¹ The nursing facility nurses student loan payment program is changed to the long-term care nursing scholarship and loan repayment program. The program is changed from the state paying an eligible nursing facility nurse's student loan payment directly to the financial institution as proposed by the House to providing a grant of up to \$5,500 to an eligible nursing facility during the first year of the biennium for the facility to use for providing scholarships to nursing staff or others to obtain a nursing education or for assisting nurses employed by the facility to repay their nursing student loans. Each nursing facility must provide an equal amount as matching. If appropriation authority remains available for the second year of the biennium, the State Health Council may provide additional matching grants to nursing facilities for the same purpose. (Section 8)

This amendment provides a \$489,500 appropriation from the health care trust fund for this program, the same as the Senate version, rather than transferring \$1,000,000 from the health care trust fund to a nursing facility nurses student loan payment fund and providing a \$200,000 appropriation from that fund as included in the House version. (Section 31)

House Bill No. 1196 - Department of Human Services - Management - Conference Committee Action

The Conference Committee did not change the House and Senate version for funding for the Health Insurance Portability and Accountability Act and other technology-related projects. (Section 33)

¹ The funding provided for loans is increased to \$12,000,000 from the health care trust fund, \$3,100,226 more than the House version and \$1,000,000 less than the Senate version. (Section 22)

² Funding for the nursing home bed reduction incentive program is reduced by \$100,000 from the health care trust fund, the same as the Senate version. (Section 23)

The maximum incentive payment a facility may receive for each bed reduced is:

- \$15,000 per bed if a facility eliminates its entire licensed bed capacity.
- \$12,000 per bed if a facility reduces at least eight beds.
- \$8,000 per bed if a facility reduces fewer than eight beds.

Under the Senate version, the maximum incentive allowed was \$15,000 per bed. Under the House version, a facility reducing at least eight beds would have received an incentive of \$10,000 per bed, and a facility reducing fewer than eight beds would have received an incentive of \$2,500 per bed.

Provisions are added providing that the department:

- May not pay an incentive to a nursing facility that is temporarily converting nursing facility bed capacity to basic care bed capacity.
- Shall allow for nursing facilities to make offers to reduce bed capacity each quarter.
- Shall give priority for incentives to facilities that reduce their entire licensed bed capacity.
- Shall inform a nursing facility within thirty days of the beginning of each quarter regarding the department's approval or disapproval of the facility's offer to reduce beds.

Provisions are added providing that:

- To be eligible for an incentive in a particular quarter, a nursing facility's bid to reduce bed capacity must be received by the Department of Human Services by the first day of the quarter for which the incentives will be approved.
- A nursing facility may resubmit a bid that was not approved in one quarter in a subsequent quarter.

³ Additional funding of \$43,200 is provided from the health care trust fund and \$86,400 of federal funds is provided to increase the personal care allowance for individuals residing in intermediate care facilities for the mentally retarded from \$40 to \$50 per month, the same as the Senate version. (Section 27)

Provisions are added that:

- Preclude nursing facilities from using moneys received for compensation enhancements (Section 24) for matching long-term care nursing scholarship and loan repayment grants. (Section 8)
- Remove the definition of "assisted living facility" from NDCC Chapter 50-30. (Section 12)
- Expand the long-term care needs assessment study to include the nursing facility payment system and allow the study to begin prior to the 2001-03 biennium. (Section 30)

Sections 9 and 10 of the bill relating to the moratoriums on the expansion of long-term care and basic care bed capacity are changed to reflect the provisions of Senate Bill No. 2098 which has passed both the House and Senate.

Funding is included to rebase nursing facility limits to 1999, the same as the House version. (Section 26) The Senate had added \$1,611,523, which included \$483,457 from the health care trust fund to rebase to 2000.
