Minutes

Christopher Dodson, ND Catholic Conference appeared in support stating this is just asking Congress to return our State's Rights.

No opposition. Closed hearing.

Rep. Warnke appeared as prime sponsor with written testimony.

Rep. Niemeier made a motion for DO NOT PASS, second by Rep. Pollert.

Rep. Niemeier stated her reason for a DNP, stated that the testimony Rep. Warnke gave them said it would allow the State flexibility, actually it would be _____ative and she can see the possibility of suits opening up in this issue and it may end up with the opposite affect of what the fine people who are sponsoring this would like to achieve.

Rep. Weisz stated he doesn't see that the resolution does that. This just tells the Fed's to get off of our backs and I'm all for it.

Rep. Niemeier stated this could lead to abortion.

Rep. Price asked Rep. Niemeier if it could just be that if it was the State's choice, that we would not allow the recipients of these funds to refer for abortion, could it something as that? If we were given the latitude to make those kinds of decisions? Answer: I guess it could.

Rep. Niemeier mentioned line 12 and feels we are really under that jurisdiction.

VOTE: 3 - 9 - 1 Motion Failed.

Rep. Pollert moved a DO PASS and place on the Consent Calendar, second by Rep. Porter.

VOTE: 9 - 3 - 1 Rep. Weisz will carry the bill.

**HOUSE HUMAN SERVICES COMMITTEE
HCR3038
FEBRUARY 11, 2003**

Madame Chair and members of the committee, my name is Amy Warnke, State Representative from District 42 in Grand Forks.

HCR 3038 comes to you because of earlier discussions regarding the Title X funding. This resolution, although not as strong as HB 1467, is meant to send the message to Congress that states should be afforded flexibility in how we spend our health care dollars.

It is basic and to the point. This issue has been dealt with at length already and so I will not go through the details of the requirements of Title X, but I would be happy to attempt to answer any questions if there are any.

Thank you Madame Chair.

**SENATE HUMAN SERVICES COMMITTEE
SENATOR JUDY LEE, CHAIRMAN
MARCH 19, 2003
HCR 3038**

Madame Chair and members of the committee, for your record, my name is Amy Warnke, State Representative from District 42. I appear before you today in support of HCR 3038.

Basically, this resolution came about as a direct result of HB 1467, which failed to pass the House in the first half. That bill would have required the state of North Dakota to refuse federal Title X funds. Title X funds are those which fund our public health units for things such as STD education, screening for breast and prostate cancer, infertility services, family planning services, etc. Under the federal guidelines, any state that accepts Title X funds must follow all tenets of the program, including services for pregnancy termination. Herein lies the controversial area of the Title X funding. The House felt that pregnancy termination services make up a very small part of the overall funding and use of the grant dollars and therefore, could not justify letting the entire grant go. We also discovered that if the state refuses to accept the funds, they would be available for a private entity to claim, such as the Red River Women's Clinic in Fargo, or Planned Parenthood. This was a risk that we, in the House, were unwilling to accept.

This resolution simply urges Congress to allow states flexibility in the use of Title X funds so that they conform to the policies of the accepting state.

I would be happy to answer any questions that I can.
