¹ The amount provided for a market equity salary increase for the Superintendent of Public Instruction is reduced from \$14,528 to \$10,979. The amount included in the bill will provide for a monthly increase of \$522 per month for the last 18 months of the biennium.

² Funding is removed for the development of a student data base. The Schafer executive budget recommendation includes an appropriation to the Department of Public Instruction for the project. The Hoeven budget recommendation includes an appropriation to the Information Technology Department for the project. This change is included in the Hoeven budget recommendation.

³ Funding is transferred from operating expenses to the other grants line item to increase grants to the LEAD consortium from \$200,000 to \$215,000. The additional grants are to fund the Spelling Bee and Math Counts programs.

⁴ Other funds spending authority, derived from fees generated by the Division of Independent Study, is added to restore operating expenses to the amount included in the division's base budget request. This change is included in the Hoeven budget recommendation.

⁵ Funding for the Governor's School program is reduced by \$60,000, from \$205,000 to \$145,000. The \$145,000 amount included in the House version is the same as the amount appropriated for the 1999-2001 biennium.

⁶ Funding is removed for the Quality Schools Commission. The Schafer executive budget recommendation includes an appropriation of \$575,192 to the Department of Public Instruction for a grant to the commission. The Hoeven budget recommendation includes an appropriation of \$505,197 to the Governor's office for the expenses of the commission. This change is included in the Hoeven budget recommendation.

⁷ Funding is added for geographic education grants. The grant will be provided to the North Dakota geographic alliance and will be matched with approximately \$400,000 of other funds from the National Geographic Society and other sources to establish a North Dakota geographic education endowment fund. The income of the endowment fund will be used to partially fund the operations of the North Dakota geographic alliance, which provides geography instruction training and materials to North Dakota teachers.

- ⁸ Funding is reduced from \$33,000 to \$20,000 for a grant to the Education Standards and Practices Board for the national board certification program. The amount included in the House version is the same as the amount appropriated for the 1999-2001 biennium.
- ⁹ Funding for salaries and wages is reduced by \$100,000 from the general fund to reflect the reduction of 1 FTE position to be determined by the department.
- ¹⁰ The Schafer executive recommendation for foundation aid and special education aid is reduced and funding is added for teacher compensation payments, as follows:

	SCHAFFER EXECUTIVE BUDGET	HOEVEN BUDGET	HOUSE VERSION
Foundation aid	\$485,542,761	\$457,666,148	\$461,035,668
Teacher compensation payments		<u>50,009,575</u>	<u>46,640,055</u>
Total foundation aid and teacher compensation	\$485,542,761	\$507,675,723	\$507,675,723
Special education aid	\$51,260,000	\$49,898,695	\$49,898,695
Per student payment amounts			
First year	\$2,323	\$2,240	\$2,255
Second year	\$2,420	\$2,250	\$2,278
Teacher payment amounts			
First year	N/A	\$2,000	\$1,750
Second year	N/A	<u>3,500</u>	<u>3,500</u>
Biennium total per teacher FTE	N/A	\$5,500	\$5,250
Qualifying teacher FTE positions	N/A	9,092.65	8,883.82

This amendment also:

- Adds a new Section 5, which allows the Education Standards and Practices Board to use up to \$7,000 of the amount appropriated by the Fifty-sixth Legislative Assembly for the national board certification program to pay stipends to teachers receiving national board certification during the 1999-2001 biennium. An emergency clause is added to make this section effective upon passage of the bill.
- Adds a new Section 6, which provides that the department may not transfer any FTE positions between the Division of Independent Study and the other divisions of the department without first obtaining approval of the Budget Section.
- Adds a new Section 7, which provides legislative intent that the department's 2003-05 biennium budget request contain no more than 129.95 FTE positions, 1 FTE less than the number authorized in the House version for the 2001-03 biennium. Although the agency is provided the authority to determine the specific position eliminated, the reduction is to reflect potential savings resulting from Information Technology Department statewide initiatives, which may result in a reduction in data collection responsibilities for the Department of Public Instruction.
- Adds new Sections 15 and 17 to provide statutory changes relating to the supplemental payment program currently authorized by North Dakota Century Code Section 15-40.1-07.8. The statutory formula limits the payment to each qualifying district and for the 1999-2001 biennium will result in the Department of Public Instruction being unable to distribute the entire legislative appropriation. This amendment allows the department to adjust the formula to allow the distribution of all appropriated funds. An emergency clause is added for this section to allow the 1999-2001 biennium appropriation for these payments to be distributed.
