¹ This amendment reduces, from \$9,833 to \$3,734, the amount provided for a market equity salary increase for the Attorney General. The amount included in the bill will provide for a monthly increase of \$177.67 and related fringe benefits for the last 18 months of the biennium. In addition, funding for the racing commissioner's market equity salary increase is increased, from \$7,007 to \$8,761, to provide a monthly increase of \$416.83 and related fringe benefits for the last 18 months of the biennium.

² Funding for the Racing Commission is increased by \$56,544 to provide additional funding for operating costs. In addition, a funding source change is made removing the general fund support and providing the funding from the racing promotion fund, purse fund, and breeders' fund based on the proportion of the resources available in each fund.

³ Equipment funding is reduced to reflect lower computer replacement costs.

⁴ Federal funding is reduced and general fund support is increased relating to the Uniform Crime Reporting (UCR) research analyst position (\$86,055) and for 1.5 FTE information technology positions required to maintain the law enforcement system (National Criminal History Improvement Project) on a 24-hour basis (\$168,190).

⁵ General fund support is reduced and funding is provided from the Attorney General refund fund for a portion of the costs of the Consumer Protection Division. Provisions are added allowing the Attorney General to retain these funds in the refund fund and not transfer them to the general fund on June 30, 2001. This amount was not included in the general fund revenue forecast; therefore, estimated general fund revenues are not affected.

⁶ Funding for local gaming enforcement grants is increased by \$209,409 to \$629,000. Funding for these grants is changed from the general fund to the gaming and excise tax allocation fund. A section is added amending North Dakota Century Code Section 53-06.1-12 to provide that three percent of gaming tax collections be deposited in the gaming and excise tax allocation fund rather than the general fund. This change reduces 2001-03 biennium estimated general fund revenues by \$629,000.

Grants from this special fund will be distributed quarterly to cities and counties based on their proportion of the taxes collected. If a city or county's allocation for a quarter is less than \$200, that city or county will not receive a payment for that quarter, but that amount will be distributed to other cities and counties receiving payments of \$200 or more.

The section providing that the Attorney General distribute local gaming enforcement grants on a competitive basis is removed from the bill.

A section is added authorizing the Attorney General to charge fees totaling up to \$35,000 for the 2001-03 biennium for services provided by the State Fire Marshal to entities covered by the petroleum release compensation fund. Collections of these fees will be deposited in the Attorney General's operating fund.

A section is added requiring the State Fire Marshal, as requested by a political subdivision, to conduct inspections of publicly or privately owned buildings. The State Fire Marshal will charge a fee for these inspections, the proceeds of which will be deposited in the general fund.

A section of legislative intent is added providing that the Attorney General request state contingency funds from the Emergency Commission if additional funding is needed for cleanup costs relating to clandestine laboratories and if federal funds are not available for paying these costs.

A section is added appropriating \$197,714 from the general fund for local gaming enforcement grants for the 1999-2001 biennium providing a total of \$419,591 for these grants for the 1999-2001 biennium.
