2. **Narrative:** Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.

HB 1396 specifically allows the State Water Commission to include projects authorized under section 319 of the Federal Water Pollution Control Act, for the control of nonpoint sources of pollution, as potential projects when determining which projects that the State Water Commission will cost share in. The North Dakota Department of Health would continue to pass the Federal funds through to the local sponsors. This bill does not increase the available pool of funds the State Water Commission uses to provide local cost share so would not have any fiscal impact although more projects will be competing for the available funds.

- 3. State fiscal effect detail: For information shown under state fiscal effect in 1A, please:
 - A. **Revenues:** Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.
 - B. **Expenditures:** Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.
 - C. **Appropriations:** Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.
