FISCAL NOTE
Requested by Legislative Council
12/16/2002

Bill/Resolution No.: SB 2049

1A. State fiscal effect: Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.

	2001-2003 Biennium		2003-2005 Biennium		2005-2007 Biennium

1B. County, city, and school district fiscal effect: Identify the fiscal effect on the appropriate political subdivision.

2. Narrative: Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.

While it is possible that a large number of nonresident waterfowl hunters could come to North Dakota after the two 10 day periods, early freezes and poor conditions will negatively impact this. It is expected that on an average and based on 2002 conditions, there would be a reduction of 3,000 nonresident hunters per year.

3. State fiscal effect detail: For information shown under state fiscal effect in 1A, please:

A. Revenues: Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.

A reduction in sales of 3,000 nonresident waterfowl licenses would result in a revenue decrease of about \$300,000.

B. Expenditures: Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.

C. Appropriations: Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.
