

**HOUSE BILL NO. 1476**

Introduced by

Representatives Fairfield, Glassheim, Jensen

Senators Bercier, Heitkamp

1 A BILL for an Act to provide for job service North Dakota employee training and data collection  
2 on domestic violence; and to amend and reenact subsection 3 of section 52-06-01,  
3 subsection 1 of section 52-06-02, and section 52-06-36 of the North Dakota Century Code,  
4 relating to domestic violence victim eligibility for unemployment compensation benefits.

5 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

6 **SECTION 1. Job service North Dakota - Domestic violence training - Domestic**  
7 **violence data collection.**

8 1. Job service North Dakota shall establish and implement a training curriculum for  
9 the training of all employees who interact with unemployment compensation  
10 claimants to determine whether the individual's unemployment claim is valid. The  
11 curriculum must address the nature and dynamics of domestic violence so that  
12 employment separations stemming from domestic violence are reliably screened,  
13 identified, and adjudicated and so victims of domestic violence are able to take  
14 advantage of the full range of services provided by the bureau. When appropriate,  
15 the training presenters must include domestic violence experts with expertise in the  
16 delivery of direct services to domestic violence victims and the presenters shall  
17 involve the staff of shelters for battered women in the presentation of the training.  
18 The curriculum must be at least eight hours in length and must stress the following  
19 topics: the nature and extent of domestic violence; the ways in which domestic  
20 violence can interfere with an employee's ability to work or with an individual's  
21 ability to articulate in job training; the consequences of domestic violence in an  
22 employee's life; steps an employee may need to take to escape domestic violence;  
23 effects on children as victims and witnesses of domestic violence; methods for  
24 identifying domestic violence victims and creating a climate conducive to

1           disclosure; legal rights and remedies available to victims of domestic violence; and  
2           facilities available to victims of domestic violence, including victim compensation  
3           programs, emergency shelters, and legal advocacy programs.

4           2. Job service North Dakota shall collect annual data on the number of claimants who  
5           received unemployment compensation benefits, including extended benefits under  
6           chapter 52-07.1, who qualified for benefits because they were discharged or left  
7           employment due to circumstances directly resulting from domestic violence.

8           **SECTION 2. AMENDMENT.** Subsection 3 of section 52-06-01 of the North Dakota  
9 Century Code is amended and reenacted as follows:

- 10           3. The individual is able to work and is available for suitable work and actively  
11           seeking work; provided:
- 12           a. That notwithstanding any other provisions in this section, no otherwise eligible  
13           individual may be denied benefits for any week because the individual is in  
14           training with the approval of the bureau by reason of the application of  
15           provisions of this subsection relating to availability for work and to active  
16           search for work, or the provisions of subsection 3 of section 52-06-02 relating  
17           to disqualification for benefits for failure to apply for, or a refusal to accept,  
18           suitable work; ~~and~~
- 19           b. That no claimant may be considered ineligible in any week of unemployment  
20           for failure to comply with this subsection, if the failure is due to an illness or  
21           disability not covered by workers' compensation insurance and which  
22           occurred after the claimant has registered for work and no work has been  
23           offered the claimant which is suitable; and
- 24           c. That a claimant who was determined eligible due to domestic violence  
25           circumstances may not be considered ineligible in any week of unemployment  
26           for failure to comply with this subsection if the failure is due to circumstances  
27           directly resulting from domestic violence;

28           **SECTION 3. AMENDMENT.** Subsection 1 of section 52-06-02 of the North Dakota  
29 Century Code is amended and reenacted as follows:

- 1           1. For the week in which the individual has left the individual's most recent  
2           employment voluntarily without good cause attributable to the employer, and  
3           thereafter until such time as the individual:
- 4           a. Can demonstrate that the individual has earned remuneration for personal  
5           services in employment equivalent to at least eight times the individual's  
6           weekly benefit amount as determined under section 52-06-04; and  
7           b. Has not left the individual's most recent employment under disqualifying  
8           circumstances.

9           A temporary employee of a temporary help firm is deemed to have left  
10          employment voluntarily if the employee does not contact the temporary help firm  
11          for reassignment before filing for benefits. Failure to contact the temporary help  
12          firm is not deemed a voluntary leaving of employment unless the claimant was  
13          advised of the obligation to contact the temporary help firm upon completion of an  
14          assignment and advised that unemployment benefits may be denied for failure to  
15          contact the temporary help firm. As used in this subsection, "temporary employee"  
16          means an employee assigned to work for a client of a temporary help firm; and  
17          "temporary help firm" means a firm that hires that firm's own employees and  
18          assigns these employees to a client to support or supplement the client's work  
19          force in a work situation such as employee absence, temporary skill shortage,  
20          seasonal workload, a special assignment, and a special project.

21          This subsection does not apply if the bureau determines that the individual in  
22          an active claim filing status accepted work which the individual could have refused  
23          with good cause under section 52-06-36 and terminated such employment with the  
24          same good cause and within the first ten weeks after starting work.

