- 15          g. Entering into a viatical settlement contract may cause other rights or benefits,  
16          including conversion rights and waiver of premium benefits that may exist  
17          under the policy or certificate, to be forfeited by the viator and that assistance  
18          should be sought from a financial adviser.
- 19          h. Disclosure to a viator must include distribution of a brochure describing the  
20          process of viatical settlements.
- 21          i. The disclosure document must contain the following language: "All medical,  
22          financial, or personal information solicited or obtained by a viatical settlement  
23          provider or viatical settlement broker about an insured, including the insured's  
24          identity, medical, and financial information or the identity of family members, a  
25          spouse, or significant other, may be disclosed as necessary to effect the  
26          viatical settlement between the viator and the viatical settlement provider. If  
27          you are asked to provide this information, you will be asked to consent to the  
28          disclosure. The information may be provided to someone who buys the policy  
29          or provides funds for the purchase."
- 30          j. The insured may be contacted by either the viatical settlement provider or  
31          broker or its authorized representative for the purpose of determining the

- 1                   insured's health status. This contact is limited to once every three months if  
2                   the insured has a life expectancy of more than one year, and no more than  
3                   once per month if the insured has a life expectancy of one year or less.
- 4           2. A viatical settlement provider must provide the viator with at least the following  
5           disclosures no later than the date the viatical settlement contract is signed by all  
6           parties. The disclosures must be conspicuously displayed in the viatical settlement  
7           contract or in a separate document signed by the viator and the viatical settlement  
8           provider or viatical settlement broker and provide the following information:
- 9           a. State the affiliation, if any, between the viatical settlement provider and the  
10           issuer of the insurance policy to be viaticated.
- 11           b. The document must include the name, address, and telephone number of the  
12           viatical settlement provider.
- 13           c. A viatical settlement broker shall disclose to a prospective viator the amount  
14           and method of calculating the broker's compensation.
- 15           d. If an insurance policy to be viaticated has been issued as a joint policy or  
16           involves family riders or any coverage of a life other than the insured under  
17           the policy to be viaticated, the viator must be informed of the possible loss of  
18           coverage on the other lives under the policy and must be advised to consult  
19           with the viator's insurance producer or the insurer issuing the policy for advice  
20           on the proposed viatical settlement.
- 21           e. State the dollar amount of the current death benefit payable to the viatical  
22           settlement provider under the policy or certificate. If known, the viatical  
23           settlement provider shall also disclose the availability of any additional  
24           guaranteed insurance benefits, the dollar amount of any accidental death and

26           settlement provider's interest in those benefits.
- 27           f. State the name, business address, and telephone number of the independent  
28           third party escrow agent and the fact that the viator or owner may inspect or  
29           receive copies of the relevant escrow or trust agreements or documents.

1           3.   If the viatical settlement provider transfers ownership or changes the beneficiary of  
2           the insurance policy, the provider shall communicate the change in ownership or  
3           beneficiary to the insured within twenty days after the change.

4           **26.1-33.2-08. General rules.**

5           1.   a.   A viatical settlement provider entering into a viatical settlement contract must  
6           first obtain:

7                   (1)   If the viator is the insured, a written statement from a licensed attending  
8                   physician that the viator is of sound mind and under no constraint or  
9                   undue influence to enter into a viatical settlement contract;

10                   (2)   A witnessed document in which the viator consents to the viatical  
11                   settlement contract, represents that the viator has a full and complete  
12                   understanding of the viatical settlement contract, that the viator has a  
13                   full and complete understanding of the benefits of the life insurance  
14                   policy, acknowledges that the viator has entered into the viatical  
15                   settlement contract freely and voluntarily, and, if applicable for the  
16                   purposes of determining payments for persons who are terminally or  
17                   chronically ill, acknowledges that the insured is terminally ill or is  
18                   chronically ill and that the terminal or chronic illness or condition was  
19                   diagnosed after the life insurance policy was issued; and

20                   (3)   A document in which the insured consents to the release of the  
21                   insured's medical records to a viatical settlement provider, viatical  
22                   settlement broker, and the insurance company that issued the life  
23                   insurance policy covering the life of the insured.

24                   b.   Within twenty days after a viator executes documents necessary to transfer  
25                   any rights under an insurance policy or within twenty days of entering any  
26                   agreement, option, promise, or any other form of understanding, expressed or  
27                   implied, to viaticate the policy, the viatical settlement provider must give  
28                   written notice to the insurer that issued that insurance policy that the policy  
29                   has or will become a viaticated policy. The notice must be accompanied by  
30                   the documents required by subdivision c in their entirety.

