would be running not only in that school district, but outside of that school district as well. Some of that may not be able to be controlled, because you may have one county paper, or you may have one major paper of local distribution, but would newspaper ads technically qualify under here?

Decker: That's one reason the Senate was reluctant to put any penalty on or to establish any formal process for review, because there are some gray areas.

Rep. Solberg: Who determines if there's been a violation of the recruiting rules?

Decker: At this point, there's going to probably going to be a discussion, but since there is no penalty, we would probably just log them to develop some kind of history of how these things happened.

Page 3

Rep. Haas: I can see the possibility where a small school district with rapidly declining enrollment is concerned about their residents open enrolling out of there, so therefore, we're going to do some advertising to promote them staying in our district, and coincidentally, that advertisement goes into three or four neighboring districts. It's wide open.

Decker: There's certainly some gray. These districts always have the option of creating brochure and distributing it directly to their patrons.

Chairman Kelsch: We will now close the hearing on SB2106.

Minutes: Conference Committee on SB 2106.

Members: SENATOR WANZEK REPRESENTATIVE BRUSEGAARD
 SENATOR FLAKOLL REPRESENTATIVE L. JOHNSON
 SENATOR CHRISTENSON REPRESENTATIVE HANSON

SENATOR WANZEK called the Conference Committee on SB 2106 to order. Roll Call was taken with all members (6) present.

REPRESENTATIVE BRUSEGAARD stated the purpose of the House amendment is to try to find a way to address those who violate open enrollment by advertising and offering incentives. The amendment allows someone to file a complaint to DPI and a penalty was added which allows the Superintendent to withhold any or all of the transportation aid to the district found in violation.

REPRESENTATIVE HANSON did research on one district taking buses into another district to pick up students. This is not allowed in several states and several other states do not have a policy in place.

SENATOR FLAKOLL asked where the dollars would go that are withheld from transportation aid by penalty. He was told the dollars would be part of the funds left in DPI at the end of the biennium and would then go to the general fund.

SENATOR CHRISTENSON stated open enrollment should be a passive action, not an aggressive action.

SENATOR WANZEK would like the word "violation" defined. SENATOR FLAKOLL feels the House has given the authority to DPI and they can make the decision on a violation.

More discussion by the committee.

The committee agrees with the House amendments with one change. Where it states "any person believes that a school district " they would have it read "board members of a school district believe another school district". This will allow the board to file a complaint, not just a disgruntled citizen.

SENATOR FLAKOLL moved the House recede from the House amendments and adopt the House amendments with changes as proposed by the committee.

Seconded by REPRESENTATIVE HANSON.

The members of the committee will review the finished amendment and approve it before the bill goes to the floor.

Roll Call Vote: 6 YES. 0 NO. 0 Absent. Motion Carried.

SB 2106, as engrossed: Your conference committee (Sens. Wanzek, Flakoll, Christenson and Reps. Brusegaard, D. Johnson, Hanson) recommends that the **HOUSE RECEDE** from the House amendments on SJ pages 1028-1029, adopt amendments as follows, and place SB 2106 on the Seventh order:

That the House recede from its amendments as printed on pages 1028 and 1029 of the Senate Journal and pages 1104 and 1105 of the House Journal and that Engrossed Senate Bill No. 2106 be amended as follows:

Page 2, line 19, after the second period insert:

"1."

Page 2, line 24, after the period insert:

"2."

Page 2, line 25, after the period insert:

"3. a."

Page 3, line 2, replace "For purposes of this section" with:

"b. For purposes of this subsection"

Page 3, line 3, after "school" insert "district"

Page 3, after line 4, insert:

"c. If the members of the board of a school district believe that another school district has violated this subsection, the board may file a complaint with the superintendent of public instruction. Upon receipt of a complaint alleging a violation of this subsection, the superintendent of public instruction shall hold a hearing and accept testimony and evidence regarding the complaint. If the superintendent finds that a school district has violated this subsection, the superintendent may withhold some or all of the transportation aid payments to which the district would be otherwise entitled for a period of one year from the date of the finding. A decision by the superintendent under this subsection is appealable to the state board of public school education. A decision by the state board of public school education is final."

Renumber accordingly

Engrossed SB 2106 was placed on the Seventh order of business on the calendar.

2001 TESTIMONY

SB 2106

TESTIMONY ON SENATE BILL NO. 2106
SENATE EDUCATION COMMITTEE
January 17, 2001
Department of Public Instruction

Chairperson Freborg and members of the committee:

My name is Tom Decker. I'm the director of school finance and organization for the Department of Public Instruction.

Senate Bill 2106 contains a series of amendments to the open enrollment statute. These proposals come out of our continuing experience with open enrollment implementation across the state.

The first proposed change is on page 2 at line 12. In discussions with the Attorney General's office, we have been told that the open enrollment law does not provide access to open enrollment for students who move into North Dakota from out of state. Currently, students in North Dakota who change districts of residence have immediate access to open enrollment through a waiver in the law. The suggested language on page 2 adds students who move in from out of state to that list of students who have immediate access to open enrollment. For example, if a student and his or her family move into the Dickinson area and the family lives in the South Heart School District, students in that family could immediately begin to attend schools in Dickinson if that were their district of choice. Under

current law, they would have to seek a tuition waiver and apply for open enrollment the following year. In many cases, either districts do not take students on tuition waivers or the district of residence refuses to cooperate on a tuition waiver. The net result is that a student leaves his or her out-of-state school, moves into one North Dakota school district for part of a year or a year at the most and then changes districts again. Under the provision suggested in the language on page 2, that family could enroll their student into school where they wanted him or her to attend in North Dakota for the long term.

On page 3 of the bill, at line 7, reorganization is added to dissolution. The effect of adding this wording is to give students in a district that goes through reorganization a window of opportunity to open enroll at the time the reorganization becomes final. Again, we believe that making it clear that students have a choice about district of attendance while a reorganization is in progress will reduce the resistance to the reorganization on the part of those who may feel they will be pulled into a district other than the one where they would prefer to send their students.

Sections four on page 3 through the end of the bill are reiterations of the language to comply with the change in Title 15 proposed in House Bill 1045.