25          This subsection does not apply if the individual left employment or remains  
26          away from employment following illness or injury upon a physician's written notice  
27          or order; no benefits may be paid under this exception unless the employee has  
28          notified the employer of the physician's requirement and has offered service for  
29          suitable work to the employer upon the individual's capability of returning to  
30          employment. This exception does not apply unless the individual's capability of  
31          returning to employment and offer of service for suitable work to the employer

1 occurs within sixty days of the last day of work. However, the cost of any benefits  
2 paid under this exception may not be charged against the account of the employer  
3 from whom the individual became separated as a result of the illness or injury. The  
4 bureau may request and designate a licensed physician to provide a second  
5 opinion regarding the claimant's qualification; however, no individual may be  
6 charged fees of any kind for the cost of such second opinion.

7 This subsection does not apply if the individual left the most recent  
8 employment because of an injury or illness caused or aggravated by the  
9 employment; no benefits may be paid under this exception unless the individual  
10 leaves employment upon a physician's written notice or order, the individual has  
11 notified the employer of the physician's requirement, and there is no reasonable  
12 alternative but to leave employment.

13 This subsection does not apply if the individual left the most recent  
14 employment because of circumstances directly resulting from domestic violence,  
15 as defined under section 14-07.1-01, and the individual reasonably feared future  
16 domestic violence at or en route to or from the individual's place of employment;  
17 wished to relocate to another geographic area to avoid future violence against the  
18 individual, the individual's family, or the individual's coworkers; reasonably believed  
19 that leaving work was necessary for the future safety of the individual, the  
20 individual's family, or the individual's coworkers; was required to leave employment  
21 as a condition of receiving services or shelter from an agency that provides support  
22 services or shelter to victims of domestic violence or sexual assault; or reasonably  
23 believed for any reason related to domestic violence that termination of  
24 employment was necessary for the future safety of the individual, the individual's  
25 family, or the individual's coworkers.

26 For the purpose of this subsection, an individual who left the most recent  
27 employment in anticipation of discharge or layoff must be deemed to have left  
28 employment voluntarily and without good cause attributable to the employer.

29 For the purpose of this subsection, "most recent employment" means  
30 employment with any employer for whom the claimant last worked and voluntarily  
31 quit without good cause attributable to the employer or with any employer, in

1 insured work, for whom the claimant last worked and earned wages equal to or  
2 exceeding eight times the individual's weekly benefit amount.

3 This subsection does not apply if the individual leaves work which is two  
4 hundred road miles [321.87 kilometers] or more, as measured on a one-way basis,  
5 from the individual's home to accept work which is less than two hundred road  
6 miles [321.87 kilometers] from the individual's home provided the work is a bona  
7 fide job offer with a reasonable expectation of continued employment.

8 **SECTION 4. AMENDMENT.** Section 52-06-36 of the North Dakota Century Code is  
9 amended and reenacted as follows:

10 **52-06-36. Factors considered in determining suitability of work and good cause**  
11 **for voluntary leaving.** In determining whether or not any work is suitable for an individual and  
12 in determining the existence of good cause for voluntarily leaving the individual's work under  
13 subsections 1 and 3 of section 52-06-02, there must be considered among other factors, and in  
14 addition to those enumerated in this section, the degree of risk involved to the individual's  
15 health, safety, and morals, the individual's physical fitness and prior training, the individual's  
16 experience and prior earnings, the length of the individual's unemployment, the individual's  
17 prospects for obtaining work in the individual's customary occupation, the distance of available  
18 work from the individual's residence, and the prospects for obtaining local work. There is good  
19 cause for an individual voluntarily leaving the individual's work if the individual left the  
20 employment because of circumstances directly resulting from domestic violence, as defined  
21 under section 14-07.1-01, and the individual reasonably feared future domestic violence at or  
22 en route to or from the individual's place of employment; wished to relocate to another  
23 geographic area to avoid future violence against the individual, the individual's family, or the  
24 individual's coworkers; reasonably believed that leaving work was necessary for the future  
25 safety of the individual, the individual's family, or the individual's coworkers; was required to  
26 leave employment as a condition of receiving services or shelter from an agency that provides  
27 support services or shelter to victims of domestic violence or sexual assault; or reasonably  
28 believed for any reason related to domestic violence that termination of employment was  
29 necessary for the future safety of the individual, the individual's family, or the individual's  
30 coworkers.

1           However, any work paying wages equal to the maximum weekly benefit amount must  
2 be determined suitable for an individual who has filed for and received benefit payments for  
3 eighteen consecutive weeks; provided, that consideration must be given to the degree of risk  
4 involved to the individual's health, safety, morals, the individual's physical fitness, and the  
5 distance of the work from the individual's residence. No work may be deemed suitable and  
6 benefits may not be denied under the North Dakota Unemployment Compensation Law to any  
7 otherwise eligible individual for refusing to accept new work under any of the following  
8 conditions:

- 9           1. If the position offered is vacant due directly to a strike, lockout, or other labor  
10           dispute.
- 11           2. If the wages, hours, or other conditions of work offered are substantially less  
12           favorable to the individual than those prevailing for similar work in the locality.
- 13           3. If, as a condition of being employed, the individual would be required to join a  
14           company union or to resign from or refrain from joining any bona fide labor  
15           organization.