- 1           c. The viatical provider must delivery a copy of the medical release required  
2           under paragraph 3 of subdivision a and a copy of the viator's application for  
3           the viatical settlement contract to the insurer that issued the life insurance  
4           policy that is the subject of the viatical transaction along with the notice  
5           required under subdivision b.
- 6           2. All medical information solicited or obtained by any licensee is subject to the  
7           applicable provision of state law relating to confidentiality of medical information.
- 8           3. All viatical settlement contracts entered into in this state must provide the viator  
9           with an unconditional right to rescind the contract for at least thirty calendar days  
10           from the date of the contract or fifteen days from the receipt of the viatical  
11           settlement proceeds, whichever is less. If the insured dies during the rescission  
12           period, the viatical settlement contract shall be deemed to have been rescinded,  
13           subject to repayment to the viatical settlement provider of all viatical settlement  
14           proceeds, and any premiums, loans, and loan interest that have been paid by the  
15           viatical settlement provider.
- 16           4. The viatical settlement provider must instruct the viator to send the executed  
17           documents required to effect the change in ownership, assignment, or change in  
18           beneficiary directly to the independent escrow agent. Within three business days  
19           after the date the escrow agent receives the document or from the date the viatical  
20           settlement provider receives the documents, if the viator erroneously provides the  
21           documents directly to the provider, the escrow agent shall pay or transfer the  
22           proceeds of the viatical settlement into an escrow or trust account maintained in a  
23           state or federally chartered financial institution whose deposits are insured by the  
24           federal deposit insurance corporation. Upon payment of the settlement proceeds  
25           into the escrow account, the escrow agent shall deliver the original change in  
26           ownership, assignment, or change in beneficiary forms to the viatical settlement  
27           provider. Upon the licensed provider's receipt of the acknowledgement of the  
28           transfer of ownership, assignment, or designation of beneficiary from the insurance  
29           company, the licensed provider shall instruct the escrow agent to pay the  
30           settlement proceeds to the viator. Payment must be made within three business

1           days of the date the provider received the acknowledge forms from the insurance  
2           company.

3           5. Failure to tender consideration to the viator for the viatical settlement contract  
4           within the time disclosed pursuant to subdivision f of subsection 1 of section  
5           26.1-33.2-07 renders the viatical settlement contract voidable by the viator for lack  
6           of consideration until the time consideration is tendered to and accepted by the  
7           viator.

8           6. Contacts with the insured for the purpose of determining the health status of the  
9           insured by the viatical settlement provider or viatical settlement broker after the  
10           viatical settlement has occurred must only be made by the viatical settlement  
11           provider or broker licensed in this state or its authorized representatives and is  
12           limited to once every three months for insureds with a life expectancy of more than  
13           one year and to no more than once per month for insureds with a life expectancy  
14           of one year or less. The provider or broker shall explain the procedure for these  
15           contacts at the time the viatical settlement contract is entered. Viatical settlement  
16           providers and viatical settlement brokers shall be responsible for the actions of  
17           their authorized representatives.

18           7. Every viatical settlement licensee shall establish and at all times maintain a system  
19           of control over the content, form, and method of dissemination of all  
20           advertisements of its contracts, products, and services. All advertisements are the  
21           responsibility of the viatical settlement licensee, as well as the individual who  
22           created or presented the advertisement. Advertisements must be truthful and not  
23           misleading in fact or by implication.

24           **26.1-33.2-09. Prohibited practices.** It is a violation of this chapter for any person to  
25           enter into a viatical settlement contract within a two-year period commencing with the date of  
26           issuance of the insurance policy or certificate unless the viator certifies to the viatical settlement  
27           provider that one or more of the following conditions have been met within the two-year period:

28           1. The policy was issued upon the viator's exercise of conversion rights arising out of  
29           a group or individual policy, if the total of the time covered under the conversion  
30           policy plus the time covered under the prior policy is at least twenty-four months.  
31           The time covered under a group policy must be calculated without regard to any

- 1           change in insurance carriers, if the coverage has been continuous and under the  
2           same group sponsorship.
- 3           2. The owner of the policy is a charitable organization exempt from taxation under  
4           26 U.S.C. 501(c)(3).
- 5           3. The owner of the policy is not a natural person, such as a corporation, limited  
6           liability company, or partnership.
- 7           4. a. The viator or owner submits independent evidence to the viatical settlement  
8           provider that one or more of the following conditions have been met within the  
9           two-year period:
- 10           (1) The owner or insured is diagnosed with an illness or condition that is  
11           either life threatening or that requires a course of treatment for a period  
12           of at least two years or long-term care or home health care, or both;
- 13           (2) The owner's or insured's spouse dies;
- 14           (3) The owner or insured divorces that person's spouse;
- 15           (4) The owner or insured retires from full-time employment;
- 16           (5) The owner or insured becomes physically or mentally disabled and a  
17           physician determines that the disability prevents the owner or insured  
18           from maintaining full-time employment;
- 19           (6) The owner of the policy was the insured's employer at the time the  
20           policy or certificate was issued and the employment relationship  
21           terminated;
- 22           (7) A final order, judgment, or decree is entered by a court of competent  
23           jurisdiction, on the application of a creditor of the owner or insured,  
24           adjudicating the owner or insured bankrupt or insolvent, or approving a  
25           petition seeking reorganization of the owner or insured or appointing a  
26           receiver, trustee, or liquidator to all or a substantial part of the owner's  
27           or insured's assets; or
- 28           (8) The owner of the policy experiences a significant decrease in income  
29           that is unexpected by the owner and that impairs the owner's  
30           reasonable ability to pay the policy premium.

1           b. The independent evidence must be submitted to the insurer when the viatical  
2           settlement provider submits a request to the insurer to effect transfer of policy  
3           or certificate to the viatical settlement provider. The insurer shall respond to  
4           the request in a timely manner. Nothing in this section prohibits an insurer  
5           from exercising its right to contest the validity of any policy on the grounds of  
6           fraud.

7           5. If the viatical settlement provider submits to the insurer a copy of the owner's or  
8           insured's certification described in subsection 4 when the viatical settlement  
9           provider submits a request to the insurer to effect the transfer of the policy or  
10           certificate to the viatical settlement provider, the copy must be deemed to  
11           conclusively establish that the viatical settlement contract is valid and enforceable  
12           and the insurer shall timely respond to the request.

17          civil or criminal action.
- 18          6. Viatical settlement providers and viatical settlement brokers shall submit to the
