Minutes: Chairman Klein: opened the meeting on HB 1030

13 members present 1 absent (Tieman)

Testimony in favor of HB 1030:

Representative Andrew Maragos: appeared in support of house bill 1030, and said that all the problems at the veterans home haven't been taken care of it, and he certainly thinks its appropriate to study it again through the interim, and keep taking testimony on it. And refining and improving the environment down there.

Representative Devlin: agreed with him that it needed to be studied. Why does the study in the 2003-2004 interim need an emergency clause?

Representative Maragos: Assumed without the emergency clause they would have to wait 4 months before moving ahead.

Representative Klemin: was also wondering about the emergency clause? Which biennium does the appropriation come out of if we have an emergency clause on there?
